Carver's View

Greetings,

We have successfully completed another month of strong instruction with our teachers and students. This would not be possible if it was not for our parents believing in us as instructors. From sponsoring the Ram Store to helping start up our PTO, you all have been working tirelessly to help us help the students. We are grateful for you all. For those parents who are looking to find ways to help, reach out to your child's teacher. As we are heading into the next four weeks of the third nine weeks, we want to remind you all of the goals we have set for the school. We are looking to reach 442 points collectively as one unit on our next benchmark. It is our belief that the students and teachers, working together with the support of parents, can reach the school's goal of an "A" for the third nine weeks. We believe with your continued assistance, we can and will get there. If you need our assistance, please feel free to give us a call or stop by the main office.

Word of the Month: Kindness

Quote of the Month: "Three things in human life are important: the first is to be kind; the second is to be kind; and the third is to be kind."

– Henry James

You never know what kind of day a person is having. Your kindness could make a huge difference in someone's day or maybe even their life.

Let's practice being kind!!! 😊

Black History Month is a yearly celebration and acknowledgement of the achievements of Black Americans in American history. The celebration has been recognized nationally in February since 1976. African-Americans have contributed significantly to our economy, society and culture. As we reflect on Black History, we will pay tribute to African American men and women by researching and familiarizing ourselves with their contributions using the four square model below.

"Every day Counts"

Ms. Akela Barnes, District Attendance Officer
Mr. Adrian Gooden, School Resource Office

As a school and a district, we understand that we are not quite out of the woods with COVID-19 yet. We will continue to follow the CDC and district protocols for social distancing and sanitation, ensuring that all facets of our journey during the school day is one that is aligned. Our goal is, and has always been, to provide a safe learning environment. You can help us keep everyone safe by ensuring your child has a mask on daily before arriving at school.
