Purpose of the Comprehensive School Safety Plan (CSSP)

Sections 32280-32288 of the California Education Code outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a Comprehensive School Safety Plan relevant to the needs and resources of that particular school.

It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated Comprehensive School Safety Plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses. Comprehensive School Safety Plans are required under SB 719 & AB 115 and must contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan Public Version – Part I is available for review at the Happy Valley Elementary School office, and online at www.hvesd.com.

Protocols to Address Mental Health Care of Pupils Who Have Witnessed a Violent Act

Pupils who have witnessed a violent act at school or at a school-sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found both positively and significantly associated with child psychological trauma symptoms and self-reported violent behavior, even after controlling for the

effects of various demographic factors. Serious emotional and behavioral consequences can occur for students who are merely witnesses to violence (Flannery, D. J., Wester, K. L., & Singer, M. I., 2004).

Describe protocols for reporting incidents and referring students for mental health care

Students who are experiencing mental health or social issues are referred to our Mental Health counselor.

Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees to and from school

In an effort to assure the safety and welfare of students, parents, and visitors to Happy Valley Elementary School, the following procedures should be followed when traveling to and from the school site:

- Daily Bus Drop-off & Pick-up at School:
- Students Walking to School:
- Students and Adults visiting the school site after hours or on weekends:

There are almost no students who bike or walk to school. Parents drive their children to school in private cars as Happy Valley school is in a rural area. There is no bus transportation. There is a gate that automatically closes at dusk, preventing cars from accessing the campus after hours.

Standard Command Response for Schools Protocol

Purpose of ISCRS:

- Standardizes and shares a common group of clear, initial responses applicable to a broad variety of K-12 school environments.
- Provides four (4) limited and unambiguous protocols in a standardized framework which each school, school district, and surrounding community can easily incorporate into their respective school and/or jurisdictional Emergency Operations Plans (EOP).
- Offers distinct operational procedure(s) that may be enacted in series or succession.
- Accounts for the “in Loco Parentis” responsibilities of school staff, i.e., the legal and ethical responsibility to “stand in the place of the parents” for a child.
- Acknowledges the mobile nature of modern education and student populations.
- Allows for sustainability by providing free training and materials.
- Draws from familiar procedures (examples: Run/Hide/Fight, Avoid/Deny/Defend, CRASE etc), existing training/experience, and prevalent lessons learned from past school-related emergencies.
- Strengthens partnerships among school communities and first responders to build and enhance a culture of safety and preparedness.
- NOTE: ISCRS has been designed for schools and doesn’t impact or alter police/fire response.

Santa Cruz Standard Command Response for Schools Protocol:

The approach to training schools on the Santa Cruz Standard Command Responses for Schools focuses on training for administrators, teachers and students for the IMMEDIATE response to a threat and/or hazard. The command responses can be enacted in series or succession. The command responses focus on the following:

EVACUATION

- Removing students and staff from dangerous situations inside a building.
- Staff are expected to be aware of their surroundings and make decisions based on active awareness of circumstances
- Movement must be safe, controlled and intentional.

REVERSE EVACUATION

- Removing students and staff from dangerous situations outside a building.
- This command response can be used for the following: Dangers on the playground or outside, Law enforcement activity or other emergencies.
- Instituted at the discretion of the principal/designee for any situation that poses a threat to the life safety of students, staff or visitors.

HALLCHECK

- Detecting and protecting from potential threats or other emergencies while continuing instruction
- Procedure for responding to lower level threat/emergencies inside a school o Focus on a high level of active awareness
- Examples of when this command response would be used:

Disruptive person,
unknown person on campus,
out of control student,
medical issue or

Any other unknown situation in and/or around a school building.

LOCKDOWN - MOVE/SECURE/DEFEND

- Procedures for staff and students to respond to an imminent threat or active violence inside a school.
- Options based approach that allows each individual to process information and make a decision.

Move-Secure-Defend – Quick Reference

The Move-Secure-Defend model describes protective actions taken by teachers and staff (school stakeholders) to keep students safe while executing a Lockdown protocol. The Move-Secure-Defend model is an options-based approach. Teachers and staff are entrusted to act in the safest manner for themselves and their students. They are authorized to adapt based on situational awareness (active awareness). Situational Awareness is the use of your senses – stop, look, listen, smell, and feel, in order to gather information and then act as warranted (informed decisions).

Move- Move away from danger to a place of safety using intentional movements.

- Have a specific safe location as the goal of your movement.
- Move with intention and purpose from transition point to transition point (e.g., classroom to doorway, doorway to hall intersection, etc.).
- Stop at each transition point and reassess – proceed if reasonable, adapt if necessary. Safety, not speed, is the goal.

Secure- Secure spaces quickly and completely with an emphasis on preventing entry. Note: securing your space generally is the safest option.

- School staff will secure classrooms by locking the door and may include barricading the entrance.
- Once secured, occupants of the room may be moved to designated safe areas in the room away from views from interior hallways and windows.
- Occupants of a classroom should look for cover (preferred) or concealment. Cover is behind something that can stop bullets. In addition to concealing you, it provides protection from being shot. Concealment is being behind something that prevents a bad guy from seeing you but won't stop bullets. You can't be seen, but you are still vulnerable.
- Close interior window coverings, if practicable and safe.
- If in a common space move to available securable space and secure it.
- If securable space is not readily available, move with students out of the building to the predesignated off-site location.
- If outside the building, at the initiation of a lockdown, move to the predetermined offsite location.
- Do not open secured doors until it is opened by responders or the designated all clear signal has been given.

Defend- Defend aggressively as your life may depend on it. Defense should be the last available option, but once started incapacitation of the shooter is the goal. Use pre-planned or improvised weapons to assist in the defense of yourself or others, e.g., a bat, golf club, fire extinguisher, etc.

Instructional Continuity Plan

"an instructional continuity plan to establish communication with pupils and their families and provide instruction to pupils when in-person instruction is disrupted due to an emergency.... The plan shall include all the following:

(i) Procedures for pupil engagement, as soon as practicable, and no later than five calendar days following the emergency. Procedures shall be designed to establish two-way communication with pupils and their families and identify and provide support for pupils' social-emotional, mental health, and academic needs.

As soon as possible and within five days following an emergency, Happy Valley will communicate with families and students through various modes of communication. We will have district/countywide communication come from our superintendent or designee, who will email/send through our communication application. This countywide communication will cover updates regarding the emergency and available student and family support offered throughout the county. Specifically, these communications will include any necessary details regarding shelter, food banks, and mental health resources. We will reach out directly to students and families to establish two way communication to ensure all families are connected to school and aware of the communication and resources being offered countywide.

Through this communication, school teams will establish a feasible mode of academic engagement during this time.

(ii) A plan to provide access to in-person instruction or remote instruction pursuant to Sections 51747 and 51749.5, as soon as practicable, but no later than 10 instructional days following the emergency. The plan may include support to pupils and families to enroll in or be temporarily reassigned to another school district, county office of education, or charter school."

In-person or Remote Instruction:

As soon as possible and within 10 instructional days, students and families will have access to either in-person or remote instruction. We have prepared independent studies/remote instruction packets both online or paper-based that can be tailored for individual students. Families will have the opportunity to participate in in-person instruction at school if possible. Our Resource Teachers will also check in with their students and provide support for students with IEPs. Every effort will be made to continue special education services during emergencies. During this time both district/countywide and site-based communication outlined above will continue.

Adaptations for Students with Disabilities

Classrooms have an aide in the room for 3.75 hours a day and they will assist a student with disabilities as needed. Students with disabilities that require assistants will also be assigned a buddy who can assist with evacuation and help with supporting the student if needed.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Policy 5145.3: Nondiscrimination/Harassment

Status: ADOPTED

Original Adopted Date: 06/20/2018 | Last Revised Date: 09/11/2024 | Last Reviewed Date: 09/11/2024

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Governing Board and the Superintendent in enacting policies and procedures that govern the district.

The Board desires to provide a welcoming, safe, and supportive school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, of any student by anyone, based on the student's actual or perceived race; color; ancestry; nationality; national origin; immigration status; ethnic group identification; ethnicity; age; religion; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; parental, marital, and family status; physical or mental disability; medical condition; sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; or genetic information; or, association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

Because unlawful discrimination could occur when disciplining students, including suspension and expulsion, the Superintendent or designee shall ensure that staff enforce discipline rules fairly, consistently and in a non-discriminatory manner, as specified in Board Policy and Administrative Regulation 5144 - Discipline, Board Policy and Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 - Suspension and Expulsion/Due Process (Students With Disabilities).

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates, participates, or refuses to participate in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's website in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation. (Education Code 234.1, 234.6; 34 CFR 106.8)

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or

bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

When a student has been suspended, or other means of correction have been implemented against the student for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 - Uniform Complaint Procedures, when required by law. However, complaints alleging sex discrimination, including sex-based harassment, under Title IX shall be investigated and resolved in accordance with the procedures specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent/Principal or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

Policy 5144: Discipline

Status: ADOPTED

Original Adopted Date: 02/20/2019 | Last Revised Date: 05/08/2024 | Last Reviewed Date: 05/08/2024

The Governing Board is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and responding appropriately to student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies for responding to student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

A student shall not be denied recess unless the student's participation poses an immediate threat to the physical safety of the student or to the physical safety of one or more of the student's peers. If, due to such immediate threat, a student is denied recess, staff shall make all reasonable efforts to resolve the threat and minimize the student's exclusion from recess, to the greatest extent practicable. (Education Code 49056)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to Education Code 49005.4 and in accordance with district regulations. (Education Code 49005.2)

The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The principal or designee at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and administrative regulations. The Board, at an open meeting, may review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 32282, 35291.5)

At all times, the safety of students and staff, providing interventions and supports to students, as well as the maintenance of an orderly school environment, shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate support and/or discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively and equitably implement the disciplinary strategies adopted for district schools, including, but not limited to, knowledge of school and classroom management skills and their consistent application, effective accountability and positive intervention techniques, and the tools to form strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and

parents/guardians regarding their sense of school safety and connectedness to the school community, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

At the beginning of each school year, the Superintendent or designee may report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Policy 5131.2: Bullying

Status: ADOPTED

Original Adopted Date: 06/16/2019 | Last Revised Date: 01/17/2024 | Last Reviewed Date: 01/17/2024

This policy shall apply to all acts constituting bullying related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Governing Board and the Superintendent in enacting policies and procedures that govern the district.

The Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a welcoming, safe, and supportive school environment that protects students from physical, mental, and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in Administrative Regulation 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

If the Superintendent or designee believes it is in the best interest of a student who has been the victim of an act of bullying, as defined in Education Code 48900, the Superintendent or designee shall advise the student's parents/guardians that the student may transfer to another school. If the parents/guardians of a student who has been the victim of an act of bullying requests a transfer for the student pursuant to Education Code 46600, the Superintendent or designee shall allow the transfer in accordance with law and district policy on intradistrict or interdistrict transfer, as applicable.

District families are encouraged to model respectful behavior, contribute to a safe and supportive learning environment, and monitor potential causes of bullying.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

All staff are expected to serve as role models for students by demonstrating positive, professional attitudes and respect toward each student and other staff members. Teachers shall use effective classroom management techniques based on clear expectations for student behavior.

Staff shall consistently enforce Board policies and regulations which establish rules for appropriate student conduct, including prohibitions against bullying, cyberbullying, harassment of students, hazing, other violence or threats of violence against students and staff, and drug, alcohol, and tobacco use.

The district's curriculum shall include age-appropriate character education which includes, but is not limited to, the principles of equality, human dignity, mutual respect, fairness, honesty, and citizenship. Teachers are encouraged to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

The Superintendent/Principal or designee may develop other strategies to enhance students' feelings of connectedness with the schools, such as campus beautification projects, graffiti removal, development of extracurricular activities and after-school programs, pairing of adult mentors with individual students, recognition of student achievement, and encouragement of strong family and community involvement in the schools.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school.

The school shall promote nonviolent conflict resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. As part of this effort, students shall be taught the skills necessary to reduce violence, including communication skills, anger management, bias reduction, and mediation skills.

Staff shall receive professional development designed to improve classroom management, conflict resolution techniques, and communications with students and parents/guardians including persons of diverse backgrounds.

Discrimination includes, but is not limited to, the Board's refusal to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction, or any book or other resource in a school library, on the basis that it includes a study of the role and contributions of any individual or group consistent with the requirements of Education Code 51204.5 and 60040, unless such study would violate Education Code 51501 or 60044. Additionally, discrimination includes, but is not limited to, the Board's adoption or approval of use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction, or any book or other resource in a school library if the use would subject a student to unlawful discrimination pursuant to Education Code 220. An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with federal, state, and local laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and requirements related to UCP, including the steps and timelines specified in this policy and the accompanying administrative regulation.
