## **FOREWORD**

*Vision Statement: "To provide a quality education in a Christian environment."*

This handbook for students and parents should be read carefully and filed for future reference. The rules and regulations have been formulated in the best interest of the students and the school. You are asked to follow the rules as stated. Please do not ask for exceptions to be made.

It is a student's responsibility to know and obey all the rules in the student handbook. The student handbook is posted on the Kirk Academy Website.

This handbook has been approved by the Kirk Academy Board of Directors and has been entered in the minutes of the board.

Enforcement of these rules and regulations rests with the administration. All problems involving interpretation of and enforcement of these rules are the responsibility of the administration.

## **SCHOOL HISTORY**

Grenada Educational Foundation, Inc. (a.k.a. Kirk Academy) was founded in 1966 as a non-profit corporation to provide an educational alternative for Grenada and the surrounding area. Classes officially started in August 1967, in various temporary locations before moving in 1968 to the current location at 2621 Carrollton Road in south Grenada on 30 acres of land donated by Mrs. W. H. Kirk.

After starting in one building in 1968, the school expanded to include the original building that is used for secondary education, an elementary building (1970), a gymnasium complex that houses a science lab, a cafeteria, a music department, basketball facilities, a weight room, and a stage (1972), a kindergarten building (1985), a library (1991), and a multipurpose annex (1998). The secondary building was completely renovated in 2003 along with the outside of both the elementary and secondary buildings. In 2005, the state-of-the-art secondary computer lab was added and named for long time board member Dr. W. B. Hunt. In 2006, the Board and the PTO started renovation of the elementary school by updating two first grade classrooms and updating the elementary computer lab. At the beginning of the 2008-2009 school year, the elementary classrooms were renovated, and each room has computer and internet access.

Additional land donated by the Kirk Family and obtained through other purchases expanded the campus to 65 acres. The property was developed to include a unique Environmental Conservation Education Center, and some of the finest athletic and activity facilities in the state. Kirk Academy serves its students on a non-discriminatory basis. Through its wide variety of programs, the school strives to develop all students academically, spiritually, and physically to their highest potential. The school continues to be a leader in non-public education in Mississippi.

## **MISSION STATEMENT**

Kirk Academy is a K3-12 grade school that strives to provide students the best possible Christian-based college preparatory education while instilling in them respect for God, our nation, parents, and proper authority.

## SCHOOL BELIEFS

Kirk Academy has the following beliefs as developed by its patrons, Board, faculty, administration, and students:

- All people are assigned, by God, a gender at birth. This is the gender that will be recognized by Kirk Academy in any and all dealings with students, faculty, and staff.
- A safe and physically comfortable environment promotes student learning.
- Student learning in a Christian environment is the chief priority of the school.
- Students need not only to demonstrate their understanding of essential knowledge and skills, but also need to be involved actively in solving problems and producing quality work.
- Students' learning needs should be the primary focus of all decisions impacting the work of the school.
- The commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed learners.
- Students need to apply their learning in meaningful contexts.
- Exposure to consistent, strong Christian morals promotes student learning and strengthens individual student morals.
- Students learn best when they have appropriate opportunities for success.
- Students learn best when they are actively engaged in the learning process.
- Each student is a valued individual with unique physical, social, emotional, and intellectual needs.
- Extra-curricular activities provide positive opportunities for the individual student to develop a sense of self and purpose.
- A student's self-esteem is enhanced by positive relationships and mutual respect among and between students and staff.

## NOTICE OF NONDISCRIMINATORY POLICY AS TO STUDENTS

The Grenada Educational Foundation and Kirk Academy admits students of any race, color, national and ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school. Kirk Academy does not discriminate on the basis of race, color, national and ethnic origin in the administration of its educational policies, admission policies, or school administered programs.

## VISITORS ON CAMPUS

**No visitors, including parents, are to come in the school building during school hours for any reason without checking in through the school office.** The only exception is if the visitor has been invited to a program or event. Student visitation will be allowed only in emergency situations as determined by the administration. This includes lunch and break.

## **KIRK ACADEMY ADMISSIONS POLICY**

Kirk Academy is an independent Christian School, providing a traditional, academically sound, Bible-based, college preparatory education. Our reputation for high academic and discipline standards makes us happy to extend the opportunity to have quality Christian education for your children.

Enrollment at Kirk is a privilege, not a right. Parents and students must understand that continued enrollment and re-enrollment of their children is dependent on their support of the school, its staff, and its policies. They are expected to adhere to and support the school policies as established by the Kirk Academy Board of Trustees as published in this handbook.

**SPECIAL NOTE:** Although Kirk Academy has a liberal acceptance policy, the administration reserves the right to make a final decision on any child. Our mission is one committed to children, and our staff is a loving, nurturing one. There are times, however, when children have needs that Kirk Academy cannot meet. Therefore, it would not be in the best interest of the child to place him/her in a school setting where they might not be successful. Some of those areas include, but are not limited to the following:

- Academically, Kirk Academy has a curriculum that is college preparatory in nature. If a child is below average in ability, or if a child has moderate to severe learning disabilities, Kirk Academy may not be the best school of choice. Kirk Academy does not have a formal resource program or special education component.
- If a child has behavior problems that adversely affect the learning of others or takes an inordinate amount of time, Kirk Academy is likely not the best school setting.
- If a child has a serious medical condition or has specific medical needs that can't typically be met in a standard classroom setting, it might not be in the child's best interest to attend Kirk Academy.
- In fairness to the child, if he/she has been professionally tested and evaluated for learning disabilities, behavioral concerns (such as ADD, ADHD), or a medical condition, the result of those tests should be made available to the school at the time of application or when they become available. It is at the discretion of the head of school to review any accommodations requested and to require appropriate medical documentation.

### **CRITERIA FOR ADMISSIONS**

Parent or Guardian must meet with someone in school administration before the admission process can begin.

Families enrolling at Kirk Academy must provide the following:

- Registration Fee
- Completed Admission Application
- Completed Tuition Contract
- Payment of Tuition Fees
- A copy of student's transcript, most recent report card, and/or achievement test scores
- A copy of the student's Social Security Card and Birth Certificate
- A Mississippi Immunization Record
- Contact information from previous school for character reference(s)
- All new children entering K5 or First Grade will be given a developmental test.

- Grades, Attendance Records, Discipline Records, and current Class Schedule from previous school. Students must have records from any former school that indicates probable success at Kirk Academy.
- Students shall receive a favorable background report as stated by former school officials (including behavior and proper actions).
- Any new student entering grades 9-12 that was not enrolled at Kirk Academy the previous year, must complete and pass a drug test screening process administered by a licensed medical provider prior to acceptance at Kirk Academy. This screening will be at the parents' expense.

**Kirk Academy admits students of any race, color, nationality, or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, nationality, or ethnic origin in administration of its educational programs.**

**The administration reserves the right to deny admission to a student if, after testing and evaluation of the student's application packet, it is determined that Kirk Academy cannot meet the needs of the student.**

### **TUITION AND FEES POLICY**

The following is a list of requirements for Tuition and Fees at Kirk Academy:

- If tuition and all fees are not current prior to taking exams in December and May, the student will not be allowed to take exams and their school records will be held. The determination of whether a patron is current is based on the contract, not each student. If the student is exempt from an exam, the exemption will be lost. If tuition remains unpaid, Kirk Academy reserves the right to remove the student from school.
- For the 2024-2025 school year, all contracts will have an end date of April, 2024. Thus, the 12-month contract will be from May 2024 until April 2025; the 11-month contract will be from June 2024 until April 2025, and the 10-month contract will be from July 2024 until April 2025.

### **ASBESTOS INSPECTION NOTIFICATION**

Please be informed by this notice that all of the school buildings of Kirk Academy have been inspected for asbestos and have been determined to be asbestos free, or that letters of exclusion have been obtained for the contractors or manufactures. Such an inspection was mandated by the EPA.

All materials pertaining to the inspection may be found in the head of school's office. Any interested party should feel free to stop by and see this material.

## ACCREDITATION

Kirk Academy holds accreditation with the Mid South Association of Independent Schools and the Southern Association of Colleges and Schools/Advanced Ed. The standards of these agencies are used as guidelines for the educational programs of the school.

## ATTENDANCE POLICY

Regular and punctual attendance on the part of all students is mandatory. However, Kirk Academy acknowledges that absences may occur and the following policies are in place to govern those instances.

- Only in unavoidable cases should a student leave school before the close of the day. Given the importance of core course study, students may not be allowed to check out during academic classes without express permission granted by administration.
- Per the Accreditation Manual of the MAIS Rule 42.013, students may not receive credit for a two-semester course missed when more than twenty (20) days are missed in a class. Students may not receive credit for a one-semester course when more than ten (10) days are missed in a class. The only exceptions to this policy to the extent of up to thirty (30) or fifteen (15) absences respectively are in cases of extended personal illness verified by a physician or at the discretion of administration. For extended absences that go beyond 30/15, approval to award credit may only be granted by the Kirk Academy Board of Trustees at the recommendation of administration.
- Students who accumulate more than ten (10) absences in a two-semester course or more than five (5) absences in a one-semester course will be ineligible for exemption in that course.
- Students who are absent from school during the day for over half of their scheduled periods for any reason other than documented excused reasons will not be allowed to participate in extracurricular activities, field trips, or sports (practice or game) for the remainder of the day, unless approved by administration.
- Student absences due to official school business (i.e. field trip, athletic contest, club activities) will not count towards a student's absence total. Students will be dismissed for school business at the time provided by the Athletic Director or Principal. Any student who leaves for school business prior to this time will be considered a truancy issue.

## ABSENCES

When a student is absent, a parent/guardian should notify the school by 10:00 a.m. so that the whereabouts of the student is accounted for.

Absences are considered in two categories:

1. Excused
  - Personal illness or serious illness in the student's family
  - Funerals
  - Family Emergency
2. Unexcused
  - Any absence not covered in the previously noted excused absence category

### What to do when returning to school after an absence?

A student who is absent is required on the first day returning to school to report to the High School office with a written excuse from their parent or doctor and obtain an admission slip to be presented to each of his/her teachers before he/she will be admitted to class. If absences are excused, the student has the number of days equal to the number of days missed to complete and turn in minor grades (i.e. class assignments, daily grades, quizzes). If absences are unexcused, the student is required to submit all missed assignments on the day they return to school.

### **MAKE-UP TESTS POLICY AND TIME PERIOD**

Students are allowed two (2) consecutive make-up opportunities to complete tests:

- Tuesday mornings during Detention: Detention times are most Tuesday and Thursday mornings from 7:00 a.m. to 7:55 a.m. (*Please note – any student may attend Detention to make-up tests. This does NOT mean a student “has” detention.*)
- Thursday mornings during Detention: Detention times are most Tuesday and Thursday mornings from 7:00 a.m. to 7:55 a.m. (*Please note – any student may attend Detention to make-up tests. This does NOT mean a student “has” detention.*)

*Staff members will proctor all work done on Tuesdays and Thursdays.*

Failure to take assigned tests in this time frame will result in a grade of 0 (zero) being registered on that subject's test. Permission must be received from the administration prior to the expiration of the allotted time, if there are special circumstances that prevent a student from making up a test within the three dates.. Students arriving after 7:10 a.m. for Tuesday-Thursday Detention will not be allowed to make up a test during that session.

It is the responsibility of the student to schedule make-up work with each teacher.

### **TARDY POLICY**

The first bell rings at 7:50 a.m. and classes begin promptly at 8:00 a.m. Students should be seated at their desk and ready to start when the second bell rings. When students arrive late, it disturbs the entire class and may affect a student's self-esteem. Promptness is a measure of school citizenship. We understand that most KA students can't drive. Therefore, parents are urged to have their children to school on time to help establish good habits and to keep them from being penalized. **Please note that traffic is not a legitimate excuse for repeated tardiness to school.**

Students who are tardy upon coming to school or to class will not be allowed to enter classes until they have secured an admittance slip from the office.

- The tardies will be recorded in the office.
- Three (3) tardies in one course will result in one (absence). Each tardy after four (4), will result in detention and/or work detail. Students with 6 tardies in a nine weeks will not be allowed to be exempt in any class.
- Students more than twenty-five (25) minutes late will be counted absent for that class.

## **CHECKING OUT OF SCHOOL**

- Appointments with physicians or dentists should not be made during school hours if possible.
- Students who know they are to leave school during the day should bring a note from their parents to the office at the beginning of school on the date of their check-out stating the reason and time they are to leave. Parents who phone the school requesting that their student be dismissed should phone by 8:30 a.m. (Exception – Emergency Situations). Students should notify their teachers that they are leaving and get their assignments.
- Before students leave for a doctor or dental appointment, they must sign out in the office. Upon the student's return to school, the student must present a note from the doctor or dentist before signing in to school. If this procedure is not followed, the absence will be unexcused.
- If a student comes to school late and has missed a test, the student is required to take the test before leaving school for the day. Students who check out the day of a test must complete the test either prior to checking out or before the end of day if they return the same day. Failure to comply with this rule will result in a grade of zero (0) on the test. Students leaving school early must see all teachers to get assignments.

## **ILLNESS DURING SCHOOL**

When a student becomes ill at school:

- The student should ask permission to leave class from his/her classroom teacher.
- The student should ask permission in the office to notify parents of the illness.
- The secretary or teacher will then call the parent to determine if the parent will give the student permission to leave school.

After these steps are followed, the student must sign out in the office.

## **TRUANCY/SKIPPING CLASS**

Students on campus must be in an assigned class unless permission has been obtained from the administration and/or teacher involved. Being unaccounted for at school or away from school is considered truancy. These instances, even during break period, athletic period, or lunch period will result in disciplinary action up to suspension from school.

## **GRADING SYSTEM**

The grading system in effect at present is:

Grades 1-5 will be recorded as a Letter Grade.

Grades 6-12 will be recorded in Number Grades.

The Grading System for all courses (including Honors courses) will be as follows:

A	90-100
B	80-89
C	70-79
F	BELOW 70

## HONOR ROLLS

\*Credits required for high school graduation may begin in the eighth grade.

\*\***Non-Academic Units:** ½ credit for each year of show choir, sports, driver's education.

Twenty-two (22) credits are required for graduation. Twenty (20) of the credits **MUST** be academic. The other two (2) can come from non-academic units.

Every senior must be in a math course their senior year.

A student must be enrolled for a full year at Kirk Academy in order to be able to graduate with a Kirk Academy diploma. This provision may be waived only by the Board of Directors and only due to special circumstances. These special circumstances include a student moving into the Grenada area late in the year, medical emergencies, safety issues, or other issues deemed acceptable by the Board of Directors.

Note: Kirk Academy offers a college prep curriculum for students to meet these Institutions of Higher Learning requirements. Classes of 2012 and beyond are required to have one unit of Bible for graduation.

All Juniors and Seniors are required to take the school-day ACT at Kirk Academy. Those who have scored 30 or above will be exempt from this requirement.

## **Major Test/Assignment Schedule**

In an effort to avoid no more than two major assignments on a given day, teachers will schedule their tests with the principal on the master test calendar.

### **CHANGING SCHEDULE**

Students will be allowed one week to make changes to their schedule. No changes will be made after the first week of school.

### **COMMUNITY SERVICE HOURS**

Students must complete 75 hours of community service for graduation.

This is the minimum number of hours required for graduation. It will be very helpful to the students if they achieve as many hours as possible. Many scholarships today have a community service component attached to them, so the more hours a student has completed, the better.

It is better to stay faithful to one project long-term than to jump from project to project, and of course it looks better to have that project spread out over all four years of high school and not crammed into the senior year. For scholarships, it is helpful to work on a project that is easily identifiable in the community or unique to our area. For example, if you had to choose between working in a children's church and working with a ministry that feeds the homeless, go with feeding the homeless.

Most secular organizations don't fully understand a lot of volunteer work done in churches and don't appear to give it as much credence unless it is reaching a segment of the population that is being ignored. However, if you were going into elementary education, volunteer service in children's church would look great on a college application as to why you know what you want to study. If you are planning on going into medicine, volunteering at the hospital would give some additional credibility to your application.

When students go on mission trips, they can earn up to 8 hours a day if the day is totally committed to building a church, teaching or working with children, or related mission activities. A day of relaxation and days of travel would not be included.

There are myriad opportunities associated with Kirk Academy that help reach your number of hours. For example, if you take up tickets for a ball game or volunteer your study hall time to work with elementary students or elementary P.E., those hours are easily attainable and would be considered long range.

**Service hours must be turned in no later than 3 months after being completed.**

## **EXAMINATIONS**

All students, grades 6-11, will be required to take mid-term examinations. Seniors may be exempt from mid-term examinations on any subject in which they have a "90" average, have not been suspended, and have not exceeded the allowable absences set forth in the sections dealing with attendance.

All students, grades 6-11, may be exempt from final examinations on any subject in which they have a "90" and above for the year have not been suspended, and have not exceeded the allowable absences set forth in the sections dealing with attendance.

Seniors may be exempt from finals on any subject in which they have a "90" average for the year, have not been suspended, and have not exceeded the allowable absences set forth in the sections dealing with attendance.

Students absent from the exams cannot make it up without a doctor's excuse. Exams should be comprehensive and should cover at least the last two nine weeks.

## KIRK SCHOLARS

Kirk Scholars are students in grades 9-12 who have maintained an "A" average for 2 consecutive semesters with the semesters being the 2<sup>nd</sup> semester of the previous year and the 1<sup>st</sup> semester of the current year.

## NATIONAL HONOR SOCIETY

The Kirk Academy Chapter of the National Honor Society is governed by the constitution and by-laws of the National Honor Society as set forth by the National Association of Secondary School Principals.

Membership in the National Honor Society is both an honor and a responsibility. Students selected for membership are expected to continue to demonstrate the qualities of scholarship, character, leadership, and service. Membership is only granted to those students selected by the Kirk Academy faculty council. Membership is open to qualified sophomores, juniors and seniors. There is no quota of members per class. The academic requirement set forth by the National Council is based on a student's cumulative scholastic average. The minimum scholastic average allowable is 90 for all students. Membership should never be considered on the basis of grades alone, even though scholarship is regarded as the most important of the four criteria.

As set forth in October of 1988, the entire secondary faculty will serve as the faculty council and will evaluate qualified students that they know well. Each faculty member will use the criteria set forth by the National Honor Society in evaluating the students in the areas of service, leadership, and character. National Honor Society provides the following definitions for teachers to use in their evaluation:

“Leadership should exert a wholesome influence on the school. In taking the initiative in class and school activities, the real leader strives to train and aid others to attain the same objective. The price of leadership is sacrifice—the willingness to yield one's personal interest for the interest of others. A leader has self-confidence and will go forward when others hesitate. No matter what power and resources may exist in a country, they are ineffectual without the guidance of a wise leader. Leadership is always needed: thus, to lead is a substantive charge to each of our members.”

“Character is the force within each individual which distinguishes that person from others. It gives each of us our individuality. It is that without which no one can respect oneself, nor hope to attain the respect of others. It is this force of character that guides one through life and, when once developed, grows steadily. Character is achieved and not received. It is the product of constant action, striving daily to make the right choice. The problem of character is not a problem of self-control. We must be in reality what we wish to appear to others. By demonstrating such qualities as respect, responsibility, trustworthiness, fairness, caring and citizenship, we may hope to prove by example that we value character.”

The evaluation of the student by a faculty member will be the total of the 2 areas plus the scholarship points awarded on the basis of the student's scholastic average (97-100 – 4 points, 93-96 – 3 points, 89-92 – 2 points, and 85-88 – 1 point) and the community service points awarded on the basis of the student's community service hours. Sophomores will be awarded (30+ hours – 4 points, 20+ hours – 3 points, 10+ hours – 2 points and 9 & below – 1 point), Juniors will be awarded (40+ hours – 4 points, 30+ hours – 3 points, 20+ hours – 2 points, and 10+ hours – 1 point), Seniors will be awarded (50+ hours – 4 points, 40+ hours – 3 points, 30+ hours – 2 points, and 20+ hours – 1 point). The faculty rating for each student is tabulated. The highest score and the lowest score for each student is thrown out and the remaining scores are averaged. According to the Kirk Academy Board of Directors, candidates must have an overall score of 12 points in order to be asked to join the National Honor Society at Kirk Academy.

Members of the Kirk Academy National Honor Society will maintain these qualities of excellence and achievement throughout their term of service. Members are reviewed at the close of each Nine Weeks Period. Any student who earns ISS or OSS will be placed on probation. Students who serve back-to-back probations will be expelled from the Kirk Academy chapter of National Honor Society. Any student found guilty of plagiarism in the classroom will receive automatic expulsion.

### **PARENT-TEACHER CONFERENCES**

Teacher conferences are by appointment. If you wish to have a conference with a teacher, you must first reach out to the teacher directly via email to schedule the conference. Under NO condition should a parent go to a teacher's room during the day without first scheduling a conference and checking in at the main office. If it is necessary to bring materials to your child, bring them to the office and we will see that they are delivered.

### **STAR STUDENT**

The Star Student selection process is set by the Mississippi Economic Council. The star student is the senior who has the highest score on the ACT taken before December 31 of the current school year. The minimum score is 25, and the minimum average is 93. Grades in the 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> grades are used to determine the star student's average. Only the following subject areas are to be included: English, foreign language, math, science, and social science. If the school has more than one senior with an ACT of 35 or above and an average of 93, designate each as a star student. In the event of a tie on the ACT score: Step 1 – Total ACT test scores (English, mathematics, reading, and science reasoning) for each student involved in the tie. Select the student having the highest sum of these test scores and the minimum 93 average on designated courses. Step 2 – If the tie still exists, name as star student that senior with the highest overall scholastic average on selected subjects in specified years. Step 3 – If the tie is unbroken, use the first semester senior year scholastic average as the deciding factor. Step 4 – Should a tie still exist, compare the scholastic averages for prior years until the tie is broken. If the student who has the highest ACT score does not have an overall average of at least 93, name as the Star Student the senior with the next highest ACT who meets both minimum requirements.

### **CLASS OFFICERS**

For a student to be eligible to run for Class Officer, he/she must meet the following requirements:

- Must have a GPA of at least 3.0 from the previous year.
- Must not have discipline issues related to being disrespectful.
- Must have a form signed by parents stating they are willing to fulfill all duties and responsibilities required of parents of a class officer.
- If for any reason, including failure of the parents to fulfill the required duties, an officer is does perform all duties assigned, the officer will be removed, and the other class officers will be promoted.

## DISCIPLINE POLICY

The use of the term discipline derives its meaning from the word disciple, which means to teach/train a person over an extended period. The discipline of young people is a process which utilizes various circumstances of life to guide the individual into making right choices. The end goal of all school discipline is for students to become self-disciplined individuals. As students mature, it is the hope that the outward, school-imposed discipline should become inward, self-imposed discipline

### **TYPES OF DISCIPLINE:**

Detention	Students will serve detention from 7:00 a.m. until 7:50 a.m. on days assigned. Three detentions in a nine-week period will result in work detail. Failure to report or reporting late to detention will result in the assignment of an additional day of detention.
Work Detail	Students with work detail will participate in campus cleanup, campus beautification, or other supervised work during assigned times. Failure to attend work detail or being late for work detail will result in the assignment of an additional work detail. More than 3 work details in a semester will result in a suspension.
Out-of-School Suspension	Students suspended will have 1 point deducted from their nine-weeks average in each class for each day served, lose exam exemptions, and receive "0" on any daily grades missed. They will be ineligible for any extracurricular activities for the time of the suspension. If a student does not miss a game/event during the time of their suspension, they may be required to miss the next scheduled event (performance, game, etc) after the suspension.
Expulsion	Removal from school. This will be applied to major or repeated offenses and will ultimately be determined by the Head of School. An official appeal of an expulsion may be made within three days of the expulsion. The appeal must be submitted to the Head of School, who will then give the appeal to the Board of Trustees for consideration.
Corporal Punishment	May be used in conjunction with other discipline or by itself as deemed appropriate by administration. Will be administered by Principal or other staff member designated by Head of School. Parent will be notified prior to administration of corporal punishment. If corporal punishment is denied, student will be suspended for remainder of the day.

Unless otherwise noted in this handbook, the following discipline ladder may be utilized. This is not meant to be an exhaustive list. The discipline of a violation is ultimately at the discretion of the administration.

- 1) Detention
- 2) Work Detail
- 3) Suspension
- 4) Expulsion

- Bathroom Misbehavior (1-4)
- Class/Hallway Disturbance (1-4)

Administration may assign punishment to offenses not specifically mentioned and to accelerate punishment to the level of expulsion based on the act in question.

## **PLAGIARISM & CHEATING**

Plagiarism and cheating are not tolerated. Ignorance on the part of a student is not an acceptable excuse for these offenses. As for cheating, consequences apply to all parties involved. Plagiarism refers to a student's use of someone else's ideas or words without proper credit to or recognition of the original source.

For the first offense, \* **ANY form of plagiarism/cheating results in a "0" grade on the assignment plagiarized or cheated on.**

Regarding social media accounts or other means of digital communication (message board, GroupMe, Remind, etc), there should be no account/group formed representing Kirk Academy by name without the account having direct oversight by a member of the Kirk Academy Staff. By oversight, it is meant that a staff member has the login information or is the "owner" of the group. Within any accounts or groups explicitly representing Kirk Academy, all communication is expected to be professional, appropriate, and in support of Kirk Academy's mission and vision. Those in breach of these policies may face discipline.

The school encourages all parents to monitor closely the web use of their children and to discuss internet safety.

Kirk Academy provides computers, networks, and Internet access to support the educational mission of the school and to enhance the curriculum and learning opportunities for students and school staff. The administration believes that the resources available through the internet are of significant value in the learning process and preparing students for future success. ### **EXTRA-CURRICULAR ACTIVITIES**

There are many opportunities for students to participate in extra-curricular activities and school events. Participation and roles in these activities is at the sole discretion of coaches and sponsors. When extra-curricular activities, including sports, have scheduled practices, it is a coach's or sponsor's prerogative to establish whether that practice is open or closed to outsiders, including parents, grandparents, or other family members, with the approval of the Athletic Director or Head of school. Outsiders may be invited to leave practices.

All extra-curricular activities, including school play, show choir, cheerleading, games, and practices, etc., should be scheduled so as not to interfere with regular church services on Wednesdays and Sundays, except for District and State activities over which we have no control. Students are not to change their assigned lockers without clearing this with the office. Locks may be placed on lockers only if a key or combination to these locks is given to the office.

### **MARRIED AND/OR PREGNANT STUDENTS**

It is our stance that the environment that is most conducive to the school activities and educational curriculum of Kirk Academy is better maintained with students who are outside of the restrictions and obligations of marriage and parenthood. These are certainly honorable and appropriate parts of adult life; however, we feel that students in our learning environment are growing up and should be apart from these pressures. In this respect, the policy of Kirk Academy is as follows:

Important messages will be relayed to the student. If you need to call your parents, your teacher or the secretary will call for you and relay your message. ## **FIELD TRIPS**

Field trips offer exciting opportunities for extended learning and memorable experiences. When a class goes on a field trip, students are expected to attend. If for some reason a child does not attend the field trip, he/she should come to school unless he/she is ill and complete the assignments for the day. If a child is ill, the work will be given as make-up work. Restrictions for field trip attendance are the same as outlined for all other extracurricular activities. Students with failing grades, OSS, ISS, excessive absences, and same-day checkouts will not be eligible to attend scheduled field trips.
