## NEWS FOR THE COMMUNITY

New basketball court at Starline!

## Happenings at Starline Elementary

There is always something good to celebrate at Starline!

We are so proud of the performance given by our 4th and 5th graders at Stars under the Bridge on Thursday evening, April 6th.

We will be honoring our Star Students at Movies Havasu for a showing of the new Super Mario Bros. movie on April 19th.

All families are invited to a picnic to celebrate Earth day on our field on April 21st where students have been practicing a surprise song to sing for their parents/guardians.

Last but not least, we were able to celebrate the opening of our basketball court space with our superintendent Dr. Stone and Mayor Cal Sheehy as a result of our passed bond. Thank you to the community for supporting our schools and giving students a space to learn, thrive, and grow each day. Starline Starblazers do their best each day because they know what happens today affects their tomorrows.

## INDIVIDUAL OF THE WEEK

Each week an individual or group will be featured for their hard work and commitment in our school systems

### Starline educator Courtney Zampogna

Courtney Zampogna has been an educator at LHUSD for 11 years and at Starline Elementary School for 5. She is a dynamic and inspirational teacher leader and an instrumental part of our campus who goes above and beyond what is asked every single day for her students, her families, and her fellow staff.

Her credentials speak volumes to the commitment she has for children: she has her National Board Certification in the area of Literacy-Reading and Language Arts and holds a Masters of Differentiated Instruction.

She helps to run our Student Council, National Elementary Honor Society, and Kindness Clubs; these help make our school culture an awesome place to be and provide leadership opportunities for our students. She works tirelessly to make sure student voice is elevated, spirit on campus is alive, and these young achievers learn what it takes to be a leader on campus. She regularly partners with community groups, such as Relay for Life, to bring service-driven fundraising efforts to her students.

Her focus on teaching our students life skills is evident in her classroom and in advising Kindness Club where she supports various age levels with the foundation of how to be a kind friend while establishing norms for kind acts on campus.

For our community, Courtney served as a camp instructor for a few years at Camp Invention, then later became the assistant director for two years, and is now the lead director of the program for our district. She advocates for families to take advantage of this unique opportunity and has a passion for bringing STEM education to our students.

In the state of Arizona, Courtney also makes an impact, she now coaches candidates pursuing the National Board process within our district and beyond that, she coaches teachers who are maintaining their certification across the state in partnership with the AZK12 Center.

Courtney is an incredible teacher, leader, mentor, and colleague who has dedicated herself to her students and her school. She is part of what makes our Starline Elementary school a place of excellence, and we are happy to honor her here!

The Anderson Auto Group  
is Proud to Honor the  
Outstanding  
Individual of the Week
