

Instruction
Gifted and Talented Students Program

6172.1

North Canaan Elementary School is committed to recognizing and promoting the individual strengths, gifts, and talents of all children.

North Canaan Elementary School, in conjunction with State of Connecticut regulations and requirements, will identify students demonstrating extraordinary ability academically, creatively and artistically.

The identification process is based on a multi-criteria assessment process, typically including both subjective and objective data. The process must include multiple measures in order to identify student strengths in intellectual ability, creativity or a specific academic area. Multiple measures may include, but are not limited to, tests of academic achievement, aptitude, intelligence, and creativity; achievement test scores; grades; student performance or products; samples of student work; parent, student, and/or teacher recommendation; and other appropriate measures. The identification methodology will include consideration of all students, including those who are English language learners and those with Individualized Education Plans or 504 Plans, be developmentally appropriate, non-discriminatory, and related to the programs and services offered by the District.

The final determination in the identification of students as gifted and/or talented must be done by a Planning and Placement Team (PPT). Such PPT charged with this responsibility shall be composed of a group of certified or licensed professionals representing each of the teaching, administrative and pupil personnel staff.

It is recognized that identified students may be accommodated in a variety of ways, such as, but not limited to, the provision for supplementary materials, extensions to the curriculum and accelerated placement options.

Upon the identification of a student as gifted and talented, the District shall provide electronic notice of such identification to the parent/guardian of such student. Such notice shall include, but need not be limited to:

1. an explanation of how such student was identified as gifted and talented;
2. the contact information for the District's employee in charge of the provision of services to gifted and talented students, or, if there is no such employee, the District's employee in charge of the provision of special education and related services;
3. the employee at the State Department of Education who has been designated as responsible for providing information and assistance to Boards of Education and parents

or guardians of students related to gifted and talented students, pursuant to section 10-3e of the General Statutes; and

4. any associations in the state that provide support to gifted and talented students.
