ONLINE FREE AND REDUCED MEAL APPLICATION

Dear Parent/Guardian,

You can now apply online for your high school student(s) to receive free or reduced priced school meals. Your application will be sent from a secure website directly to Rappahannock County High School so you will not need to fill out the paper form. It is not necessary to apply for elementary school students to receive free or reduced priced school meals. All elementary school students are free through CEP for the 2023-24 school year.

Please visit www.LunchApplication.com where the process is designed to make it easy by collecting only the information that is needed. Once your application has been received, the school board office will determine your child(ren)'s eligibility and will send you a letter with the results.

The online application is an easy, secure, and convenient way to apply for free or reduced priced meals. To apply, simply go to www.LunchApplication.com and Click Apply Now.
