INDEPENDENT AUDITOR'S REPORT

The Board of Directors Harney County School District No. 3 Burns, Harney County, Oregon

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harney County School District No. 3, Burns, Oregon (the district), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the district's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the county as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the district and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The district's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the district's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the district's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the district's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the district's 2022 financial statements of the governmental activities, each major fund, and the aggregate remaining fund information and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 22, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022, is consistent, in all material respects.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States

of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The schedules of PERS proportionate share of net pension liability and PERS contributions, schedules of RHIA proportionate share of Net OPEB liability and RHIA contributions, schedules of changes in OEBB total OPEB liability and OEBB contributions, and budget to actual schedule for the General Fund and Special Revenues Fund as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the district's basic financial statements. The accompanying budgetary comparison information, the supplementary schedules as listed in the table of contents, and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Regulation (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison information, the supplementary schedules as listed in the table of contents, and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Regulation (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information, the supplementary schedules as listed in the table of contents, and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Regulation (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 18, 2023, on our consideration of the district's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part

of an audit performed in accordance with *Government Auditing Standards* in considering the district's internal control over financial reporting and compliance.

Other Reporting Required by Oregon Minimum Standards

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 18, 2023, on our consideration of the district's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

amy K. Walker

For Solutions, CPAs PC John Day, Oregon December 18, 2023

For the Year Ended June 30, 2023

As management of Harney County School District No. 3 (the district), we offer readers of the district's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- Reported in the government-wide financial statements on June 30, 2023, the district's assets exceeded its liabilities by \$3,498,437. This is primarily due to the increase in capital assets of \$74,240, increases in prepaid expenses of \$329,321 and a decrease in total liabilities by \$814,815.
- The district's net investment in capital assets totaled \$3,472,789.
- The district's total net position increased by \$1,495,310. Revenues increased by \$1,117,441 and expenditures increased by \$783,930.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The district's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the district's finances, in a manner similar to a private-sector business. These statements include:

The Statement of Net Position: The Statement of Net Position presents information on all of the assets and liabilities of the district at year end. Net Position is the difference remaining after liabilities have been paid or otherwise satisfied. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the district is improving or deteriorating.

The Statement of Activities: The Statement of Activities presents information showing how net position of the district has changed during the year by reporting revenues, expenses, and other transactions that either increase or reduce net position. All changes in net position are recorded as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses reported in this statement for some items result in cash flows into future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

In the government-wide financial statements, the district's activities are shown in one category:

Governmental activities: Most of the District's basic functions are shown here, such as regular and special education, child nutrition services, transportation, administration, facilities acquisition, and construction. These activities are primarily financed through property tax revenues, Oregon State School Fund, and other intergovernmental revenues.

The government-wide financial statements can be found on pages 14 through 16 of this report.

For the Year Ended June 30, 2023

Fund Financial Statements: The fund financial statements provide more detailed information about the district's funds, focusing on its most significant or "major" funds – not the district as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The district, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the district are considered governmental funds.

The governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the district's near-term financing decisions. Both the governmental fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances are reconciled to the government-wide Statements of Net Position and Activities.

The district maintains three major individual governmental funds and one nonmajor fund. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Special Revenue Fund, and Debt Service Fund, all of which are considered to be major funds. The basic governmental funds financial statements can be found on pages 17 through 23 of this report. The Capital Projects Fund is the only nonmajor fund, so its information is also presented separately within the governmental fund's financial statements.

Notes to Basic Financial Statements: The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 24 through 52 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the General Fund and Special Revenues Fund. Required supplementary information can be found on pages 55 through 62 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a District's financial position. In the case of the district, assets exceed liabilities by \$3,498,437 on June 30, 2023. As mentioned previously, the district carries significant debt through the General Obligation and Pension bonds. With the advent of GASB Statement No. 68, prepaid pension contributions are not recognized. The district's proportionate share of the net pension liability was zero percent due to the significant side account invested at PERS on the District's behalf.

For the Year Ended June 30, 2023

Assets

Capital assets consist of the district's land, buildings, building improvements, vehicles, and equipment, which represent approximately 39.73% of total assets. For the year ended June 30, 2023, significant investments in capital assets included enhanced audio and visual upgrades to all classrooms and a new 77 passenger bus. The remaining assets consist mainly of investments, cash, grants receivable, and property taxes receivable.

Liabilities

The district's largest liability consists of two PERS Bond issues (2002 and 2003). The bonds were sold to finance the PERS unfunded actuarial liability (UAL). On June 30, 2023, the bonds totaled \$5,405,000.

In addition, the district has a 2006 General Obligation Bond, which was issued to finance capital construction and improvements. The bonds were refunded in 2018 with an estimated savings of \$128,300. The principal balance totaled \$545,209 and matures in 2026.

The district's liabilities also include loans and leases related to the purchase or use of assets such as buses, copiers, and other equipment.

A liability is also reported to reflect the implicit rate subsidy for the district's retiree health insurance. The implicit rate subsidy is produced by State Statute that requires the district to offer health insurance to retirees at the lower rate paid for current employees until the retiree turns 65 years of age. In an open, private market, retirees would pay higher premiums to cover increased healthcare costs related to their age. The lower rates enjoyed by the district's retirees creates a net OPEB liability that the district is required to record on its financial statements. Further information can be found in Notes 17 and 18 in the notes to the financial statements.

For the Year Ended June 30, 2023

Condensed Statement of Net Position June 30, 2023

| | Governmental Activities | | | | | | |
|---|-------------------------|------------|--------|-------------|----|-------------|--|
| | 2023 | | | 2022 | | Difference | |
| Current and other assets | \$ | 6,803,191 | \$ | 5,924,845 | \$ | 878,346 | |
| Capital assets, net of accumulated depreciation | | 4,484,776 | | 4,410,536 | _ | 74,240 | |
| Total assets | | 11,287,967 | | 10,335,381 | | 952,586 | |
| Deferred outflows of resources | | 113,160 | | 190,811 | | (77,651) | |
| Total deferred outflows of resources | | 113,160 | | 190,811 | | (77,651) | |
| Current liabilities | | 1,942,332 | | 1,362,878 | | 579,454 | |
| Long-term debt | | 5,539,151 | | 6,933,420 | | (1,394,269) | |
| Total liabilities | | 7,481,483 | | 8,296,298 | | (814,815) | |
| Deferred inflows of resources | | 421,207 | | 640,862 | | (219,655) | |
| Total deferred inflows of resources | | 421,207 | | 640,862 | | (219,655) | |
| Net position | | | | | | | |
| Net investment in capital assets | | 3,472,789 | | 3,138,605 | | 334,184 | |
| Restricted for special programs | 353,981 339,270 | | 14,711 | | | | |
| Restricted for debt service | | 92,027 | | 66,742 | | 25,285 | |
| Restricted for capital projects | | 353,898 | | 434,836 | | (80,938) | |
| Unrestricted | | (774,258) | | (2,390,422) | | 1,616,164 | |
| Total net position | \$ | 3,498,437 | \$ | 1,589,031 | \$ | 1,909,406 | |

The district's net position of \$3,498,437 is partially due to increases of current assets, including cash and short-term receivables, of \$878,346 and increases of assets, net of accumulated depreciation and amortization of \$74,240. Long-term debt was also reduced by \$1,394,269 because of principal payments made during 2023. Net investments in capital assets make up the largest portion of district equity. The district uses these capital assets to provide services to students, staff, and other District residents; consequently, these assets are not available for future spending.

For the Year Ended June 30, 2023

| Net Position - June 30 | \$ 3,498,437 | \$ 1,589,031 | \$ 1,909,406 | | |

For the year ended June 30, 2023, revenues increased \$1,100,169 from the previous year. The largest source of revenue is from the State school fund, which decreased by \$266,087 compared to the prior year, mainly due to increased enrollment. The district also receives a significant amount of revenues related to property taxes collected through the county.

Expenses increased by \$783,931 compared to the prior year. The main expenditure for the district is related to instruction costs of \$7,666,590 and support services of \$5,372,724.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds: The focus of the district's governmental funds is to provide information on relatively short-term cash flow and funding for future basic services. In particular, unassigned fund balance may serve as a useful measure of a District's net resources available for spending at the end of a fiscal year.

For the Year Ended June 30, 2023

<u>General Fund</u>: The General Fund is the primary operating fund of the district. As of June 30, 2023, unassigned budget basis fund balance was \$4,865,190. As a measure of the fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. The fund balance represents approximately 50.8% of total General Fund expenditures (not including transfers).

The General Fund reported \$2,215,527 in tax revenue compared to \$2,104,182 in the prior year, which is an increase of \$111,345 attributable to increased collection rates at the county and assessed property values in the taxing district. Total revenue increased from \$9,726,104 in 2022 to \$10,297,884 in 2023.

Salaries and insurance benefits were increased for both certified and classified staff as a result of bargaining with both groups.

Special Revenue Fund: Special Revenue Funds are designated for specific programs and are primarily funded from federal and state grants, state contract, food service grants, student-athlete participation fees and elementary student body fund raising. The Special Revenue Fund has a restricted fund balance totaling \$353,981 with the majority comprised of the Student Body Funds.

Debt Service Fund: The Debt Service Fund has a fund balance of \$92,027, which is restricted for the payment of debt. This fund accounts for the payment of the District's PERS UAL bonds and payment of its General Obligation Bond issued in 2006.

Capital Projects Fund: The Capital Projects Fund is designated for District capital purchases and/or improvements to buildings and has a fund balance of \$353,898 on June 30, 2023. The entire balance is assigned for the purpose of providing funds for capital projects.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund Budget is primarily supported by property tax revenues and state resources allocated through the State School Fund. For the year ended June 30, 2023, state sourced funding provided 69.6% of the district's program resources for the General Fund. Revenues were over budget by \$703,434 and expenditures were under budget by \$2,090,186.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: The District's investment in capital assets includes land, building, and improvements, vehicles and equipment, and construction in progress. As of June 30, 2023, the District had invested \$4,484,776 in capital assets, net of accumulated depreciation. The district's net investment in capital assets increased by \$74,240.

Additional information on the district's capital assets can be found in Note 5 on pages 32 through 33 of this report.

Long-Term Debt: At the end of the current fiscal year, the district's bonded debt totaled \$5,950,209. Of this amount, the pension bonds totaled \$5,405,000, and the General Obligation bond balance totaled \$545,209. The bonds were refunded with approximate \$128,300 savings in 2018.

For the Year Ended June 30, 2023

Additional information on the district's long-term debt can be found in notes 6 through 11 on pages 33 through 36 and on pages 81 and 82 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Economic Factors and Next Year's Budget

The district's 2023-2024 budget is based on the approximate \$9.9 billion statewide education budget proposed by the governor for the 2023-2025 biennium. The total adopted budget includes expenditure appropriations of approximately \$19,633,379 and includes an ad valorem tax rate of 4.8662 per \$1,000 of assessed property value for a permanent tax rate subject to the education limitation and \$219,850 excluded from the limitation for debt service for general obligation bonds. The board approved \$935,884 as unappropriated ending fund balance.

The district's enrollment has leveled out and is holding into the 2023-2024 fiscal year. The district added a half-time Vice Principal at the Elementary school. The high school transitioned the Vice Principal position into a TOSA Dean of Students position.

This will be the last year of grant funding through ESSER, plans are to upgrade HVAC at the high school, purchase activity vehicles for transportation, retention bonuses, and a few other small projects, besides continuing to support student lost learning opportunities.

High School Success funding supports the CTE programs at the high school. CTE programs offered are welding, woodshop, horticulture, and health sciences. Funding is also used to promote higher graduation rates, school culture, and decrease dropout rates.

The district continues to utilize Student Success Act funding to provide two counselors, an elementary teacher, an additional SPED teacher, a district nurse, a part-time parent coordinator, and a half-time AVID coordinator. After school programs are also highlighted as an opportunity for students to grow academically and socially. The district continues to widely support the continuation of the AVID program for the entire school community.

REQUESTS FOR INFORMATION

This financial report is designed to present the user (citizens, taxpayers, investors, and creditors) a general overview of the district's finances as well as demonstrate the district's accountability. Questions concerning any of the information provided in this report or requests for additional information can be obtained by calling the district's business office at (541) 573-6811 or by sending a written request to: Harney County School District No. 3, Business Office 190 Hines Blvd; Burns, OR 97720.

BASIC FINANCIAL STATEMENTS

HARNEY COUNTY SCHOOL DISTRICT NO. 3 Burns, Harney County, Oregon RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2023

| Net Change in Fund Balance | | \$ 324,995 |
|---|----------------------|-----------------|
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Governmental funds report capital outlay as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation or amortization expense: | | |
| Expenditures for capital assets \$ Less current year depreciation and amortization | 519,550 (473,930) | 45,620 |
| Difference between current year PERS contributions that will be recognized as an expense in the subsequent period and prior year PERS contributions recognized in the current year. | | (3,645) |
| Changes in net pension/OPEB liability and related deferred outflows and inflows are not recognized in the current year in the governmental funds. | | 80,705 |
| Long-term debt payments are reported as debt service expenditures in governmental funds. In the Statement of Net Position, however, payment on long-term debt decreases liabilities: Principal payments on long-term debt \$ | 827,244 | |
| Principal payments on leases payable | 102,007 | 929,251 |
| Governmental funds report the effect of issuance costs, premiums, and discounts when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences: | | |
| Amortization of discount on bonds payable | | (281) |
| In the Statement of Activities income is recorded for the disposal of an asset whereas the general fund did not recognize with no affect on cash. | | (98,325) |
| Property taxes that do not meet the measurable and available criteria are not recognized as revenue in the current year in the governmental funds. In the Statement of Activities property taxes are recognized as revenue when | | |
| levied. | | 216,990 |
| Change in Net Position | | \$ 1,495,310 |

Note 1. Summary of Significant Accounting Policies

On November 8, 1988, the voters of Burns Union High School District No. 2 voted to extend the course of study to include kindergarten through grade 12. As a result, Elementary School Districts No. 1 and No. 30 merged with Burns Union High School District No. 2 to form Harney County School District No. 3 effective July 1, 1989. The administration of Harney County School District No. 3 (the district) is vested in a five-member board of directors, a district superintendent, and a business manager.

The accounting policies of the district conform to accounting principles generally accepted in the United States of America, as applicable to governmental units.

The following summary of significant accounting policies is presented to assist the reader in evaluating the district's financial statements.

A. <u>Reporting Entity</u>

A five-member board of directors exercises governance responsibilities over all entities related to public elementary and secondary school education within the jurisdiction of the district as set by the state of Oregon. The board receives funding from local, state, and federal sources. However, the district is not included in any other governmental reporting entity as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards. Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters.

In evaluating how to define the district for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the primary government's financial accountability. The criteria used to determine financial accountability include whether the primary government appoints a voting majority, the primary government can impose its will on the component unit, whether there is financial benefit or burden on the primary government, and if the component unit has a fiscal dependency on the primary government. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the district is financially accountable. No other entities met requirements for inclusion in the district.

B. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the district. These statements include the governmental financial activities of the overall district, except fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities are financed primarily through property taxes, intergovernmental revenues, and charges for services.

The Statement of Activities presents a comparison between direct expenses and program revenues for each of its functions/programs. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to that function. Eliminations have been made to minimize the double counting of internal activities in the Statement of Activities. Program revenues include: (1) charges to students or other for tuition, fees, rentals, material, supplies, or services provided and (2) operating grants and contributions. Revenues that are not classified as program revenues, including property taxes and state support, are presented as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Net position is reported as restricted when constraints placed on net position use are either externally restricted, imposed by creditors (such as through grantors, contributors, or laws) or through constitutional provisions or enabling resolutions.

Fund Financial Statements

The fund financial statements provide information about the district's funds including those of a fiduciary nature. Separate statements for each fund category – governmental and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

The district reports the following major governmental funds:

General Fund - The General Fund is the primary operating fund of the district. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Fund - This fund accounts for revenues and expenses of grants restricted for specific purposes. Principal revenue sources are state and federal grants.

Debt Service Fund – The district has elected to treat the Debt Service Fund as a major fund. The fund provides for the receipt of debt proceeds and the payment of principal and interest on bonded debt.

C. Measurement Focus and Basis of Accounting

Government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the district receives value without giving equal value in exchange, include property taxes, grants, entitlements and donations. On the accrual basis of accounting revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Under terms of grant agreements, the district funds

certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the district's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (when they are measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The district considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when the obligations are expected to be liquidated with expendable available financial resources. Property taxes, interest and special assessments are susceptible to accrual. Other receipts and taxes become measurable and available when the cash is received by the government and are recognized as revenue at that time. Entitlements and shared revenues are recorded at the time of receipt or earlier if the "susceptible to accrual" criteria are met. Expenditure-driven grants are recognized as revenue when the gualifying expenditures have been incurred and all other grant requirements have been met. Capital asset acquisitions are reported as expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under leases are reported as other financing sources.

D. Budgets and Budgetary Accounting

A budget is prepared for each district fund in accordance with the modified accrual basis of accounting and legal requirements set forth in the Oregon local budget law. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Total instruction, support services, inter-agency fund transactions, contingencies, and debt service by fund are the levels of control. The detail budget document, however, is required to contain more specific, detailed information for the above-mentioned expenditure categories. Appropriations lapse at June 30.

Unexpected additional resources may be added to the budget by a supplemental budget and appropriations resolution. A supplemental budget may require hearings before the public, publications in newspapers, and approval by the board of directors. Original and supplemental budgets may be modified by using appropriations transfers between the levels of control. Such transfers require approval by the board of directors. The budget for the General Fund and special revenue funds includes capital outlay expenditures in each program for capital outlay applicable to that program.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is used in governmental funds. Encumbrances

outstanding at the year-end are reported as accounts payable and constitute expenditures and liabilities of the present year.

E. <u>Deposits and Investments</u>

The district's cash and cash equivalents are considered cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. All short-term cash surpluses are maintained in savings accounts and the Oregon State Treasury Local Government Investment Pool and allocated to each fund based on the excess cash each fund has deposited.

Oregon statutes and local ordinances authorize the district to invest (short-term and longterm) in certificates of deposit (considered investments for risk categorization purposes), certain bond obligations of civil subdivisions, general obligations of the United States, U.S. agency issues, general obligations of the states of Oregon, Washington, Idaho and California, certain interest bearing bonds of a county, port or school district, certain interest bearing bonds on any city in the state of Oregon, life insurance and annuity contracts, pooled deferred compensation trusts, banker's acceptances, and certain corporate bonds. All investments are stated at cost, which approximates market value.

F. <u>Receivables and Payables</u>

The district levies taxes on a fiscal year from July 1 to June 30. The current levy becomes a lien on July 1. Taxes are due November 15 and become delinquent May 15. Foreclosure is started three years after taxes become delinquent. The district turns all tax collection duties over to Harney County, Oregon.

Uncollected property taxes are recorded on the Statement of Net position. Uncollected taxes are deemed to be substantially collected or recoverable through liens; therefore, no allowance for uncollectible taxes has been established. All property taxes receivable are due from property owners within the district.

G. Inventory

Inventories of supplies are charged to expenditures when purchased. The items in inventory remain at a relatively constant level and the amount is not material. No physical inventory of supplies was taken during the year.

H. Capital Assets

Capital assets are recorded at original or estimated original cost. Donated capital assets are recorded at their estimated fair market value on the date donated. The district defines capital assets as assets with an initial cost of more than \$5,000 and an estimated life in excess of one year. The cost of normal maintenance and repairs that do not add value to the asset or materially extend assets lives are not capitalized. Capital assets are depreciated using the straight-line method over the following useful lives:

| Land improvements | 10 to 20 years |
|----------------------------|----------------|
| Buildings and improvements | 10 to 50 years |
| Equipment | 5 to 15 years |

I. Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Amounts

No provision is made for accumulated unpaid vacation, sick pay, and other employee benefits. The district's vacation policy varies by employee classification. A liability for accumulated sick pay does exist; however, it is not able to be estimated. Each employee may accumulate sick leave and carry it over to the succeeding year. In a year when sick leave is used, the teacher is paid the regular contract salary during the absence to the extent of sick leave earned. Substitutes must be hired by the district. When a teacher becomes employed by another district, the accumulated sick leave is transferred to that district.

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The district has one item that qualifies for reporting in this category. It is the deferred amounts relating to pensions/OPEB. This amount is deferred and recognized as an outflow of resources in the period when the district recognizes pension expense/expenditures. Deferred outflows are included in the government-wide Statement of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The district has two items that qualify for reporting in this category. Unavailable revenue from property taxes is reported in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that amount becomes available. The district also reports deferred amounts related to pensions/OPEB. This amount is deferred and recognized as an inflow of resources in the period when the county recognizes pension income. Deferred inflows are included in the government-wide Statement of Net Position.

K. Use of Estimates

The preparation of basic financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the basic financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L. Rounding

The district's financial statements, notes to the financial statements, and related tables and schedules display dollar amounts rounded to the nearest whole dollar. To improve communication among preparers, reviewers, and auditors during the preparation process, and to avoid excessive workload associated with the resolution of rounding errors, small differences may exist, and totals may not add. These differences have been reviewed and deemed trivial enough so as to not impact the reader's experience.

M. Long-term Debt

In the government-wide financial statements long-term debt is reported as a liability in the Statement of Net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements bond premiums and discounts, as well as bond issuance costs, are recognized when incurred and not deferred. The face amount of the debt issued, premiums received on debt issuances, and discounts are reported as other financing sources and uses. Issuance costs, whether withheld from the actual debt proceeds received or not, are reported as debt service expenditures.

N. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oregon Public Employees Retirement System (PERS) and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Other Post-Employment Benefits (OPEB)

PERS – Retirement Health Insurance Account

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Oregon Public Employees Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Health Insurance Implicit Rate Subsidy

For purposes of measuring the OPEB liability, deferred outflows of resources and deferred inflows of resources to OPEB, and OPEB expense, the district has relied on actuarial reports. The district allows retired employees to purchase health insurance at the same rates as active employees. The related expense is recognized as the district pays premiums or when claims are paid to health providers, depending on which insurance plan the retirees participate in.

P. Prior Period Comparative Data

The basic financial statements include certain prior year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the district's financial statements for the year ended June 30,

2022, from which the summarized information was derived.

Q. Fund Balances

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Nonspendable fund balance is the portion of net resources that cannot be spent because they are either (a) in a nonspendable form or (b) legally or contractually required to be maintained intact. Fund balance is reported as restricted when the constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the board of directors passes an ordinance or resolution that places specific constraints on how the resources may be used. The board action that imposed the limitation would need to occur no later than the close of the reporting period. The board of directors can modify or rescind the legislative action at any time through passage of an additional ordinance or resolution.

The net resources that are constrained by the district's intent to use them are reported as assigned fund balance. Intent is expressed when the board of directors approves which resources should be set aside for specific purposes during the adoption of the annual budget. The board of directors and business manager use that information to determine whether those resources should be classified as assigned in the district's financial statements. Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund.

The district applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 2. Deposits and Investments

At June 30, 2023 the carrying amount of the district's deposits was \$(37,514) and the bank balance was \$187,009. The district maintains depository relationships with area financial institutions that are Federal Depository Insurance Corporation (FDIC) insured institutions. The insurance and collateral requirements for deposits are established by banking regulations and Oregon law. FDIC insurance of \$250,000 applies to the deposits in each depository. Where balances continually exceed \$250,000, ORS 295 requires the depositor to verify that deposit accounts are only maintained at financial institutions on the list of qualified depositories found on the state treasurer's Oregon Public Funds Collateralization Program (PFCP) web site.

Oregon Revised Statute Chapter 295 requires all Oregon bank depositories holding public fund deposits to maintain securities totaling a value not less than 110 percent of the greater of:

- a. All public funds held by the bank depository; or
- b. The average of the balances of public funds held by the bank depository, as shown on the last four immediately preceding treasurer reports.

Custodial credit risk is the risk that in the event of a financial institution failure, the district's deposits may not be returned to it. The district does not have a policy for custodial credit risk. However, the balances in excess of the FDIC insurance are considered collateralized by PFCP. As of June 30, 2023 the district had no balances exposed to custodial credit risk.

As of June 30, 2023 the district had the following investments:

| Investment | Maturities | F | air Value |
|--|------------|----|-----------|
| Local government investment pool | Varies | \$ | 5,306,407 |
| Wells Fargo investments in federal obligations | Varies | | 4,003 |
| Total | | \$ | 5,310,410 |

The district's position in the pool is stated at cost which approximates fair value.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The district has no policy for managing interest rate or credit risk. Investments by the district held in the Local Government Investment Pool are not rated. Investments with Wells Fargo are rated AAA/Aa1 by Standard and Poor's and Moody's respectively.

The Oregon Short Term Fund is the LGIP for local governments and was established by the Oregon State Treasurer. It was created to meet the financial and administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short Term Fund Board and approved by the Oregon Investment Council.

Reconciliation to financial statements:

| Governmental cash Governmental investments | \$ (37,514) 5,310,410 |
|---|-----------------------------|
| Total cash and investments | \$ 5,272,896 |
| | |
| Cash carrying amount | \$ (37,514) |
| Investments carrying amount | 5,310,410 |
| Total cash and investments | \$ 5,272,896 |
Note 3. Receivables

Receivables are comprised of the following as of June 30, 2023:

| Property Taxes | \$ 353,975 |
|----------------|-----------------|
| Grants | 845,597 |
| Total | \$ 1,199,572 |

Note 4. Interfund Transfers

Transfers between funds provide support for various district programs in accordance with budgetary authorizations. A transfer of \$351,139 was made from the General Fund to Special Revenues Funds to assist in supporting the district's athletic programs and food service activities. The detail of interfund transfers for the fiscal year ended June 30, 2023 is as follows:

| Transfer To | Transfer From | | Amount | | |
|-----------------------|---------------|------------|---------|--|--|
| Special Revenue Funds | General Fund | \$ 351,139 | | | |
| Total Transfers | | \$ | 351,139 | | |

Note 5. Changes in Capital Assets

The following is a summary of changes in capital assets:

| | Balance | | | | | |
|---------------------------------------|---------|-------------|----|------------------|-------------|---------------|
| Capital assets | Ju | ne 30, 2022 | A | Additions | Deletions | June 30, 2023 |

| Total depreciation | \$ 473,930 |

Note 6. Changes in Long-Term Debt

The following represents changes in long-term liabilities. Current requirements for principal and interest expenditures for bonds are accounted for in the Debt Service Fund. Principal and interest expenditures for the other long-term liabilities are accounted for in the General Fund.

| | Balance _June 30, 2022_ | Issued/ Matured | Retired/ Paid | Balance June 30, 2023 | Due in one year |
|---|----------------------------|--------------------|------------------|--------------------------|--------------------|
| PERS UAL bonds payable | \$ 5,947,364 | \$- | \$ 542,364 | \$ 5,405,000 | \$ 565,148 |
| General obligation bonds - 2018 Refinance | 753,603 | - | 208,394 | 545,209 | 738,418 |
| BHS LED football field lighting loan | 76,487 | - | 76,487 | - | - |
| Santander Bus #18 Loan | 66,766 | - | 21,784 | 44,982 | 23,219 |
| Santander Bus #23 Loan | - | 126,944 | 27,718 | 99,226 | 28,312 |
| Leases payable | 375,076 | - | 52,506 | 322,570 | 52,506 |
| Total long-term debt | \$ 7,219,296 | \$ 126,944 | \$ 929,253 | \$ 6,416,987 | \$ 1,407,603 |

Interest expense of \$728,866 on long-term debt has been included in the direct expense of individual functions on the government-wide Statement of Activities. Authorization for general long-term debt is specific to a particular purpose; thus, an objective connection can be made to a specific program. All interest on long-term debt is reported as a direct expense of the programs for which borrowing is related.

Note 7. PERS UAL Bonds Payable

On October 9, 2003, the district issued \$4,551,352 in limited tax pension bonds to finance the unfunded pension liability to the Oregon Public Employees Retirement System. These bonds have interest rates that range from 2.06 to 5.55 percent. Interest payments are to be made semiannually on June 30 and December 30. Principal payments are to be made on June 30 of each year. Debt service is financed by a self-imposed pension expense based on a percentage of payroll costs. The debt service requirements to maturity on June 30, 2028, are as follows:

June 30, 2023

| Fiscal Year | | | | | | |
|-------------|--------------|------------|--------------|--|--|--|
| Ended | Principal | Interest | Payments | | | |
| 2024 | \$ 435,000 | \$ 130,148 | \$ 565,148 | | | |
| 2025 | 485,000 | 106,005 | 591,005 | | | |
| 2026 | 545,000 | 79,088 | 624,088 | | | |
| 2027 | 600,000 | 48,840 | 648,840 | | | |
| 2028 | 280,000 | 15,540 | 295,540 | | | |
| | \$ 2,345,000 | \$ 379,621 | \$ 2,724,621 | | | |

On April 3, 2003, the district issued \$5,743,750 in limited tax pension bonds to finance the unfunded pension liability to the Oregon Public Employees Retirement System. These bonds have interest rates that range from 1.50 to 5.68 percent. Interest payments are to be made semiannually on June 30 and December 30. Principal payments are to be made on June 30 of each year. Debt service is financed by a self-imposed pension expense based on a percentage of payroll costs. The debt service requirements to maturity on June 30, 2028, are as follows:

| Fiscal Year | | | | | | |
|-------------|--------------|------------|--------------|--|--|--|
| Ended | Principal | Interest | Payments | | | |
| 2024 | \$ 565,000 | \$ 173,418 | \$ 738,418 | | | |
| 2025 | 635,000 | 141,716 | 776,716 | | | |
| 2026 | 705,000 | 105,648 | 810,648 | | | |
| 2027 | 785,000 | 65,604 | 850,604 | | | |
| 2028 | 370,000 | 21,006 | 391,006 | | | |
| TOTAL | \$ 3,060,000 | \$ 507,392 | \$ 3,567,392 | | | |

Note 8. General Obligation Bond Payable

On January 25, 2006, the district issued \$2,700,000 in general obligation bonds to finance capital construction and improvements. These bonds were refunded in fiscal year 2018.

In fiscal year ended June 30, 2018, the district issued \$1,712,830 in General Obligation Refunding Bonds. These bonds include an interest rate of 2.24%. Interest payments are to be made semiannually on June 15 and December 15. Principal payments are due in June with regularly schedule interest payments. The estimated savings attributable to the refunding is approximately \$128,300. The debt service requirements to maturity on June 15, 2026, is as follows:

June 30, 2023

| Fiscal Year | | | | | | |
|-------------|----|-----------|----------|---------|----|---------|
| Ended | F | Principal | <u> </u> | nterest | Pa | ayments |
| 2024 | \$ | 214,987 | \$ | 12,213 | \$ | 227,200 |
| 2025 | | 226,303 | | 7,397 | | 233,700 |
| 2026 | | 103,919 | | 2,328 | | 106,247 |
| TOTAL | \$ | 545,209 | \$ | 21,938 | \$ | 567,147 |

Note 9. BHS LED Football Field Lighting Loan

On August 6th, 2018, the district entered into a loan agreement with Shane Group Capital, LLC to finance the football field LED lighting project. The total amount of the loan is \$187,877 and bears annual interest at 3.5%. The loan includes a down payment requirement of \$14,877, and subsequent payments of \$27,780 annually beginning May 15, 2019, and ending May 15, 2025. During the fiscal year ended June 30, 2023, the district paid a total of \$76,487 for this loan and the loan was paid in full.

Note 10. Santander Bus #18 Loan

On August 15, 2020, the district entered into a lease with Santander Bank, N.A. to finance the purchase of a 2020 77 passenger bus. The total amount of the loan was \$111,107 and bears annual interest at 2.15%. The loan requires annual payments of \$23,219 beginning August 15, 2020 and ending August 15, 2024. At the end of the lease term the district will acquire legal title to the vehicle. Future minimum payments are as follows:

| Fiscal year | | | | | | | | |
|-------------|----|----------|----|--------|----------|--------|--|--|
| Ended | P | rincipal | In | terest | Payments | | | |
| 2024 | \$ | 22,252 | \$ | 967 | \$ | 23,219 | | |
| 2025 | | 22,730 | | 489 | | 23,219 | | |
| Total | \$ | 44,982 | \$ | 1,456 | \$ | 46,438 | | |

Note 11. Santander Bus #23 Loan

On December 14, 2022, the district entered into a lease with Santander Bank, N.A. to finance the purchase of a 2023 77 passenger bus. The total amount of the loan was \$126,944 and bears annual interest at 5.505%. The loan requires annual payments of \$28,312 beginning January 15, 2023 and ending August 15, 2027. At the end of the lease term the district will acquire legal title to the vehicle. Future minimum payments are as follows:

June 30, 2023

| Fiscal year | | | | | | | | |
|-------------|--------|----------|----|---------|----------|---------|--|--|
| Ended | P | rincipal | ıI | nterest | Payments | | | |
| 2024 | \$ | 22,850 | \$ | 5,462 | \$ | 28,312 | | |
| 2025 | | 24,108 | | 4,204 | | 28,312 | | |
| 2026 | | 25,435 | | 2,877 | | 28,312 | | |
| 2027 | 26,834 | | | 1,478 | | 28,312 | | |
| TOTAL | \$ | 99,226 | \$ | 14,022 | \$ | 113,248 | | |

Note 12. Right to Use Assets

The following is a summary of the right to use leased assets:

| Balance June 30, 2022 | Role | Lease Type | oss Asset Balance | umulated ortization | Net A Bala | | Amo | urrent ortization opense |
|--|--------|------------|--------------------------|----------------------------|---------------|------|-----|--------------------------------|

| Total | \$ | 375,076 | \$ | | \$ 52,506 | \$ 3 | 322,570 | \$ 59,072 |

On May 17, 2018, the district entered into a lease with Kelley Imaging Systems for four Toshiba e-Studio series copy machines. The lease requires 60 monthly payments of \$1,310 through July 2023. At the end of the lease term the district has the option to continue to rent the equipment on a month-to-month basis. Implicit interest was calculated at 3.25% using the federal prime lending rate for July 2021.

During the fiscal year ended June 30, 2023, the district paid a total of \$15,720 for this lease. Future minimum lease payments are as follows:

June 30, 2023

| Fiscal year | | | | | |
|-------------|-----------|-----|-------|----|--------|
| Ended | Principal | Int | erest | Pa | yments |
| 2023 | \$ 15,405 | \$ | 315 | \$ | 15,720 |
| 2024 | 1,306 | | 4 | | 1,310 |
| Total | \$ 16,711 | \$ | 319 | \$ | 17,030 |
| | | | | | |

On August 27, 2018, the district entered into a lease with Kelley Imaging Systems for a Toshiba e-Studio series copy machine. The lease requires 60 monthly payments of \$365 through October 2023. At the end of the lease term the district has the option to continue to rent the equipment on a month-to-month basis. Implicit interest was calculated at 3.25% using the federal prime lending rate for July 2021.

During the fiscal year ended June 30, 2023, the district paid a total of \$4,380 for this lease.

Future minimum lease payments are as follows:

| Fiscal year | | | |
|-------------|-----------|----------|----------|
| Ended | Principal | Interest | Payments |
| 2023 | \$ 4,258 | \$ 122 | \$ 4,380 |
| 2024 | 1,450 | 10 | 1,460 |
| Total | \$ 5,708 | \$ 132 | \$ 5,840 |

On January 29, 2020, the district entered into a lease with Kelley Imaging Systems for a Toshiba e-Studio series copy machine. The lease requires 60 monthly payments of \$230 through February 2025. At the end of the lease term the district has the option to continue to rent the equipment on a month-to-month basis. Implicit interest was calculated at 3.25% using the federal prime lending rate for July 2021.

During the fiscal year ended June 30, 2023, the district paid a total of \$2,760 for this lease.

Future minimum lease payments are as follows:

| Fiscal year | | | |
|-------------|-----------|----------|----------|
| Ended | Principal | Interest | Payments |
| 2023 | \$ 2,569 | \$ 191 | \$ 2,760 |
| 2024 | 2,654 | 106 | 2,760 |
| 2025 | 1,818 | 22 | 1,840 |
| Total | \$ 7,041 | \$ 319 | \$ 7,360 |

On January 28, 2021, the district entered into a lease with Kelley Connect for a Toshiba e-Studio series copy machine. The lease requires 60 monthly payments of \$368 through January 2027. At the end of the lease term the district has the option to continue to rent the equipment on a month-to-month basis. Implicit interest was calculated at 3.25% using the federal prime lending rate for January 2022. During the fiscal year ended June 30, 2023, the district paid a total of \$4,416 for this lease.

June 30, 2023

Future minimum lease payments are as follows:

| Fiscal year Ended | Principal | Interest | Payments |
|----------------------|-----------|----------|-----------|
| 2023 | \$ 3,863 | \$ 553 | \$ 4,416 |
| 2024 | 3,990 | 426 | 4,416 |
| 2025 | 4,122 | 294 | 4,416 |
| 2026 | 4,258 | 158 | 4,416 |
| 2027 | 2,548 | 28 | 2,576 |
| Total | \$ 18,781 | \$ 1,459 | \$ 20,240 |

On June 9, 2021, the district entered into a lease with Fallow Properties, Inc. for office space. The lease requires monthly payments of \$2,650 through August 2026. For each succeeding year of the lease, an annual increase of 2% will be assessed. For renewal terms, the rent will be increased 2% of the previous year's rate. The lease will automatically renew for up to two additional three year periods extending the possible lease term through August 2032. Implicit interest was calculated at 1.10% using the applicable mid-term federal rates for July 2021.

During the year ended June 30, 2023, the district paid a total of \$32,330 for this lease.

Future minimum lease payments are as follows:

| Fiscal year | | | |
|-------------|-----------|-----------|------------|
| Ended | Principal | Interest | Payments |
| 2024 | \$ 27,565 | \$ 5,412 | \$ 32,977 |
| 2025 | 28,752 | 4,884 | 33,636 |
| 2026 | 29,976 | 4,333 | 34,309 |
| 2027 | 31,237 | 3,758 | 34,995 |
| 2028-2032 | 182,894 | 9,325 | 192,219 |
| Total | \$300,424 | \$ 27,712 | \$ 328,136 |

Note 14. Pension Plan

Name of pension plan

The Oregon Public Employees Retirement System consists of a single cost-sharing multiple employer defined benefit pension plan.

Description of benefit terms

Plan Benefits

All benefits of the System are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A.

A. PERS Pension Chapter 238 (Tier One/Tier Two Retirement Benefit). 1. Pension Benefits

The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members on or after August 29, 2003.

The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

2. Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- member was employed by a PERS employer at the time of death,
- member died within 120 days after termination of PERS-covered employment,
- member died as a result of injury sustained while employed in a PERS-covered job, or
- member was on an official leave of absence from a PERS-covered job at the time of death.

3. Disability Benefits

A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.

4. Benefit Changes After Retirement

Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments.

Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes. The cap on the COLA in fiscal year 2015 and beyond will vary based on the amount of the annual benefit.

B. OPSRP Pension Program (OPSRP DB)

1. Pension Benefits

The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003.

This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

• General service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

2. Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

3. Disability Benefits

A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

4. Benefit Changes After Retirement

Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. The cap on the COLA in fiscal year 2015 and beyond will vary based on the amount of the annual benefit.

C. OPSRP Individual Account Program (OPSRP IAP)

1. Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

2. Death Benefits

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

3. Recordkeeping

PERS contracts with VOYA Financial to maintain IAP participant records.

Contributions

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans.

Employer contribution rates during the period were based on the December 31, 2019, actuarial valuation. The rates based on a percentage of payroll, first became effective July 1, 2021. The state of Oregon and certain schools, community colleges, and political subdivisions have made lump sum unfunded actuarial liability payments to establish side accounts and their rates have been reduced.

Employer contributions for the year ended June 30, 2023 were \$235,579, excluding amounts to fund employer specific liabilities. The rates, presented as a percentage of covered payroll, for the district in effect for the fiscal year ended June 30, 2023 were:

| Rate Category | Normal Cost Rate | Combined UAL Rate | Net Rate |
|-----------------------|---------------------|----------------------|----------|
| PERS general service | 13.45% | 11.64% | 25.09% |
| OPSRP general service | 8.64% | 0.99% | 9.63% |

Pension Plan Annual Comprehensive Financial Report (ACFR)

Oregon PERS produces an independently audited ACFR which can be found at: https://www.oregon.gov/pers/Documents/Financials/ACFR/2022-Annual-Comprehensive-Financial-Report.pdf.

Actuarial Valuations

The employer contribution rates effective July 1, 2021, through June 30, 2023, were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities,

which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

| | 12/21/2020 |
|-----------------------------------|---|
| Valuation Date | 12/31/2020 |
| Measurement Date | 6/30/2022 |

Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. |

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2020 Experience Study which reviewed experience for the four-year period ending on December 31, 2020.

Long-term expected rate of return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. For more information on the Plan's portfolio, assumed asset allocation, and the long-term expected rate of return for each major asset class, calculated using both and geometric means, see PERS' audited financial arithmetic statements at https://www.oregon.gov/pers/Documents/Financials/ACFR/2022-Annual-Comprehensive-Financial-Report.pdf.

Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

The following presents the district's proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the district's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

| | 1% Decrease | | Discount Rate | | 1% Increase | |
|---|----------------|----|------------------|----|----------------|----|
| | 5.9 | 0% | 6.9 | 0% | 7.9 | 0% |
| District's proportionate share of the net pension liability (asset) | \$ | - | \$ | - | \$ | - |

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, as a result of side account adjustments, the district reported no liability or asset for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension

liability was determined by an actuarial valuation as of that date. The district's proportion of the net pension liability was based on a projection of the district's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2022, the district's proportion was 0.00 percent.

For the year ended June 30, 2023, the district recognized \$1,510,133 in pension expense. Pension expense includes district expense of \$235,579 related to 2022 contributions and self-imposed expense for PERS bond retirement of \$1,274,554.

At June 30, 2023, the district reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Outfle | Deferred Outflows of Resources | | red s of rces |
|--|--------|--------------------------------------|----|---------------------|
| Differences between expected and actual experience | \$ | - | \$ | - |
| Changes in assumptions | | - | | - |
| Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between District contributions and proportionate share of contributions | | - 4,134 | | - |
| District contributions subsequent to the measurement date | | 12,342 | | - |
| Total | \$ | 16,476 | \$ | 0 |

\$12,342 was reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date will be recognized as PERS expense in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

June 30, 2023

| Fiscal Year | or (i | red outflow nflow) of sources |
|-------------|-------|-------------------------------------|
| 2024 | \$ | 1,216 |
| 2025 | | 1,216 |
| 2026 | | 1,216 |
| 2027 | | 486 |
| Total | \$ | 4,134 |

Changes in Plan Provisions Subsequent to Measurement Date

There were no changes subsequent to the June 30, 2022 measurement date that would require a brief description under GASB 68.

Note 15. Defined Contribution Pension Plan – OPSRP-IAP

The defined contribution pension plan (called the Individual Account Program or IAP) is provided to all members or their beneficiaries who are PERS or OPSERP eligible. State statutes require covered members to contribute 6% of their annual covered salary to the IAP plan effective January 1, 2004. Although PERS members retain their existing PERS accounts, all current member contributions are deposited into the member's IAP.

Note 16. Other Post-Employment Benefits (OPEB) - RHIA

Plan Description

Organization

The Oregon Public Employees Retirement System administers the Retirement Health Insurance Account (RHIA) cost-sharing, multiple-employer defined benefit Other Post-Employment Benefit (OPEB) plan (the plan) for political subdivisions such as the district. Plan assets may be used to pay the benefits of the employees of any employer that provides OPEB through the plan.

Plan Membership

RHIA was established by ORS 238.420. The plan was closed to new entrants hired on or after August 29, 2003. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of gualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan.

Contribution

Contributions are mandatory for each employer that is a member of PERS. For the fiscal year ended June 30, 2023, the district's contribution rate was 0.06 percent of PERS subject to wages. Employees are not required to contribute to the plan.

Net OPEB Liability

The district's net OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2020.

Actuarial Methods and Assumptions

| Valuation Date | December 31, 2020 |
|-----------------------------------|---|
| Measurement Date | June 30, 2022 |
| Experience Study | 2020, published July 20, 2021 |
| Actuarial Assumptions: | |
| Actuarial Cost Method | Entry Age Normal |
| Inflation Rate | 2.40 percent |
| Long-term expected rate of return | 6.90 percent |
| Discount Rate | 6.90 percent |
| Projected Salary Increases | 3.40 percent |
| Retiree Healthcare | Healthy retirees: 27.5%; Disabled retirees: 15% |
| Participation | |
| Healthcare cost trend rate | Not applicable |
| Mortality | Healthy retirees and beneficiaries: Pub-2010 Healthy Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. |
| | Active Members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. |
| | Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. |

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of

even numbered years. The methods and assumptions shown above are based on the 2020 Experience Study which reviewed experience for the four-year period ending on December 31, 2020.

Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent for the OPEB Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the RHIA plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments for the RHIA plan was applied to all periods of projected benefit payments to determine the total OPEB liability.

Long-term expected rate of return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. For more information on the Plan's portfolio, assumed asset allocation, and the long-term expected rate of return for each major asset class, calculated using both see PERS' arithmetic and geometric means, audited financial statements at https://www.oregon.gov/pers/Documents/Financials/ACFR/2022-Annual-Comprehensive-Financial-Report.pdf.

Sensitivity of the District's Proportionate Share of Net OPEB Liability to Changes in the Discount Rate

The following presents the district's proportionate share of the net OPEB liability calculated using the discount rate of 6.90 percent, as well as what the district's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

| | 1% Decrease 7.90% | | Discount Rate 6.90% | | 1% Increase 7.90% | |
|---------------------------------------|----------------------|----------|------------------------|-----------|----------------------|-----------|
| | | | | | | |
| District's proportionate share of the | | | | | | |
| net OPEB liability (asset) | \$ | (95,775) | \$ | (106,266) | \$ | (115,258) |

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the district reported an asset of \$106,266 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The district's proportion of the net OPEB liability was based on a projection of the district's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the district's proportion was 0.02990574 percent.

For the year ended June 30, 2023, the district recognized OPEB income of \$2,910. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience | \$ - | \$ 2,880 |
| Changes in assumptions | 832 | 3,542 |
| Net difference between projected and actual earnings on OPEB plan investments | - | 8,104 |
| Changes in proportion and differences between District contributions and proportionate share of contributions | 26,397 | 13,476 |
| District contributions subsequent to the measurement date | 2,758 | |
| Total | \$ 29,987 | \$ 28,002 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | Deferred outflow or (inflow) of | | | |
|-------------|---------------------------------------|----------|--|--|
| Fiscal Year | Re | esources | | |
| 2024 | \$ | 11,171 | | |
| 2025 | | (9,426) | | |
| 2026 | | (5,114) | | |
| 2027 | | 2,595 | | |
| Total | \$ | (774) | | |

Changes in Plan Provisions Subsequent to Measurement Date

There were no changes subsequent to the June 30, 2022 measurement date that would require a brief description under GASB standard.

Note 17. Other Post-Employment Benefits (OPEB) – Health Insurance Implicit Rate Subsidy

Plan Description

A single-employer retiree benefit plan that provides post-employment health benefits to eligible employees and their spouses. There are active members in the plan.

The post-retirement healthcare plan is established in accordance with Oregon Revised Statutes (ORS) 243.303. ORS stipulated that for the purpose of establishing healthcare premiums, the rate must be based on all plan members, both active employees and retirees. The difference between retiree claims cost, which because of the effect of age is generally higher in comparison to all plan members, and the amount of retiree healthcare premiums represents the district's implicit employer contribution.

The district did not establish an irrevocable trust (or equivalent arrangement) to account for the plan.

Funding Policy

The benefits from this program are paid by the retired employees on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is no obligation on the part of the district to fund these benefits in advance.

Annual OPEB Cost and Total OPEB Liability

The annual other post-employment benefit (OPEB) cost is calculated based on the Total OPEB Liability; an amount actuarially determined in accordance with the parameters of GASB Statement 75. The annual OPEB expense is an accounting item designed to recognize certain changes to the Total OPEB Liability in the current period income statement. Additionally, changes to the Total OPEB Liability not fully recognized in a given year's OPEB expense will be tracked as deferred inflows and outflows and recognized incrementally in the OPEB expense over time. See Schedule of Changes in Total OPEB Liability and Related Ratios for detailed information and a table showing the components of the district's annual OPEB costs and liabilities.

| Valuation Date | June 30, 2023 |
|------------------------|---|
| Measurement Date | June 30, 2023 |
| Actuarial Assumptions: | |
| Actuarial Cost Method | Entry Age Normal, level percent of salary |

Actuarial Methods and Assumptions

| Interest rate for discounting future liabilities | 3.50% per year based on all years discounted at municipal bond rate (based on Bond Buyer 20- Bond General Obligation Index as of June 30, 2022). |
|--|---|
| General Inflation | 2.50% per year |
| Payroll Growth | 3.00% per year |
| Mortality Rates | Active employees: PUB 2010 Employee Tables for Teachers, sex distinct, projected generationally. Active employee adjustments: 125% of published rates for males, 100% of published rates for females. Retirees: PUB 2010 Retiree Tables for Teachers, sex distinct, projected generationally. Beneficiaries: PUB 2010 Employee and Retiree Tables for General Employees, sex distinct, projected generationally. Beneficiary adjustments: Set back 12 months for males, no set-back for females; 115% of published rates for non-annuitant males, 125% of published rates for non-annuitant females. Improvement Scale: Unisex Social Security Data Scale (60-year average), with data through 2017. |

The Total OPEB Liability for the current year was determined as part of the June 30, 2022 actuarial valuation using the entry age normal method. Actuarial valuations of an ongoing plan involve estimates of the value or reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The following table shows the change in OPEB Liability for the year:

| | Total OPEB | | |
|---|------------|-----------|--|
| | l | Liability | |
| Balance at June 30, 2022 | \$ | 636,594 | |
| Changes in the year: | | | |
| Service cost | | 38,934 | |
| Interest | | 22,558 | |
| Differences between expected and actual | | | |
| experience | | - | |
| Changes in assumptions or other input | | - | |
| Benefit payments | | (62,053) | |
| Net Changes | | (561) | |
| Balance at June 30, 2023 | \$ | 636,033 | |

The following table shows sensitivity of the Total OPEB Liability to changes in discount and trend rates, as determined by the June 30, 2023 actuarial valuation.

| 1% Decrease 2.50% | Discount Rate 3.50% | 1% Increase 4.50% |
|----------------------|------------------------|----------------------|
| \$ 675,139 | \$ 636,033 | \$ 599,451 |
| 1% Decrease | Trend Rate | 1% Increase |
| 2.50% Graded | 3.50% Graded | 4.50% Graded |
| Up to 5.00%, | Up to 6.00%, | Up to 7.00%, |
| then back down | then back down | then back down |
| to 3.50% | to 4.50% | to 5.50% |
| \$ 576,919 | \$ 636,033 | \$ 706,571 |

On June 30, 2023, the district reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | | rred Inflows Resources |
|--|-----------------------------------|----|---------------------------|
| Differences between expected and actual experience | \$ 30,053 | \$ | 56,896 |
| Changes of assumptions or other input | 39,402 | | 49,770 |
| Total | \$ 69,455 | \$ | 106,666 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Deferred outflow | | |
|------------------|-------------|--|
| or | (inflow) of | |
| F | Resources | |
| \$ | 5,948 | |
| | (25,849) | |
| | (7,451) | |
| | (3,286) | |
| | (3,286) | |
| | (3,287) | |
| \$ | (37,211) | |
| | or F | |

Program membership consisted of 119 active and 10 inactive participants per the June 30, 2023 valuation.

Note 18. Commitments and Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by these agencies, principally the federal government and the state of Oregon. Any disallowed claims, including amounts already collected, may constitute a liability to the district. The amount, if any, of costs which may be disallowed by the grantor cannot be determined at this time, although district management expects such amounts, if any, to be immaterial.

The district is dependent on the state of Oregon for a substantial portion of its operating funds. Due to funding uncertainties at the state level, future funding for school districts may be reduced. The ultimate effect of this possible reduction in funding on the district's future operations is not yet determinable.

Note 19. Prior Period Adjustment

A prior period fund balance adjustment was recorded to adjust beginning fund balance and beginning net position for multi-year digital access, and service agreements paid in prior years. The agreements include service periods ranging from three to seven years. The table below outlines the adjustments to beginning fund balance and beginning net position:

| | vernmental Funds Ind Balance | Governmental Activities Net Position | |
|--|--|--|--|
| June 30, 2022 balance as originally reported Add prepaid expenses | \$ 4,926,006 414,095 | \$ 1,589,031 414,095 | |
| Net Position at July 1, 2023, as restated | \$ 5,340,101 | \$ 2,003,126 | |

HARNEY COUNTY SCHOOL DISTRICT NO. 3 Burns, Harney County, Oregon **NOTES TO REQUIRED SUPPLEMENTARY INFORMATION** For the Year Ended June 30, 2023

Budgetary Reporting

In accordance with Oregon Revised Statutes, the board of directors annually adopts a budget following required public notice and hearing for all funds except private purpose trust and agency funds. The budget may be amended during the year through statutorily prescribed procedures. The District's budget is prepared on the modified accrual or GAAP basis of accounting. Appropriations lapse at year end.

Formal and legal budgetary control for the certified budget is based upon major classes of expenditures known as functions within each fund. The functions include: instruction, support services, enterprise and community services, facilities acquisition and construction, debt services, contingencies and transfers. The District adopted one budget amendment during the year as authorized by local budget law.

During the year ended June 30, 2023, disbursements in the General Fund and the Special Revenues Fund were within certified budget amounts in all functions.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

Board of Directors Harney County School District No. 3 Burns, Oregon

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Harney County School District No. 3 (the district) as of and for the year ended June 30, 2023, and have issued our report thereon dated December 18, 2023.

COMPLIANCE

As part of obtaining reasonable assurance about whether the district's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).
- State school fund factors and calculation.

In connection with our testing nothing came to our attention that caused us to believe the district was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

OAR 162-10-0230 INTERNAL CONTROL

In planning and performing our audit of the financial statements, we considered the district's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the district's internal control. Accordingly, we do not express an opinion on the effectiveness of the district's internal control.

Our Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated December 18, 2023, is presented under separate cover.

RESTRICTIONS ON USE

This report is intended solely for the information and use of the board of directors, Oregon Secretary of State Audits Division, and management and is not intended to be and should not be used by anyone other than these parties.

HARNEY COUNTY SCHOOL DISTRICT NO. 3 Burns, Harney County, Oregon NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2023

Purpose of the schedule

The accompanying schedule of expenditures of federal awards (SEFA) is a supplementary schedule to the district financial statements and is presented for purposes of additional analysis. Because the schedule presents only a selected portion of the activities of the district, it is not intended to and does not present the financial position or changes in fund balances of the district.

Significant accounting policies

Basis of presentation

The SEFA includes the federal grant activity for the district and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulation (CFR) Part 200, Uniform Administrative Reguirements, Cost principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some of the amounts presented in this schedule may differ from amounts presented or used in the preparation of the basic financial statements.

Federal financial assistance

Pursuant to the Uniform Guidance, federal financial assistance is defined as assistance provided by a federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance, or direct appropriations. Accordingly, non-monetary federal assistance, including federal surplus property, is included in federal financial assistance and, therefore, is reported on the schedule, if applicable. Federal financial assistance does not include direct federal cash assistance to individuals. Solicited contracts between the state and federal government for which the federal government procures tangible goods or services are not considered to be federal financial assistance.

Federal Forest Fees

Federal forest fees considered federal revenues are included in the schedule due to requirements of the Oregon Department of Education. However, these expenditures are not subject to Uniform Guidance and there are no applicable compliance requirements once these funds are passed to the district. Based on guidance from the oversight agency, the Oregon Department of Education, and the United States Department of Agriculture, the federal forest fees have not been included in the scope of the single audit.

Major programs

The Uniform Guidance establishes criteria to be used in defining major federal financial assistance programs. Major programs for the district are those programs selected for testing by the auditor using a risk-assessment model, as well as certain minimum expenditure requirements, as outlined in the Uniform Guidance. Programs with similar requirements may be grouped into a cluster for testing purposes.

Reporting entity

The reporting entity is fully described in the notes to financial statements. The schedule includes all federal programs administered by the district for the year ended June 30, 2023.

Indirect Cost Rate

The district has not elected to use the 10% de minimis indirect cost rate.

HARNEY COUNTY SCHOOL DISTRICT NO. 3 Burns, Harney County, Oregon SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2023

SUMMARY OF AUDITOR'S RESULTS

Type of Report Issued In our report for the district, our opinion was unmodified.

Material Weakness in Internal Control

Our audit of the financial statements of the district did not identify any material weakness in internal control over financial reporting.

Significant Deficiencies in Internal Control

Our audit of the financial statements of the district did not identify any significant deficiencies in internal control over financial reporting.

Noncompliance Material to Financial Statements

Our audit of the financial statements of the district did not disclose any noncompliance which is material to the financial statements.

Material Weakness in Internal Control Over Major Programs

Our audit of the district did not identify any material weaknesses in internal control over major federal programs.

Significant Deficiencies in Internal Control Over Major Programs Our audit of the district did not identify any significant deficiencies in internal control over major programs.

Type of Report Issued on Compliance for Major Programs

We have issued an unmodified opinion on compliance with requirements that have a direct and material effect on each major federal program.

Audit Findinas

Our audit of the district did not disclose any audit findings we are required to report in accordance with 2 CFR 200.516(a).

Identification of Major Programs

For the identification of major programs see the preceding Schedule of Expenditures of Federal Awards.

Dollar Threshold Used to Distinguish Between Type A and Type B Programs Type A programs are the programs with total program expended funds of \$750,000 or more.

Risk Classification of Auditee

We have determined that the district qualifies as a low-risk auditee.

Classification of Federal Awards Expended

We have determined that the district has expended federal funds in the following forms:

- 1. Non-cash assistance USDA Commodities 10.555 \$18,801 and 10.559 \$2,611
- 2. Insurance in effect during the period \$0
- Loans or loan guarantees, including interest subsidies, outstanding at year end \$0

HARNEY COUNTY SCHOOL DISTRICT NO. 3 Burns, Harney County, Oregon SCHEDULE OF FINDINGS AND QUESTIONED COSTS June 30, 2023

MATERIAL WEAKNESSES IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

CURRENT YEAR

The audit for the year ended June 30, 2023 did not report any material weaknesses in accordance with *Government Auditing Standards*.

PRIOR YEAR

The audit for the year ended June 30, 2022 did not report any material weaknesses in accordance with *Government Auditing Standards*.

SIGNIFICANT DEFICIENCIES IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

CURRENT YEAR

The audit for the year ended June 30, 2023 did not report any significant deficiencies in accordance with *Government Auditing Standards*.

PRIOR YEAR

The audit for the year ended June 30, 2022 did not report any significant deficiencies in accordance with *Government Auditing Standards*.

FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

CURRENT YEAR FINDINGS

Our audit did not disclose any findings and questioned costs as defined by 2 CFR 200.516(a) for the year ended June 30, 2023.

PRIOR YEAR FINDINGS

Our audit did not disclose any findings and questioned costs as defined by 2 CFR 200.516(a) for the year ended June 30, 2022.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITNG STANDARDS

Board of Directors Harney County School District No. 3 Burns, Harney County, Oregon

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining funds of Harney County School District No. 3 (the district), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the district's basic financial statements, and have issued our report thereon dated December 18, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the district's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the district's internal control. Accordingly, we do not express an opinion on the effectiveness of the district's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the district's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the district's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the district's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE

Board of Directors Harney County School District No. 3 Burns, Oregon

Report on Compliance for Each Major Federal Program

We have audited Harney County School District No. 3's (the district) compliance with the types of compliance requirements described in *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the district's major federal programs for the year ended June 30, 2023. The district's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the district's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the district's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the district's compliance.

Opinion on Each Major Federal Program

In our opinion, the district complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Report on Internal Control over Compliance

Management of the district is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the district's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the district's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency with a type of compliance is a deficiency of the prevented or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
