Are you wondering if you're missing critical components of MDE's Continuous Improvement Plan (MICIP) Process? Have you painted a less-than-Whole-Child view with your data?</p> <p>If so, bring a team and spend a few hours delving into your data, digging for underlying causes for gaps, and investigating intervention options.</p> <p>We will create a basic data packet with your school's EWI charts and the School Index report from MISchoolData. You are welcome to bring additional local data as well, such as NWEA or Star; you can bring your own laptop or use ours to look up public data.</p>
