

Posting of Open Seats - April 17 through 30, 2022

then

Open Enrollment Period - May 1 through May 31, 2022

Effective for the 2022-23 School Year

The following major change in Board Policy 6.206 (*Transfers Within the System*) is the direct result of a change in state law (TCA 49-2-128).

Each year, the Director of Schools/designee shall review the number of spaces available in each school by grade, class, and program levels. This information shall be posted on the district's website along with the dates of the district's open enrollment period. The open enrollment period shall last for thirty (30) days and information about the number of seats available shall be posted for at least fourteen (14) days prior. The Director of Schools/designee shall reserve a reasonable number of enrollment spaces at each school to account for the enrollment of zoned students, siblings of students, and students who have a parent/guardian employed at the school.

During the district's open enrollment period each year, a parent/guardian may request that his/her child attend a school within the district other than the one to which the child is zoned. The Director of Schools/designee shall review such requests, and if adequate space is available, grant such transfers. If the number of requests exceeds the number of available spaces, the Director of Schools/designee shall implement a lottery to fill the available spaces.

The open enrollment process shall be completed before other nonresident transfers are approved.
