Description	<p>Do you want to increase student engagement? Are you tired of kids sitting in your classroom, learning very little, then "passing" with a D-? Do you need a system to better differentiate and meet students at their level?</p> <p>Come and see how a local teacher has increased student engagement, student understanding, and created a system for differentiation by using Gamification and Mastery Classroom techniques.</p> <p>This technique is not just adding games into the classroom to make students happy. This is a classroom system to design the way your current curriculum progresses in order to allow for differentiation and increase student engagement. Applicable to all grade levels/subjects.</p> <p>During this PD, we will have guided work time to help teachers create a unit using the Gamification & Mastery Classroom techniques. So bring your curriculum and standards for a current unit so we can gamify it together. Let's help our students level-up in learning!</p>
Registration	<p>Deadline to register is Tuesday, June 6, 2023.</p> <p>Register online at www.huronisd.org Professional Development link.</p> <p>Checks payable to Huron ISD or pay online with a credit card.</p>
Questions	<p>Contact Kayla Campbell at (989) 269-6406 or kcampbell@huronisd.org with registration questions.</p> <p>Contact Stephanie Segroves at SSegroves@lakerschools.org regarding content.</p>
