

Good evening parents of the Randolph County School System,

This is Stephen Gainey. I am calling to make you aware that our school system is embarking on a process for continuous accreditation through an organization named Cognia. Throughout this process, we are required to provide opportunities for feedback from parents. The first step in this process is a "Stakeholder Survey." You can complete the survey online by way of a link on our school system's webpage or a link on the webpage of your child's school. This online survey will be available starting tonight, 10/12/21, through 10/31/21. This accreditation process is an exciting opportunity for our school system to learn more about our daily work. Please join me in making this accreditation process a positive and exciting one. Our school system has an opportunity to learn a lot of key information to use in future years. Opportunities like this one to gain information will be very important in our efforts to continually improve as a school system in the future.

This message also will be posted on the homepage of the school system's website for your reference.

I hope everyone has a great night!!!!
