

EARLY HEAD START SPOTLIGHT TEACHER OF THE MONTH

ASHLEY CASTILLEJA

During this last CLASS observation, Ms. Ashley earned a 7 on Regard for Child Perspectives. She always brings positive vibes to our work environment. Ashley has kept up with documentation for all children in her classroom, since she does not currently have a teaching partner. At times she has to combine with other classrooms in order to remain in compliance with the HS performance standard of having two teachers in a classroom at all times and never complains. She communicates daily in a professional manner and has perfect attendance. Ashley has not called in once this year and always arrives early!

HEAD START SPOTLIGHT TEACHER OF THE MONTH

IDA SERNA

Ms. Ida is currently taking on the role of Teacher due to a vacancy in her class. She completed the CLI assessments for the class after being told last minute she needed to get them done as soon as possible, she had them completed the very same day. She does everything we ask without complaint.
