

Ashley Dabrowski
Quarter 1 Student Success Story
North Country Charter Academy

Ashley Dabrowski has joined us at NCCA - Lancaster this year from Berlin. She came to us as a freshman, just a few weeks into the school year, in hopes that she would be able to graduate early. My, how she has exceeded her own expectations! Ashley has zipped through five courses in her first quarter here and is working through two more as we begin our second quarter. While some of these classes are not Ashley's favorite subjects, she works through them with enthusiasm and is never afraid to advocate for herself when she needs help. Her determination to be successful is apparent in all she does, and she is dedicated to earning her diploma.
