Superintendent's Welcome

Parents and Students,

Welcome to another exciting year at Lanier County Schools! We are thrilled to have you back and ready to build on the tremendous momentum we've established together.

As we reflect on the 2025-2026 school year, we are incredibly proud of what our students and staff accomplished. Despite the many obstacles we faced, our students demonstrated remarkable growth in mathematics, with improved achievement across many

areas in grades 3 through high school. Our high school maintained a four-year graduation rate exceeding 95%—a testament to our commitment to student success. Beyond the classroom, our student-athletes brought home exceptional honors: a state track champion, the state softball championship, and our third consecutive state baseball championship. These achievements—academic and athletic alike—demonstrate the unwavering dedication of our teachers and staff, exemplifying the very best of what Lanier County Schools represents. These accomplishments are a testament to the power of community, determination, and a shared commitment to excellence.

Safety remains our paramount concern. Everything we do—from our daily operations to our long-term planning—is guided by our commitment to creating a secure, supportive learning environment for every student and staff member. We continue to refine and strengthen our safety initiatives and programs to ensure that our schools are places where learning can flourish without worry or fear.

This handbook serves one resource to navigate our schools successfully. It addresses student conduct expectations, academic standards, health policies, and much more. It is an essential resource for understanding how we operate and what we expect from our school community.

We value your partnership. Parents and guardians, your engagement and involvement in your child's education are vital to their success. We encourage you to stay connected with your child's teachers and administrators, ask questions, share concerns, and celebrate victories—both big and small. Together, we can support each student's growth and help them reach their full potential.

All students and families are expected to review this handbook thoroughly, including the code of conduct and student dress code. These guidelines help us maintain a positive, inclusive environment where everyone can thrive.

As we embark on this new school year, we look forward to working alongside you to create an outstanding educational experience for our young people. Thank you for being part of the Lanier County Schools family.

Here's to a remarkable year ahead!

Warmly,

Gene Culpepper

BELIEFS

In Lanier County Schools, we believe

- Sound policies and procedures, systematic and continuous monitoring, evaluation, and feedback increases organizational effectiveness.
- The school system, students, parents, and the community at-large share the responsibility for ensuring an effective education program.
- A well-trained staff is essential for an effective education.
- A safe and supportive environment is essential for growth and success.
- All students should have access to highly effective instruction.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in the Code of Conduct, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school, provided any such action does not violate school board policy or procedures.

Any student or potential student whose presence would pose a danger to the people or the property at a school may be refused admittance or removed from class pending tribunal action by the superintendent, the superintendent's designee, or a school administrator.

SCHOOL HOURS, ARRIVAL, AND DISMISSAL

Instructional time for all schools begins promptly at 7:50 a.m. Students arriving to class after 7:50 a.m. will be marked tardy.

Students may enter the elementary school cafeteria beginning at 7:15 a.m. and the

middle/high school cafeteria beginning at 7:00 a.m. Students should not be dropped off before these times, as school supervision is not available prior to student entry times. Breakfast is served in school cafeterias from 7:15 a.m. until 7:45 a.m. Students planning to eat breakfast at school should arrive in the cafeteria no later than 7:40 a.m.

All schools dismiss at 2:50 p.m. Students are expected to leave campus by 3:20 p.m. unless participating in a school-sponsored activity under the direct supervision of a teacher, coach, or administrator. School offices are open daily from 7:30 a.m. until 4:30 p.m. School buildings will be locked at 4:30 p.m.

TRANSPORTATION CHANGES

For the safety of all children, phone messages, emails, fax, or text will not be accepted to change a student's means of transportation in the afternoons. Any change in a student's normal transportation from school must be submitted to the office in writing or in person by a parent or guardian. All written notes will be verified prior to approval. No change requests will be made after 2:30 p.m. If the student will be riding a different bus, the request must include the address where the student is to be let off the bus. Bus drivers will not transport students without a valid bus pass.

DEBT OBLIGATIONS/FINANCIAL RESPONSIBILITY

Students are responsible for any debts incurred while attending Lanier County Schools. These debts may include but are not limited to monies owed to the office, library, athletic department, clubs, or school board. Students must clear debts before receiving a locker, parking permit, report card, or diploma. Middle and high school students having outstanding debt will not be allowed to participate in extracurricular activities including graduation until all debts have been cleared.

DELIVERIES

Food and other deliveries for students are not allowed at school. Any exceptions must be approved by the Superintendent.

MOMENT OF SILENCE AND PLEDGE TO THE FLAG

Students, faculty, and staff will observe a moment of silence and recite the pledge to the flag during morning announcements each morning.

BEHAVIOR AND EXPECTATIONS

STUDENT CODE OF CONDUCT

The discipline policy is constructed to provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which require students to conduct themselves at all times in a manner that facilitates a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board, and to obey student

behavior rules established at each school within the district.

The schools' primary goals are to educate, not punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations, and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time
- Off school grounds at any school activity, function, or event and while traveling to and from each event
- In vehicles provided for student transportation by the school system and any designated school bus stop

Students may also be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Parents are urged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Parent involvement is the most desirable avenue for correcting behavioral problems and will be used when possible. Parent conferences may be used in conjunction with other forms of discipline. Parents shall be involved in periodic revisions of the Code of Student Conduct.

Further, the General Assembly of Georgia requires this code of conduct include language encouraging parents and guardians to inform their children of the consequences, including potential criminal penalties for

underage sexual conduct and other crimes for which a minor can be tried as an adult.

This Code of Student Conduct shall be available to each student and parent in the district, including newly enrolled students. Parents should sign an acknowledgement of the receipt of the code. This code shall be available online, and any updates will be posted online as soon as approved. A printed copy will be available at the beginning of each school year and thereafter upon request. Any online changes supersede printed copies.

Federal and state laws and regulations that are in conflict with this code or its application shall take precedence.

The rules listed in this policy apply to all Lanier County Schools. The dispositions listed are recommended maximums. More severe punishment may be necessary. Notwithstanding the recommended maximum dispositions, a principal, acting through and with the concurrence of the superintendent or superintendent's designee, may refer a student to a disciplinary tribunal for disciplinary action arising out of the violation of any of these rules. Upon such referral, and after proper notice and hearing, appropriate action may be taken.

The Lanier County Board of Education allows the use of corporal punishment. It may be used in lieu of suspension at the discretion of the administrator. See Board Policy JDA.

The handbook represents a progressive discipline process. Factors taken into account in determining dispositions include, but are not limited to:

- Student's History
- Degree of premeditation, impulse, or self-defense
- Age
- Disability
- Evidence

- Willingness to cooperate
- Seriousness of the offense

Because of these factors, punishment imposed may vary from student to student for the same offense.

Students accused of violating this code should be advised of the violation and given a reasonable opportunity to present their position.

School administrators have the authority to suspend or recommend students for expulsion for violation of reasonable rules or regulations. A student, while under suspension or expulsion, is not allowed to loiter on any Lanier County Board of Education property or take part in any school activity.

The system may assign to the alternative program, expel, or refuse admission to any student who engages or has engaged in behavior - either on or off campus - which could result in the student being criminally charged with a felony or misdemeanor and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

If a student enrolls from another school system's alternative education program before the expiration of the placement, the placement will continue at the Lanier Alternative Program.

Students with disabilities suspended or expelled from regular transportation are not automatically assigned to a special education bus. Placement on special transportation, when extenuating circumstances are present, will be decided on an individual basis by the IEP committee.

As per O.C.G.A. 20-2-768, Lanier County Schools is authorized to refuse to readmit or enroll any student who has been suspended or expelled for being convicted of, being adjudicated to have committed, being

indicted for, or having information filed for the commission of any felony or any delinquent act which would be a felony if committed by an adult. If refused readmission or enrollment, the student or the student's parent or legal guardian has the right to request a hearing pursuant to the procedures provided for in Code Section 20-2-754

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option.

CHRONICALLY DISRUPTIVE STUDENTS

A teacher shall have the authority, consistent with local board policy, to manage his or her classroom, discipline students, and refer a student to the principal or the principal's designee to maintain discipline in the classroom. The principal or the principal's designee shall respond when a student is referred by a teacher by employing appropriate discipline management techniques that are consistent with local board policy.

A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report pursuant to Code Section 20-2-737 or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. Each school principal shall fully support the authority of every teacher in his or her school to remove a student from the classroom under this code section. Each school principal shall implement the policies

and procedures of the superintendent and local board of education relating to the authority of every teacher to remove a student from the classroom and shall disseminate such policies and procedures to faculty, staff, and parents or guardians of students.

Lanier County Schools' procedures for dealing with chronically disruptive students are included in the district's behavior support process, the Multi-tiered System of Supports (MTSS). The Behavior plans may be included in the MTSS process. The Superintendent is authorized to develop procedures pursuant to OCGA 20-2-738, enabling a teacher to remove from class a student who repeatedly or substantially disrupts the class.

CHRONIC DISCIPLINARY STUDENTS

Parents will be contacted and a parent conference will be required to develop a disciplinary and behavioral correction plan when their child has been identified as a chronic disciplinary problem student OCGA 20-2-765. Students accumulating 10 days of ISS/OSS or 5 office referrals may be placed on probation (behavior contract) for chronic misbehavior. Behavior contracts may span multiple school terms or years.

Student Hearing Procedure

Students may be referred to a disciplinary tribunal hearing in certain instances. See BOE Policy JCEB: Student Hearing Procedure.

Discipline of Students with Disabilities

Students who have been identified as students with disabilities and are receiving special education under the provisions of the Individuals with Disabilities Act (IDEA) must be viewed differently in determining appropriate discipline. Before long-term suspension or expulsion may occur, it must first be determined whether the misconduct

of the students in issue is a manifestation of the student's disability. Disciplinary decisions for students with disabilities shall be made in accordance with IDEA, its implementing regulations and State Board of Education rules.

The system testing calendar can be found on the Lanier County School District website. This calendar contains all state mandated tests and the dates of their administration.

All students are required to participate in all state administered assessments applicable to their grade level and status.

SCHOOL SPONSORED CLUBS AND ORGANIZATIONS

School sponsored clubs and organizations (excluding competitive interscholastic activities or events) are those under the sponsorship, direction, and control of the school that organize and meet for common goals, objectives, and purposes. State law requires that parents have the right to withhold permission for their students to participate in any school sponsored club or organization designated by them. Each school will send home a list of school sponsored clubs/organizations and sponsors along with a form you may use to opt your child out of participation.

Each club must have a certified staff member as a club sponsor. All clubs must be approved by the BOE.

FIELD TRIPS

These activities are extensions of our normal academic curriculum. Field trips are an excellent way to motivate students and provide extended study on concepts introduced in the regular classroom setting. All field trips must meet the following criteria:

- Support classroom objectives
- Receive the approval of the school principal, superintendent, and the board of education
- Use the school system transportation and faculty chaperones unless otherwise designated by the principal or superintendent.

Field trips will be well planned and carefully executed. The date, time, and all pertinent information will be determined well in advance of the actual trip date. Good student behavior will be included as a requirement for participation in school field trips. Any students with behavioral issues while on a field trip will be denied participation in future field trips.

Parents may participate in some school field trips. Parents must provide their own transportation for field trips if they plan to attend. All students will use school provided transportation. Parents must inform homeroom teachers of their intent to participate in field trip activities in advance of the field trip so that necessary arrangements can be made such as

admissions, fees, lunches, etc. Other siblings will not be allowed to participate in field trips.

All students remain the responsibility of the school personnel while participating in field trip activities. Students will be transported to and from field trip activities by school provided vehicles unless approved by the school principal.

EXTRA-CURRICULAR ACTIVITIES

Many opportunities exist for students to participate in extracurricular activities. Many of these activities enhance classroom instruction. Students can win awards and scholarships through athletic and/or CTAE student organizations. Students are encouraged to participate in extracurricular activities.

Students must be present at school for at least one-half of the instructional day in order to participate in any extracurricular activity scheduled for that day, including but not limited to athletic events, performances, club activities, and other school-sponsored events. Exceptions may be made for medical appointments or other extenuating circumstances approved by the principal or designee.

ALTERNATIVE PROGRAM

Upon assignment to the Alternative Program, the student and parent/guardian will meet with the alternative program administrator. Rules, regulations, and other alternative program procedures will be covered at this time.

Students assigned to the Alternative Program will NOT be transported by LCS transportation services.

Students assigned to the Alternative Program cannot attend or participate in any school function or athletic event except at the discretion of the principal.

HEALTH, SAFETY, & NUTRITION

Students have access to a registered nurse at our school. All students must have a current Nursing Services Parental Consent form on file to be seen/treated by the nurse in the clinic. If a student has a chronic health concern (diabetes, asthma, seizure disorder, food allergies, etc.) a care plan for that condition needs to be completed and on file in the school clinic in addition to the Nursing Services Parental Consent.

Injuries

Lanier County School District is committed to providing a safe educational environment for all students. However, accidents do occur and the school district is not responsible for any expenses incurred due to accidents, which occur during school, or school sponsored activities. Minor injuries will be treated at school by the school clinic staff. If your child needs emergency medical treatment and you cannot be reached by phone, school personnel will contact EMS or transport your child to the nearest healthcare facility.

MEDICINES

Medication/Over-the-Counter Drugs

The Medication Authorization and Release (MAR) form (available in the clinic) must be completed and signed by the parent before any medication is administered. Students who are taking medication on a daily basis for such conditions as asthma, seizures, diabetes, etc. will be administered their medication at school, unless the student has on file written medical authorization to possess

and self-administer medication to treat asthma or other respiratory conditions, allergies, or diabetes in accordance with Policy JGCD.

Prescription medication will only be given to the child under the following conditions:

- A. When medication is prescribed by a doctor
- B. When the medication is in the original container, with the label giving the child's name, name of medication, dosage strength, and instructions for use, physician's name, and the date of the prescription.
- C. When it is necessary to administer the medication during school hours, the school will provide the control and supervision of the administration of the medication detailed below:
 - Staff designated by the principal shall be responsible for administering medication to students and storing all medication in a secure location.
 - All medications must be brought to the clinic in the original containers, clearly labeled as to the name of the student, dosage and time for each dose.
 - Any student who must have the medication administered during school hours shall have on file a Medication Authorization & Release form signed by the parents or legal guardians of the student. The medication will be administered in accordance with the written instructions from the student's physician.
 - A log for each student containing the name of the medication, the date and time given, and the amount of each dosage given will be maintained for each medication administered

- NO MEDICATIONS SHALL BE ON THE SCHOOL CAMPUS WITHOUT PERMISSION.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription or epinephrine. Such persons also are authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress, regardless of whether the student has a prescription for levalbuterol sulfate.

Lanier County Schools is authorized to maintain a stock supply of opioid antagonists in a secure location with authorized school personnel trained to administer opioid antagonists.

Any school employee who in good faith administers or chooses not to administer auto-injectable epinephrine, opioid antagonists, or such medication to a student in such circumstances shall be immune from civil liability.

SCHOOL INSURANCE

Our Schools are committed to providing a safe environment for all classrooms, labs, and programs. Lanier County Schools do not require accidental insurance for regular activities; however, parents are strongly encouraged to secure insurance in the event of an accident.

All students participating in interscholastic athletics, including season practice, must be insured. Insurance coverage is a prerequisite to participation. An accidental insurance policy for students is available for purchase. See the “Student Accident Insurance” link on the Lanier County Schools website for more information. The Lanier County School District is not liable for expenses occurring for accidents during school or school sponsored activities.

SCHOOL NUTRITION PROGRAM

Lanier County continues to be eligible to participate in the Community Eligibility Participation (CEP) for Free Meal Reimbursement.

Through CEP, meals are offered at no charge to all students. This eliminates the procedure of distributing and processing meal applications. Students are still required to pay for any “extra” items. Visitors must pay \$4.50 for meals.

Students are not allowed to charge any items in the school cafeteria. Any additional food items or portions must be purchased from the cashier.

HEALTH & SAFETY COURSES

It shall be the policy of the Lanier County Board of Education to provide age-appropriate, developmentally-based drug and alcohol education and prevention programs, which address the legal, social and health consequences of drug and alcohol use to provide information about effective techniques for resisting peer pressure to use illicit drugs or alcohol.

The program will be provided for all students in the system. These programs shall also provide information about any drug and alcohol counseling rehabilitation and re-entry programs available to students.

State law mandates a comprehensive health program appropriate for a child’s age group for all K-12 students.

- A committee periodically reviews instructional materials and makes recommendations to the Lanier County Board of Education concerning program implementation.
- Instructional materials are implemented in the appropriate grades as required by state Georgia Performance Standards.
- Parents or legal guardians can review all health instructional materials to be used by teachers, which have been approved by the local board of education.
- The parent/legal guardian has the right to request, in writing, that a child not receive instruction.
- If such a request is made, an alternative health assignment will be provided for the student.

COMMUNICABLE DISEASES AND CONDITIONS

Students may not come to school with any communicable or contagious conditions.

Lanier County Schools has a NO LIVE (dark) NIT policy. Students will be sent home from school for temperatures of 100 degrees or higher with any communicable or contagious conditions. Students must be fever free for 24 hours WITHOUT the use of fever reducing medications such as Tylenol or Motrin before returning to school. If a student is sent home by the nurse due to illness he/she should not return to school the next day. The absence will be excused by the nurse. Before a student with a contagious condition returns to school he/she must have a clearance from a physician or the school clinic staff.

EMERGENCY SCHOOL CLOSURES

The Superintendent or designee is authorized to close schools in the event of extreme emergency. In the event of weather conditions that would make traveling hazardous, an announcement will be made by the news media by 7:00 a.m. if schools are not to open on a particular day. Closing within the school day as a result of emergency must have approval of the Superintendent or designee. In emergency situations arising within the schools, the Superintendent shall have power to act regarding emergency closings, but his/her decision shall be subject to review by action of the Board at its next regular meeting.

LEGAL RIGHTS & NOTICES

EQUAL EDUCATION OPPORTUNITIES (BOE POLICY JAA)

The School District does not discriminate on the basis of race, color or national origin, sex or disability in any student program. It is the policy of the Board of

Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act and all accompanying regulations.

Any student, parent or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

COMPLAINTS PROCEDURE

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. Any student, employee, parent or other person with a complaint or report alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education [or by the principal]. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.

2. If the alleged offending individual is the coordinator or the principal, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.
3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the principal or his or her designee.
4. If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.
5. The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.
6. This policy is not intended to deprive any student or parent of any right they may have to file a complaint under any other applicable policy of the local board or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above.
7. The School District shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, parents and employees through appropriate procedures.
8. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.
9. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and complies with the law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

NON-DISCRIMINATION NOTICE

Lanier County Schools does not discriminate on the basis of sex (Title IX),

race (Title VI), disability (Section 504 and ADA) in admissions or employment, or age (ADEA), and that inquiries concerning the application of federal law may be referred to the appropriate coordinator or the Office of Civil Rights.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

FERPA affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) or older, your own education records. Parents or eligible students should submit to the Principal a written request identifying the record(s) they wish to inspect. The Principal will make arrangements for access and provide notice of such arrangements.

(2) The right to request the amendment of the student’s education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. To request the school district to amend a record, parents or eligible students should write to the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information (PII) from the student’s education records,

except to the extent that FERPA and its implementing regulations authorize disclosure without consent. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); a member of the school board; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his/her tasks. The District allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district’s control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made, and cannot be released to other parties without authorization.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

(4) FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of

personally identifiable information from the student's education records. However, the district may disclose appropriate designated "directory information" without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student's education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, and honor roll or other recognition lists.

The School District has designated the following information as directory information:

- a. Student's name, address and telephone number;
- b. Student's date and place of birth;
- c. Student's participation in official school activities and sports;
- d. Weight and height of members of an athletic team;
- e. Dates of attendance at schools within the district;
- f. Honors and awards received during the time enrolled in district schools;
- g. Photograph; and
- h. Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school system that they do not want their student's information disclosed without their prior written consent. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the

public upon request without your prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing within 15 days after officially enrolling in school or within 15 days of the date of the release of this notice.

(5) You are also notified that from time to time students may be photographed, recorded, or interviewed by the news media at school or some school activity or event; unless you, as a parent/guardian object in writing to the principal to your student being photographed, recorded or interviewed. You must notify the principal of your objection by the date specified above. The principal will take reasonable steps to control the media's access to students. However, your submission of a written objection does not constitute a guarantee that your student will not be interviewed in circumstances which are not within the knowledge or control of the principal.

(6) You have the right to file with the United States Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA or the regulations promulgated thereunder. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

Parents and eligible students will be notified at the beginning of the school year if the school district has identified the specific or approximate dates during the school year when any of the activities listed above are expected to be scheduled. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys.

The Board of Education has developed and adopted policies, in conjunction with parents, regarding these rights as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The district will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The district will also directly notify parents of students who are scheduled to participate in the specific activities or surveys noted above and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey.

The school is required by federal law to give this notice to parents. However, the school does not have scheduled any such activities as are described above.

If any such activities are initiated during the school year, parents will be notified accordingly and will be afforded all the rights described herein.

SECTION 504

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system’s central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents Under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices. See BOE Policy – Equal Educational Opportunities – JAA.

INFORMATION RELEASE

In cases of divorce, unless the school receives a legal document or copy of the divorce decree stating that one parent does not have access to the child or

his/her records, we are obligated to treat both parents as a legal parent with access to the child’s records.

SEARCHES

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules or is in possession of evidence that the student broke the law or school rules. Student vehicles brought on campus, student books bags, school lockers, desks and other school property are subject to inspection and search at any time without further notice to students or parents. Cell phones, multi-media or electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers, cell phones/electronic devices, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside normal school hours or off campus at the discretion of administrators.

1. Whether the teacher has met Georgia Professional Standards Commission requirements for certification for the grade level and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under an emergency or other provisional status through which Georgia qualifications or certification criteria have been waived;

3. The college major and any graduate certification or degree held by the teacher; Whether the teacher is teaching under the field of discipline of the teacher's certification;

Notification requirements apply to all teachers in all schools/programs in Lanier County. Notifications must be made within ten business days following the four consecutive weeks. SERVICES

HOMELESSNESS

The McKinney-Vento Homeless Assistance Act of the Every Student Succeeds Act (ESSA) ensures educational rights and protections for children and youth experiencing homelessness. For assistance, contact your school's social worker or the Lanier County Schools'

district liaison located at the Board of Education.

HOSPITAL HOMEBOUND SERVICES

Students who become seriously ill or who will be hospitalized for an extended period may be eligible for Hospital Homebound instruction. Parents should contact the child's Guidance Office for information as soon as the problem is known.

Students enrolled in the Hospital Homebound program are not considered absent because they receive services from a certified teacher for a specified number of hours each week.

TITLE I SCHOOL WIDE PROGRAMS

Title I Services

Title I, Part A is a federally funded program under the Every Student Succeeds Act (ESSA). All schools in Lanier County are Schoolwide Title I Program Schools which allows them to upgrade the entire educational program. The primary goal of SW Title I schools is to ensure that all students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on state academic achievement standards. In addition to student support, Title I also provides support for parents to assist their child at home in order to increase student achievement. Teachers at Title I schools also benefit from additional professional development and instructional resources.

As we work together to provide a quality education for your child, parent input is important and encouraged in Lanier County. Throughout the year, your child's school will invite you to provide feedback and comments regarding various

components of their Title I Program. This includes their Comprehensive Needs Assessment, Schoolwide Plan, the Parent and Family Engagement Plan, School-Parent Compacts, as well as the Title I Budget held throughout the year to ensure stakeholders are provided opportunities and experiences that enable them to promote high student academic achievement and advocate for students. Stakeholders are also involved in the development and review of district plans and budgets.

Title I, Part A funding requires that each school system have a state educational agency approved plan coordinated with the McKinney-Vento Homeless Assistance Act. Lanier County Schools has a plan, under Title I, Part A, describing the services Lanier County will provide to homeless children, including services that will be provided with funds set aside under ESSA Section 1113(c)(3)(A). A copy of the McKinney-Vento Homeless Assistance Act and the plan are available at each school office and the BOE office. The Homeless Act is used to train staff and as a guide when identifying and determining which students are eligible for services. Lanier County Schools has a liaison for homeless children and youth. For additional information, please contact the Homeless Liaison at (229) 482-3868 or the Federal Programs Director at (229) 482-3966.

Intradistrict Transfer Option

Beginning with the 2012-2013 school year, the NCLB Choice was replaced by state law (O.C.G.A. §§20-2-2130-20-2-2131) Intradistrict Transfer. The Intradistrict Transfer Option allows a parent/ guardian the option to request a transfer from a child's assigned school to a school of the parent's choice within the school zone/district in

which the child resides. Intradistrict Transfer Option is not available for parents/guardians as there is only one school per grade span in Lanier County.

OBSERVATIONS & VISITS

As an educational institution committed to providing our students with the best educational environment, we strive to minimize interruptions and distractions. In addition, the school is sensitive to the issue of security and supervision of classes.

Parents are welcomed and encouraged to keep in touch throughout the school year with their child's teachers. Surprise visits are not allowed as they interrupt the teacher's instructional time. Conferences must be scheduled in advance and only during the teacher's planning period or after school.

For the protection of our students, all parents and visitors must stop by the front office immediately upon entering the building. All visitors (parents, volunteers, community members, etc.) must sign in and obtain a visitor's pass from the office before going on to the rest of the campus and return the pass before leaving campus. Visitor passes must be visible while on campus. Visitors are not allowed during lunch unless they are the parent or guardian of the student. All visitors not reporting to the office and obtaining a pass are subject to criminal trespass charges. All visitors are expected to dress appropriately for a school setting. All visitors should park in a parking space.

Student visitors or social visits are not allowed.

Parent/Guardian Observations and Visits

Parents and guardians are always welcome to observe in a classroom by appointment only. In the event you wish to observe your child in a classroom,

please contact the school office and a visit may be scheduled. Observations are limited to one 15-minute observation per semester. Please keep in mind that the classroom observation should in no way interfere with instruction. Observations are limited to parents and guardians. Observers will be accompanied by school staff.

Questions for the teacher as a result of the observation should be deferred to a more appropriate time. Appointments to talk with the teacher and/or principals may be scheduled through the school office.

Cafeteria Visits

Parents and guardians may occasionally have lunch with their child as long as it does not interfere with the regular traffic flow in the lunchroom. Parents may only eat with their own child in an assigned designated area. Other children will not be allowed to join. When students are eating with their parents, they must still observe the arrival and departure times for their class.

Requests for Outside Observations

Parents may request observations of their student in the school setting by private therapists or counselors. Counselors or therapists must obtain approval including necessary background checks and required documentation prior to observing students. Persons approved to conduct observations must be on the district approved list. Once a therapist or counselor is approved by the district, observations must be coordinated at the discretion of the principal and teacher. Observations will be limited to no more than one 45-minute segment per month.

The school reserves the right to limit and/or revoke individual visitation and observation privileges.

SAFETY AND RESPONSIBILITY

Lanier County Schools Averages 40 runs on a daily basis transporting over 1,200 students. Prior to transporting students, school bus drivers are required to complete an extensive training program in Lanier County. Bus drivers are also required to attend regularly scheduled safety meetings and participate in professional development. Buses are inspected by drivers prior to each trip and preventive maintenance inspections are performed by the school system mechanic each month. Additional spot checks and annual inspections are conducted by the Georgia State Patrol. Parents, teachers, and students must also take an active role in school bus safety. The actions of children that affect their safety and the safety of others at the bus stop and on the bus are of great concern to everyone.

The entire community must take the responsibility of securing an optimum level of bus safety for our school children.

The following items are considered severe violations (zero tolerance): Assault and battery against an employee and/or other student; possession, transmission, use of illegal substances; weapons; bomb threats; sexual misconduct; destruction/vandalism of property; and other criminal law violations.

While Waiting for the Bus:

Students should wait away from the roadway at their designated stop. There should be no horse playing, pushing or shoving while coming to the bus stop or while at the bus stop. Students that do not live on the same side of the road as the bus pick-up must wait on their side of the road until the bus arrives. If your child has to cross the road, they must wait for the driver to give instructions for when it is safe for them to cross.

While Loading the Bus at the Designated Stop (opposite side of the road):

When a student has to cross the road to board the bus, they must stand on their side of the road. Students must wait for the bus to come to a complete stop, wait for the entrance door to open and look to be sure the red stop lights are flashing before ever approaching the bus to load. Students must wait for the driver to give a verbal or physical sign that it is ok to cross the road. Even after all the above, students must quickly look both ways to be sure the road is still clear and all other vehicles have stopped. Students must always cross in front of the bus and should always use the handrail when stepping up on the bus. There should be no pushing, shoving or horse playing while loading the bus. Students should be seated in their seat as carefully but as promptly as possible and remain there until they reach their school or destination.

While on the Bus:

Once students board the bus, the driver is in full charge of the safety of your child. Students must follow the listed “Bus Regulations” found in “Code of Student Conduct” to insure a safe ride, whether it is from home to school or back home or any school-sponsored trips.

While Unloading the Bus at The School or Destination:

Students should unload the bus in single file from front to back with no pushing, shoving or horse playing while unloading the bus. Students should use the handrail as they depart the bus until both feet are on the ground. Students should check for an approaching bus on the door side before stepping off the bus while unloading. Students should look both ways before crossing the traffic area and

should clear this area as quickly and safely as possible. Students should never return to the bus without supervision of an administrator.

While Loading the Bus at The School:

Students should wait for buses in a safe area designated by the school. The bus should come to a complete stop and your child must wait for the driver to open the entrance door before approaching the bus. Students should look both ways before leaving the curb and crossing the traffic area to approach the bus. Students must watch for other buses pulling up by the door side while loading the bus. Students should line up in a single file in the order they arrive at the bus and should use the handrail to load. There should be no pushing, shoving or horse playing while coming to, while loading and while getting to their seat. Students should get to their seat as carefully but as promptly as possible and remain there until they reach their designated stop.

While Unloading the Bus at The Designated Stop:

Students should unload the bus in single file from front to back with no pushing, shoving or horse playing. Students should use the handrail as they depart the bus until both feet are on the ground. Students should exit the bus and clear the roadway and continue to move until they are safely away from the bus.

Students who live on the opposite side of the road, must cross in front of the bus while the bus is at their stop. When a student must cross the road, they should stop at the front of the bus and look both ways before continuing to cross. When all is clear, students should clear the roadway as quickly as possible. Students should go directly home and never return to the bus for any reason. Please instruct your child to never retrieve an item that is dropped

and goes under the bus. Students who have permission from parents to check their mailbox (that lives on the same side of the road as their mailbox) must clear the roadway and wait for the bus to depart and traffic to clear before returning to the roadway to the mailbox. If your child lives on the opposite side of the road from their mailbox, they must cross over to their side of the road while the bus is at their stop. If your child has permission from you to check the mailbox and you live on the opposite side of the road from your mailbox, your child must also wait until after the bus has departed their stop and traffic to clear before crossing back over the road to check their mailbox.
