[A warning from an Evangelical leader](#)

Thanks to the advent of the internet and the smartphone, pornography is everywhere these days and easily accessible by children. That's the message from Dr. Albert Mohler of the Southern Baptist Convention, who is cheered by government efforts to address the problem but warns parents that THEY must be the first line of defense adding "You have a responsibility to cut off access and to prevent harm to your children. Highlights from Letters to Power 88

- I started listening to Power 88 when going through a tough time in my life. It lifted my spirits, focused my heart and filled me with good food. Since I have been listening, it has helped change my focus in life. This is a very important part of life for all of us.

- No other station can quite add up. If I change the station, I always feel like a part of me was left behind in the airwaves of Power 88.5. I have to immediately change it back, because I know where I belong and what God desires for me to hear.
