

Principal's Weekly Update 10-10-22

Steven Campbell • about 3 hours ago • Monday, Oct 10 at 4:28 PM • Santa Maria High School

Good afternoon parents and students, we have two events coming up during the next couple of weeks that you may hear about, and I'd like to explain more clearly. Both of these events are district initiatives designed to gather information from students, parents and staff members to find areas where we can improve as a school.

First, is this week's site visit by an outside consulting company named Orenda. Orenda will consist of three auditors being at our school this week Tuesday through Thursday (Oct 11-14th). Our visit, and the ones like it at each of the other three high schools, are being conducted to examine our district's practices and procedures under the lens of equity. This site visit should not have a large effect on our daily classroom routines and will hopefully yield some valuable insights in making our campus as equitable as possible.

An additional survey event is coming up that might easily be confused with Orenda, this survey is conducted by a different company named Panorama. You may remember doing the Panorama survey last year. On Tuesday October 18th, students and staff members will be asked to complete a voluntary survey during the first 15 minutes of their 2nd period class. Parents will receive the link to their Panorama Survey via Parent Square as the date grows more near.

Both of these exercises are being conducted to tell us valuable information in our constant effort to improve our school. It is also our intent to execute these events with minimal disruption to daily instruction. Thank you in advance for your help with these projects and I look forward to sharing the results from all these exercises soon. Have a great week!

Sincerely,

Kudos:

Kudos this week go to our senior athletes and their coaches. Over the next couple of weeks our sports will be holding their Senior Nights to acknowledge our seniors wrapping up their last fall season (Tues Girls Tennis, Wed Girls Golf, Thurs girls/boys water polo, Friday football). Participation in athletics is up from past years

and back to (and in most sports beyond) the numbers we were seeing before COVID. If you have a chance to get out to see one of these events, it is a lot of fun and I know it means a lot to our student athletes.
