.A. Process for Monitoring Implementation: Describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instruction time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

To address the mental, social and emotional needs of our students; the academic impact of lost instruction time; and to ensure equity among students, we are using the following overall process:

Step One: Conduct Needs Assessment

- Collect and analyze relevant data
- Prioritize needs
- Determine root causes and contributing factors
- Assess for professional learning needs

Step Two: Revise School/District Improvement Plan (based on needs assessment)

- Establish goals
- Identify actions, strategies, interventions
- Determine artifacts and evidence

- Establish a system for implementing, monitoring and assessing (*see below for additional information)

Step Three: Execute Plan

- Communicate expectations to Pottsville faculty and families
- Provide needed resources
- Provide professional learning as needed

Step Four: Determine Progress

- Identify what is/is not working
- Adjust actions, strategies and interventions
- Evaluate impact on student learning

***Specific LEA Monitoring and Communication Regarding Interventions include:**

- Vertical and Horizontal Team Meetings
- PLC Meetings
- Monthly SLIP Meetings
- TESS/EdReflect

- SLIP Action Plans submitted monthly to Federal Programs Coordinator
- Reflection Forms turned in to Curriculum Coordinator
- Meeting minutes
- Curriculum Maps
- Lesson Plans
- Contact Logs
- Pre/Post Tests
- Surveys

2.B. Process for Evaluating Implementation: Please describe how the LEA will evaluate the effectiveness of these interventions.

We will use the following method as well for evaluating the implementation of interventions:

Conduct Needs Assessment

- Collect and analyze relevant data (*see below for examples)
- Prioritize needs
- Determine root causes and contributing factors
- Assess for professional learning needs

***Examples of Data to be used for Evaluation purposes:**

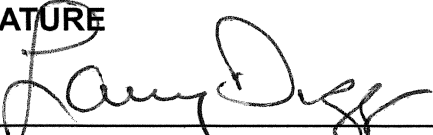

- Accelerated Reader/Math Results
- ACT
- ACT Aspire
- ELPA Results
- Classroom Walkthrough Results
- NWEA Assessments
- ESSA Scores
- ELPA Scores
- APNA Results
- Interim Assessments
- Surveys
- School Health Index

The process of implementation may then start over (beginning with step 2) pending the results of the needs assessment.
