

Important SJRCS Online Tools

My School Bucks – This site is used for purchasing lunches, paying for school related items such as yearbooks, pre-K nappers and Chromebook insurance. It is also how you pay for joining sports programs and our HSA (Home & School Association). You will need your student's ID number which will be provided to you the first week of school.

Power School – Available to Grades 3 – 8th, PowerSchool is a simple way to keep track of your student's progress by having virtual access to teacher's grade books.

The process is quick and easy. Here are the steps to gain access:

- Log onto www.sjrccs.org
- Click on Parents, scroll down to Technology, watch the Power School Video.
- Submit the signed Parent Access Disclaimer

We will then send your student's user name and access code needed to create your account.

School Admin – This site is used for Enrollment and Re-Enrollment, uploading important documents used in completing the enrollment process.

FACTS – This is where you pay your tuition and apply for scholarships and financial aid.

Sign Up Genius – Volunteer Opportunities are found here.

All of these sites are found on the SJRCS website, most of them on the main page. Some are found under the Parents Tab as well. www.sjrccs.org
