Issue No. 4 | November 2022

"If you have a problem or think you're going to have a problem, please come to the office and let us help you with your problem"

Message from Administration:

Silver Streak Parents,

As we enter the start of the holiday season, we want to extend our sincere gratitude to our parents, sponsors, and business partners for all your support towards the Janie Howard Wilson students and staff. Our success is due to the assistance that is shown all year. This month we have many exciting events on and off campus. Our second graders will be hosting a Veteran Day performance. Our staff and students want to recognize the sacrifice made by so many for the freedoms we have. Please come out and see this top-notch performance on Thursday, November 10th. The second-grade students have been working so hard and would love to show you what they have learned. In addition, our third, fourth, and fifth grade students will go to the Lake Wales Turkey Bowl on November 15th. The Great American Teach In will take place on our campus on November 16th for all grades, and we look forward to Thanksgiving Day Dinner on Thursday, November 17th during your child's lunch time. Please make sure to reserve your lunch by November 3rd.

As we move into quarter two, the JHW staff and students will begin a deep dive into the Approaches to Learning (ATL) with the International Baccalaureate Primary Years Programme. The ATL skills are deliberate strategies, skills and attitudes that permeate the IB teaching and learning environment. The ATLs consist of five categories of interrelated skills and associated sub skills that support students of all ages to become self-regulated learners. The five categories are communication, research, thinking, social skills, and self-management. The teachers will plan for implicit and explicit opportunities using a variety of strategies to develop the ATL both inside and outside the programme of inquiry to influence your child's education not on just what your child learns but how your child learns it.

Finally, we want Janie Howard Wilson to shine with the Lake Wales Charter School Read 20 literacy initiative. Please encourage your child to take an AR test on their reading level. We are going to host a glow party this December. It is important that your child continue to read over the Thanksgiving break, and we encourage you to continue the reading log so your child can take an AR test when he/she returns to campus.

Kindergarten

As we enter the second quarter of the school year, we will be starting to test students on their sight words. Please make sure that you all are going over sight words along with letter sounds and letter recognition every night with your child. Our kindergarteners have been working really hard on practicing their handwriting, so please continue to encourage them at home to write more during their downtime.

Thank you for your continued support.
Kindergarten Team.

First Grade

The First Graders are proudly displaying their reading abilities and eager to learn more. The teachers are encouraging the students to read all of their directions twice and re-read as necessary in all subject areas. The students are becoming more responsible for their reading in the ELA block learning the various genres and story elements. In Math, the students are using various manipulatives to solve word problems and computation problems successfully. In Social Studies, the students are becoming more aware of their community and the world around them. In Science, the students are working on various ways to classify matter. So as you can see, our First Graders are very busy at school. Please continue to express the importance of homework and please remember to sign the Sight Word Sentence page.

Second Grade

Second grade will be working on reading and writing poetry, adding and subtracting 2-digit by 2-digit numbers with and without regrouping. In science and social studies, we will be focusing on "Where we are in place and time." Focusing on pilgrims, Native Americans, and early colonies in Social Studies. In science we will be working matter and its interconnectedness with the world.

READ 20 
**PLEASE READ
WITH YOUR CHILD
20 MINUTES
EVERYDAY !**

Featured articles

Third Grade

We are beginning the 2nd quarter. PLEASE focus on the following with your child:

- 0-12 math facts fluency
- reading daily for 20 minutes & ask clarifying questions
- attendance is mandatory everyday
- dress appropriately for school and weather
- completing homework and turning it in on Fridays

Fourth Grade

Fourth grade has had a great start to the school year. Students worked hard on all of their Beginning of the Year testing. Now the work begins and we are excited to watch our students grow.

As a grade level, students are reading and understanding Informative text. We will also begin to really work on our writing. In Math, students are learning about using patterns to recall multiplication facts, using known multiplication facts to recall other facts and then using this automaticity to solve division facts. We are continuing our study about the State of Florida and wrapping up "Who We Are."

We ask that parents ensure their child is reading, at home, at least 20 minutes a night. Our 4th Grade Teachers appreciate the support from our families! As always, please email or use dojo to contact us for any questions or concerns!

Fifth Grade

In Fifth Grade for the month of November in Math, the students will be learning to add, subtract, multiply and divide with multidigit numbers and with numbers with decimals. We are continuously practicing our math facts and encourage students and their families to practice them at home. In ELA, we are working on comprehension strategies and skills, making predictions, and singular and plural nouns. Students should be reading at least 20 minutes a day and recording a summary in their reading logs. In Science, we are closing out our unit on the Scientific Method and diving in to Physical Science. In Social Studies, we are finishing our unit on the Constitution and moving on to other historical events that shaped our current forms of government.

Thank you Duke Energy and Polk Education Foundation for the Professional Development Grant on Engineering Rockets and Rovers!

Care Center Holiday Assistance

Lake Wales Care Center staff and volunteers are busy preparing for the 2022 Holiday Season. In the coming months, Care Center will be providing assistance through food and gifts for Thanksgiving and Christmas. The holiday food drive is vital in helping to support hundreds of families needing extra care during this season. The food drive will start Monday, October 31- Friday, November 4

**We are so excited about the
2022-2023 school year! We have
big plans for this year, but our
success depends on YOU!**

Have you joined PTO?

It is only \$5.00. Join today so your child may attend the celebration popsicle party on September 16th. Your membership does not obligate you to attend meetings or to volunteer.

Are you following Janie Howard Wilson on Facebook, Instagram, DOJO, and the website?

This is primarily how we communicate with you and provide sign up links for volunteer & donations needs.

Do you own a business and would like to help support events during the year?

Email: betty.finnell@lwcharterschools.com

**We're looking forward to a great
year, please join us!**

SAC

**SAC Meeting will be held on
Friday, November 4, 2022
1:00pm**

**Thank you Lake Wales Junior League for your donation to
our clinic!**

Lake Wales Charter Transportation Information

The transportation department is actively recruiting motivated bus operators to join our team to meet the demands of serving our students and community.

Requirements and qualifications for operating a school bus for the Lake Wales Charter Schools System are posted. Interested parties may contact Ellen Walterson at ellen.walterson@lwcharterschools.com for more information.

Why Offer Primary Years Programme (PYP) IB

The PYP focuses on the development of the whole child as an inquirer, both in school and in the world beyond. The PYP offers a transformative experience for students, teachers and whole school communities and delivers excellent outcomes by providing an education that is engaging, relevant, challenging and significant. PYP learners know how to take ownership of their learning, collaborating with teachers to deepen understanding and increase their confidence and self-motivation. Through actively engaging in integrated ongoing assessment they become effective, self-regulated learners who can act on constructive feedback. Guided by six transdisciplinary themes of global significance, students broaden their learning by developing their conceptual understandings, strengthening their knowledge and skills across, between and beyond subject areas.
