To: Carroll County AFJROTC Cadets and Parents

6 August 2026

Subject: Welcome Letter

Dear Parents and Cadets,

On behalf of the Director of Headquarters Air Force Junior Reserve Officer Training Corps (AFJROTC), the Superintendent of Carroll County Schools, and the Principal of Central High School, welcome to Carroll County AFJROTC Unit GA-20062—**The Mighty 62!**

AFJROTC offers a unique educational experience designed to develop leadership, citizenship, character, and teamwork. Throughout the program, you will build decision-making and communication skills, strengthen your self-confidence, and form lasting friendships and memories. While the program is challenging, it is also rewarding and provides opportunities for personal growth and achievement.

AFJROTC is a citizenship and leadership education program—it is **not** boot camp or combat training, and participation does **not** create any military service obligation.

Communication is essential to every cadet's success. Program requirements, standards, and announcements will be shared during class, through Google Classroom, and on our website: <https://chs.carrollcountyschools.com/afjrotc>. We encourage parents and guardians to stay informed by regularly reviewing these resources.

*The paperwork included in this packet is essential to the safe and effective operation of our AFJROTC program. **Please review all documents carefully and return this packet with all acknowledgments, initials, and signatures completed no later than Friday, August 14, 2026.** Because these documents contain required permissions, emergency information, and program acknowledgments, students who do not submit a complete packet by the deadline will be withdrawn from the AFJROTC program.*

We are excited to have you as part of **The Mighty 62** and look forward to helping you grow as a leader while expanding your knowledge, confidence, and opportunities.
