

RANDOLPH COUNTY SCHOOL SYSTEM

INFORMATION TECHNOLOGY DEPARTMENT GUEST AND VENDER NETWORK ACCESS FORM

This form is for Non-Student/Non-Staff individuals
Guest Access and Usage Agreement Form

The Randolph County School System (RCSS) welcomes anyone whose intentions it is to better the lives and education of our students. In this effort we have created policies regarding the use of portable devices and other electronic equipment not belonging to the RCSS on the RCSS network.

Using the RCSS network is a privilege. As with all privileges, it is the responsibility of the user to use this service appropriately and in compliance with all school board policies and procedures, Georgia State law, and Federal laws.

The use of excessive bandwidth, reproduction of copyrighted materials, and attempts to circumvent or defeat mechanisms put in place by the RCSS staff to manage the network is strictly forbidden and will result in the termination of network services.

The RCSS assumes no responsibility for costs associated with loss or damage to devices not owned by RCSS on the RCSS network. The RCSS staff can provide support in aspects of network connectivity and access of RCSS network resources. Backing up data and ensuring the security of network devices is the sole responsibility of the owner.

The RCSS has the right to rescind privileges and or change this policy in the future.

Please sign below to acknowledge that you have read, understand, and agree to adhere to these policies.

Guest printed name: _____

Reason for Access: _____

Email Address: _____

Signature: _____ Date: _____

Time Period Requested: Start Date: _____ End Date: _____

A temporary username and password will be emailed to you or provided to you at the time of your arrival on campus.
