

# CONTENT AND CREDIT RECOVERY

Code **IKADD** Issued **6/21**

---

Students who have been unsuccessful in mastering content or skills required to receive course credit may be offered the opportunity to participate in the district's content or credit recovery programs.

## Content Recovery

The district may or may not offer content recovery based on resources and time available.

The district's content recovery program consists of a course-specific, skill-based learning opportunity for students who are still enrolled in a course with the original teacher of record assigned by the school and who have not achieved mastery of course content that has already been addressed. Content recovery allows a student to retake a subset of a course, including a single unit, more than one (1) unit, or other supplemental assignments/activities assigned and approved by a certified teacher as needed for the student to achieve mastery of the course content.

## Credit Recovery

The district's credit recovery program consists of a course-specific, skill-based learning opportunity for students who have previously failed to master content or skills required to receive credit in a given course. The program is designed for students who are no longer enrolled in a course but who have achieved sufficient mastery to benefit from a block of instruction, less than the entirety of the course, which targets specific components or a subset of standards to address the standards that students have not mastered.

There will be no increase in the GPA of a student who achieves credit for a credit recovery course. Should a student wish to modify his/her GPA, he/she should repeat the full course for credit and not seek participation in the credit recovery program.

## Student Athletes

Student athletes and their parents/legal guardians should be aware that current National Collegiate Athletic Association (NCAA) rules place strict limitations on credits earned through content and credit recovery programs. Participation in these programs **are likely to affect a student's eligibility for NCAA play** (i.e. VirtualSC credit recovery courses are not approved by the NCAA). The district athletic director should be consulted for more information.

Adopted 6/28/21
