FIND THE FIBER.

It's not hard. Everything in these two pictures is loaded with fiber! Your go-to sources for this all-

important nutrient should look like this stuff: fresh whole fruits and veggies,

beans, nuts, and grain products that are whole (like brown rice, corn, and quinoa) or processed grain foods (like bread, cereal, and pasta) that are made with at least 50% whole grains. Try to get

most of your fiber where it occurs naturally, rather than from highly

processed foods that include fiber as an added ingredient so they can be sold as "high fiber."

EAT BETTER. PLAY HARDER. LIVE HEALTHIER. LEARN EASIER.

STRANGE BUT TRUE!

WATER BIRDS LIKE GEESE AND SWANS MAY GLIDE PEACEFULLY ON THE WATER AND WADDLE COMICALLY ON LAND, BUT IN THE AIR THEY TAKE IT TO A WHOLE DIFFERENT LEVEL. THEY SOMETIMES MIGRATE AT 25,000 FEET IN THE AIR - THAT'S MORE THAN FOUR MILES HIGH!

Feast o' Fiber!

Lots of the foods we eat on Thanksgiving are good fiber sources, including all of the ones listed below. Find and color all of the letters in these "fiber foods," and then unscramble the leftover letters to learn the name of one Turkey Day favorite that contains no fiber.

Broccoli Carrots Pumpkin Pie
Sweet Potatoes Cranberry Sauce

ANSWER: _____

Even though this favorite food doesn't have any fiber, it's still a nutritious source of high quality protein that's relatively low in fat and calories compared to many other protein foods! Enjoy it along with generous portions of the higher-fiber stuff!

★ **OUR NATION'S HISTORY** ★

During World War I, 25% of Americans drafted into the Army couldn't read or write. So a group of educators helped found American Education Week in 1921, to bring attention to the need for public education and to salute the dedicated teachers who help our kids learn. Please remember to thank your teachers during this year's American Education Week, November 18-22.
