Department Philosophy: The Autauga County Technology Center believes that education’s most important function is to provide all students with the skills needed for post-secondary and careers. This is accomplished by providing interest-based programs that meet industry standards.

Course Description: Introduction to Law, Public Safety, Corrections, and Security (LPSCS) is the pre-requisite for all other courses within the Career Cluster. This course provides students with career focused educational opportunities in various LPSCS fields. It examines the basic concepts of law related to citizens’ rights and the responsibilities, and students will receive instruction in critical skill areas including: communicating with diverse groups, conflict resolution, ethics, CERT (Citizens Emergency Response Training, or similar program), basic firefighting, report writing, terrorism, civil and criminal law. Career planning and employability skills will be emphasized.

Course Prerequisites: none

Articulation: Articulation is the process by which academic or technical credits earned through high school programs may be acceptable in transfer by various community colleges and some four year institutions. Credits earned appear on a college transcript. This course is not currently articulated.

Dear Parent or Guardian,

I want to take this opportunity to introduce myself and express my excitement about working with your child this semester (2020-2021). I love teaching Public Safety because I care deeply about each of my students. I believe students can grow and develop by examining the issues we cover in class. The main goal of my course is to get an idea of what it takes to become a Public Servant (Police Officer, Firefighter, Paramedic, Paralegal, or Corrections Officer). Over the course of this year, we will put on a Public Safety Career Fair, attend virtual tours, and explore many areas of Public Safety. Additional information about the class is provided in the syllabus attached to this page. Please read that syllabus and sign the detachable portion on the bottom of this note in order to indicate your understanding and support of the classroom system. There is also space provided for you to express any questions, concerns or comments. Students should return that portion to me.

Also note that if you ever have any comments, questions or concerns, I am available for phone calls and meetings (by appointment please) each day after school. To schedule a meeting, you may contact me via email at devin.driver@acboe.net

I am excited about working with your child. I welcome questions or comments, and am looking forward to a great year!

Sincerely,

Mr. Driver

Fire Science Instructor
