## FY21 Foster Care Transportation Plan

The Georgia Department of Education (Department) is required to ensure the educational stability of children in foster care. (ESEA section 1111(g)(1)(E)). In coordination with state and tribal child welfare agencies, the Department must ensure that its LEAs implement the Title I educational stability requirements for children in foster care, including ensuring that:

- A child in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child's best interest;
- If it is not in the child's best interest to stay in his or her school of origin, the child is immediately enrolled in the new school even if the child is unable to produce records normally required for enrollment; and,
- That the new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records. (ESEA section 1111(g)(1)(E)(i)-(iii)). In fulfilling this role, the SEA should coordinate with the state or tribal child welfare agency to develop and disseminate uniform guidelines for implementing the Title I educational stability provisions. Developing uniform statewide policies and procedures for ensuring educational stability for children in foster care, as many States have already done under the Fostering Connections Act, will facilitate successful implementation at the local level. This is particularly important given the shared agency responsibility for educational stability under Title I and the Fostering Connections Act, and because a single LEA or local child welfare agency will likely have to collaborate with multiple partner agencies in implementing these provisions.

Additionally, the SEA must conduct regular monitoring and oversight to guarantee appropriate implementation of these provisions at the local level. (See 2 C.F.R. §§ 200.331(d), 200.328(a); 34 C.F.R. § 76.770).

On the state level, the Georgia Department of Human Services (DHS), which houses the Division of Family and Children Services (DFCS) periodically sends a list of children in foster care that are flagged in the Department's student information system for information sharing and reporting purposes; however, on the local level, LEAs will be notified directly by foster parents, Court Appointed Special Advocate, DFCS case workers or Education Support Monitors (ESM), within the Educational Programming, Assessment and Consultation (EPAC) unit of DFCS. Once identified, LEAs must implement its plan to ensure educational stability for children in care. For the best interest of the children in care, LEAs should follow all mandated regulations under FERPA and keep the status of these children confidential.

As a result, the Department is requiring all LEAs, including virtual schools and charter schools that function as an LEA, to complete a Foster Care Transportation Plan. The plan should be completed in addition to the development and implementation of written transportation procedures and the identification of a Foster Care Point of Contact. Please complete this plan and return it by:

## FY21 Foster Care Transportation Plan

**NOTE:** In order to answer the questions below, refer to the [Non-Regulatory Guidance: Ensuring Educational Stability for Children in Foster Care](#).

### I. Foster Care Transportation Plan: PLANNING

- A. The LEA's role is to have a transportation plan in place for children in foster care to their school of origin. Describe your plan to:
1. Coordinate transportation with the local child welfare agency.
  2. Implement steps to be taken if additional costs are incurred.
  3. Execute the local dispute resolution process.

Include the roles of key players (e.g. LEA Foster Care Point of Contact, LEA Superintendent, LEA Federal Program Director, EPAC Unit Education Support Monitor, Case Worker, Court Appointed Special Advocate, Juvenile Court representative, etc.) *Please limit the response to 1,000 characters.*

Coordination will occur between the key players, when applicable, regarding foster children entering and exiting care; changing placements; enrollment and withdrawal; and making best interest determinations. When transportation is an issue, those parties will collaborate to develop a transportation plan that meets the needs of the individual child. "No cost plans" will be explored first. WCS and DFCS will share transportation costs with DFCS assuming responsibility for transporting from outside of district lines. WCS will assume liability for in-county costs. In the event of a dispute, the Superintendent, DFCS County Director and the Federal Programs Director will make the final determination of the resolution.

- B. What steps should an LEA and local child welfare agency take to ensure that transportation is provided immediately, even if they face difficulty reaching agreement on how to pay for additional transportation costs? *Please limit the response to 1,000 characters.*

As outlined in Section A, DFCS assuming responsibility for extraordinary costs such as costs for transporting from outside of the district lines or to the district line pick-up point, and WCSS assuming liability for costs associated with WCS transportation (changes to bus assignments). Initial transportation planning will occur at the lowest level between CM, ESM (DFCS POC), and WCSS POC. Foster Parents and CASA will be included as appropriate. Disputes will be forwarded to the WCS Superintendent/Principal, WCSS Federal Program Director and DFCS County Director for resolution.

2. Final determination of how to pay for additional transportation costs incurred due to the reassignment on WCS buses will be made by the WCS Superintendent and Transportation Director.
3. Daily attendance will not be impacted by transportation disputes between WCS and DFCS. WCSS will provide or arrange for adequate and appropriate transportation to and from the child's school or origin during the dispute.

- C. The LEA must designate a Foster Care Point of Contact that coordinates with the local child welfare agency. Describe the point of contact's role and responsibilities. *Please limit the response to 1,000 characters.*

The WCS School Counselor will serve as the point of contact that coordinates with local DFCS. This individual will assume responsibility for streamlined communication and collaboration with DFCS Case Managers and Education Support Monitor (DFCS POC). Such collaboration will ensure the smooth implementation of provisions outlined in ESSA to include: thoughtful Best Interest Determinations; appropriate and timely transportation plans for those children placed out of the zone of their school of origin; and, immediate enrollment and records transfer. In addition, the WCS POC will ensure training for WCS staff with regards to the unique challenges of children in foster care; ensure monitoring of attendance and progress of foster children enrolled in WCS; and, ensure effective and confidential data collection and sharing.
