**\*\*Teaching good study and organizational skills will be an important part of our school year. Developing these skills will ensure success and enjoyment of school! Students will participate in an organizational and study skills workshop on the first day of school, at which time teachers will help each student organize his/her notebook and supplies. We want every child to have the opportunity to take full advantage of this time. Therefore, it is very important that each child have all the needed supplies on the first day of school. Thank you for your help! We are looking forward to a wonderful year.**
