3 Year Career Portfolio 2021-2022

New Brighton Area School District implements a 3 Year Career Portfolio broken into 3 parts as the final exit activity. The 3 Year Career Portfolio needs to be satisfactorily completed according to the standards set in order to graduate. The requirements of the project will be completed both during class as assigned activities and outside of school as independent activities. The student is responsible for completing all requirements of the project. If a student is absent on a day an activity is completed, he/she is still responsible for the assignment. Students should talk with the teacher who facilitated the activity for completion requirements. Students can also speak to their counselor if they have questions or need help.

The timeline for this project provides ample time for all parts of the project to be completed successfully. Tips for Writing Journal Entries/Reflections

- A journal entry/reflection is needed for the following experiences:
 - Post-Secondary visits (2 visits)
 - Community Service (10 hours)
 - 1 journal entry can be written for all 10 hours even if they are not done at the same place. Include all of your experiences in the same journal entry. Use proper writing technique to separate your paragraphs/experiences.
- During your experience, pay close attention to details; names of people helping you, where you are, what you are doing specifically etc.
- As soon as you are done and have a minute, take out your phone and jot down notes in your phone of those things you paid close attention to (from above).
- Think about the 3 What's
 - WHAT- recall your event
 - So WHAT now- reflect on the details of your event
 - WHAT's next- what have you learned and what can you take away from the experience?

Good questions to ask yourself as you write your reflection.

- 1) What actually happened? What was your experience?
- 2) What have you learned about the experience?
- 3) How has the experience impacted you?
- 4) Was your experience interesting? What did you like, dislike, why?

Letter of Appreciation

(Thank You letter to those you job shadowed)

Thanking someone for taking time from his/her busy schedule is very important. You should send a letter within two weeks after you job shadow, showing your appreciation for their time. This will be a graded Career Portfolio item. Make sure you keep a copy of your letter for your portfolio. Please do not send the letter until it has been approved by a parent, teacher or the Career Portfolio Coordinator. Proof-reading is very important when sending a letter to another person.
