SUPPORTING YOUR STUDENT AT HOME

By now, students should have reading at home and having you log-in their reading log. It's important to understand that reading the same book a few times is a good thing for young readers because it helps build their fluency. Find books that interest them and have them tell you what the story is about or facts that they've learned. Make it interesting and have them write about the book, too!

OUR LEARNING

Reading- I can make inferences. I can describe characters in a story. I can compare and contrast characters. I can use key details to describe events.
