## **V. Committee Reports**

### **A. Karen Head's written report on recycling :**

The recycling account hasn't been updated. Right now it shows \$15,045.20 however it should be considerably higher when they update.

Between the 8<sup>th</sup> grade and the 6<sup>th</sup> grade, I will need to use approximately \$11,000 (maybe a little less)

Would like to eliminate the automatic amounts to students from PFC next year. They have the opportunity to do a fundraiser as well as recycling to help with cost.

Along with this, I would like to raise the maximum possible at recycling. (Need to see a few more months of profits to judge what would work)

Also would like to allow Kinder-8<sup>th</sup> grade to accrue hours towards 6<sup>th</sup> grade science camp and the 8<sup>th</sup> grade trip.

\*Discussed as a group to limit to \$200.00 per student and keep this on the agenda for a future discussion.
