

**“Every Student Succeeds Act”
Title I Home and School Involvement Compact
Ada Early Childhood Center**

The Ada City Schools District receives Federal Grant money from many sources. One source is Title I, “Improving the Academic Achievement of the Disadvantaged.” The Ada City Schools District participates in this grant as a “schoolwide” participant. What this means is simply this; all children attending school in our district can participate in, and benefit from, all Title I activities and instructional programs. Every student, regardless of race, gender, or economic background, receives the benefits from Title I funds on an equal basis as every other student at Title I sites. To ensure that the Ada City Schools District meets the obligations and requirements of Title I, you are asked to sign a “Home and School Compact.” This compact is available so you can see our obligations under Title I requirements, and provides us with assurances that you will participate in the educational process of your child as well. All of us – teachers, administrators, and parents – working together, can make a positive difference in student achievement.
