## School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

## School Vision and Mission

Vallecitos School District is Where Achievement and Attendance Matters. The Mission of the Vallecitos School District is to:

- Develop clear and focused learning goals based on high expectations of every student and staff member.
- Monitor student learning frequently to guide instruction and improve student learning.
- Provide a safe and orderly environment and a collaborative school-wide culture.
- Build positive and productive parental relationships.
- Encourage all students to become productive citizens.

## School Profile

Vallecitos School District has one school in Rainbow, California, a non-incorporated area of Fallbrook, located in San Diego County. Vallecitos serves preschool - 8th grade students and is comprised of 219 students. Rainbow covers 14 square miles and has a large agricultural community, with many nurseries growing plants, berries, tropical citrus, avocados, and nuts. Vallecitos School has a very diverse population. Vallecitos School serves the following demographic groups:

90% Hispanic

8.6% White

1.4% Other

Socioeconomic Disadvantaged: 83.7%

English language learners: 54%

Students with disabilities: 10.7%

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Vallecitos School continuously seeks stakeholder engagement to refine its program. The SPSA is reviewed annually by School Site Council. Data is gathered and presented on a frequent basis. In addition, ELAC/DELAC members provide input and parents are given the opportunity to provide suggestions for improving our school on a yearly basis. The governing board at Vallecitos also has opportunities throughout the year to provide suggestions and input.

**Conclusions based on this data:**

1. In 2017-2018 students took the CELDT assessment. In 2018-2019 students took the ELPAC. Therefore, results cannot be compared at this time.
2. The total number of students tested on the Annual Summative Assessment has decreased by 7 students from the previous year.

## Student Population

Due to the COVID-19 pandemic, state law has suspended the reporting of state and local indicators on the 2020 Dashboard. However, available data that would have been included in the Dashboard are reported on the Department's web site if they were determined to be valid and reliable. Information regarding the reporting status of data is available at [COVID-19 and Data Reporting](#).

This section provides information about the school's student population.

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

# Goals, Strategies, & Proposed Expenditures

## Goal 1

### Subject

English Language Arts

### Goal Statement

### LCAP Goal

As a collaborative team, we will improve student learning in reading/language arts as measured by district summative and the CAASPP state exam.

### Basis for this Goal

English Language Arts is an indicator of student achievement in the Local Control Accountability Plan (LCAP), California School Dashboard, and School Accountability Report Card (SARC).

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
CAASPP ELA Performance	58.57% of students are achieving at the level of standards met on the CAASPP for ELA.	60.57% of students achieving at the level of standards met on the CAASPP for ELA.
District MAPS Summative Reading Assessment	48% of students of students in 2nd - 8th grade met their Conditional Growth Index in Reading on the 2020-2021 fall to spring administration.	50% of students of students in 2nd - 8th grade will meet their Conditional Growth Index in Reading on the 2020-2021 fall to spring administration.
English learner reclassification rate	10.7% of students were reclassified as Fluent English Proficient.	Maintain 10% or higher reclassification rate.
English Learner progress toward English proficiency	33.8% making progress towards English language proficiency.	Increase 35.8% of English Learner students will demonstrate progress toward English proficiency on the ELPAC over the previous year.
District MAPS Summative Language Assessment	33% of students of students in 2nd - 8th grade met their Conditional Growth Index in Language on the 2020-2021 fall to spring administration.	35% of students of students in 2nd - 8th grade will meet their Conditional Growth Index in Language on the 2021-2022 fall to spring administration.

Mathematics

### Goal Statement

### LCAP Goal

As a collaborative team, we will improve student learning in mathematics as measured by district summative and the CAASPP state exam.

### Basis for this Goal

Mathematics is an indicator of student achievement in the Local Control Accountability Plan (LCAP), California School Dashboard, and School Accountability Report Card (SARC).

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
CAASPP Math Performance	38.03% of students met or exceeded standards.	40.03% of students will achieve at the level of standards met or exceeded on the Math CAASPP assessment.
District MAPS Assessment	42% of students in 2nd-8th grade met their Conditional Growth Index in Math on the 2020-2021 fall to spring administration.	44% of students in 2nd-8th grade will meet their Conditional Growth Index in Math on the 2021-2022 fall to spring administration.

# Annual Review and Update

SPSA Year Reviewed: 2020-21

## Goal 1

As a collaborative team, we will improve student learning in reading/language arts as measured by district summative and the CAASPP state exam.

## Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
CAASPP ELA Performance	65% of students achieving at the level of standards met on the CAASPP for ELA.	The CAASPP was not administered for 3rd - 7th for the 2020-2021 school year due to the COVID-19 pandemic.
District MAPS ELA Summative Assessment	40% of students will be proficient on the ELA MAPS assessments.	27% of students were proficient on the ELA MAPS assessment.
English learner reclassification rate	10% of students will be reclassified to Fluent English proficient.	10.73% were reclassified to Fluent English Proficient.
English Learner progress toward English proficiency	Increase 10% of English Learner students demonstrating progress toward English proficiency on the ELPAC over the previous baseline.	33.8% making progress towards English language proficiency.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

The overall implementation was executed smoothly.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Overall, the effectiveness was limited due to the COVID 19 pandemic and offering a hybrid learning model last school year.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Substitutes were not needed as much as we had anticipated due to the hybrid model. Friday was distance learning only and several meetings and training took place on Fridays. In addition, most instructional supplies purchased were to support online learning due implementation of the hybrid model.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Changes to be made this school year is implementing a full day, in person schedule. More direct instruction and intervention supports can be implemented.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Overall, the implementation of the strategies were completed. More time was needed to implement the strategy fully.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

NextGen training was completed prior to the start of school during designated professional development days on August 17, 2021. Overall, the effectiveness was limited due to the COVID 19 pandemic and offering a hybrid learning model last school year. Students were on site half of the day and online the second half.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Substitute costs were not needed due to training being implemented outside of school hours or during online learning days. Several technology purchases were made to support online learning than we expected.

## Goal 3

Improve school climate and parental involvement related to the mission, core values, and goals of the district.

## Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
Schoolwide Parent Involvement	Maintain 65% of parents that volunteer at a PTO event, school event, or in the classroom.	We did not implement on site parent volunteers last school year due to the COVID 19 pandemic. However, participation online resulted in 54% of parents attending Back to School Night and 57.3% attending Open House.
Chronic Absenteeism	Decrease the percent of chronically absent students by 0.5% over the baseline.	The chronic absenteeism rate was 7.3%, a decrease of 0.4% from the year prior.
Suspension Rate	Maintain suspension rate below 3%.	The suspension rate was 0.9%.
School Culture Survey	Maintain or increase by 5% students answering "strongly agree" or "agree" on the California Healthy Kids Survey to "I feel safe at school"	A school climate survey was completed, not the California Healthy Kids Survey. Students were surveyed on a 4 point scale. 3.68 of elementary and 3.22 of middle school students feel connected to school.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Multi-Tiered Systems of Support was a large focus for us during the COVID-19 pandemic and hybrid learning model. It was the strategy that was used the most during challenging times.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.  
Overall implementation was very effective during the COVID-19 pandemic. The school social worker and other support staff consistently met with parents, students, and teachers to ensure students were engaging and participating in school.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 1 Other School Staff
- 0 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Dr. Maritza Koeppen	Principal
Carol Watson	Classroom Teacher
Kim Gonzalez	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

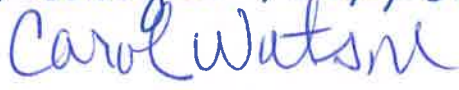

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 12/1/2021.

Attested:

	Principal, Dr. Maritza Koeppen on 12/1/2021
	SSC Chairperson, Carol Watson on 12/1/2021

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

### Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

### Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

### Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

### **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

### **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

### **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

#### **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

#### **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

### **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## **Budget Summary and Consolidation**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### **Consolidation of Funds**

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

# Appendix A: Plan Requirements for Schools Funded Through the ConApp

## Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
