

2022-2023

All schools in Pottsville School District are accredited through DESE (formerly Arkansas Department of Education). The focus for 2022-2023 include: All buildings-student engagement, reading, math, and science. School leaders and teachers are continuously analyzing data to determine weak areas as well as focusing on individual student growth. On-going professional development, tutoring (summer, before and after school at selected buildings), vertical team meetings, and developing teaching and learning strategies are the actions to help each student achieve and make their gains
