### **School Board Approval**

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

### **SIP Authority**

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

# SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

- 1. All state and rule requirements for public district and charter schools.
- ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
- 3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

### I. School Information

### A. School Mission and Vision

### Provide the school's mission statement

The mission of Polk Avenue Elementary is to educate and challenge students to discover the leader in themselves, empowering them to become responsible and contributing citizens.

### Provide the school's vision statement

The vision of Polk Avenue Elementary is "Leadership Begins Here".

# B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

### 1. School Leadership Membership

### **School Leadership Team**

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

### **Leadership Team Member #1**

### **Employee's Name**

Anna Barcenas

anna.barcenas@lwcharterschools.com

### **Position Title**

Principal

### Job Duties and Responsibilities

No Answer Entered

### **Leadership Team Member #2**

### **Employee's Name**

Shay Hixenbaugh

### 2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and

Printed: 09/23/2025 Page 3 of 36

### Polk POLK AVENUE ELEMENTARY SCHOOL 2025-26 SIP

school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school leadership team comprising of administration and coaches provides input and help in writing the School improvement plan based on their department's input.

We then share the SIP with our School Advisory Committee (SAC) which comprises of the families and community/ business leaders in fall and spring to get their feedback and input. Based on the input from our SAC we make changes or edits to the SIP. Once formed in September our SAC would include all above mention stakeholders.

Our Administration, Reading, Math, and Science coaches will share the SIP with teachers in their monthly department meeting and review it after each progress monitoring to determine if there any edits needed.

### 3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Polk Avenue SIP monitoring will be ongoing throughout the school year. However, a more formal review by our School Leadership team will occur after every progress monitoring with the teachers and the school will make adjustments to instructional practice, instructional coaching, and lesson planning as needed.

# III. Planning for Improvement

### A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

### **Most Improvement**

Which data component showed the most improvement? What new actions did your school take in this area?

ELA/Reading achievement showed the most improvement. The new actions that the school took in this area:

- Improved use of intentional intervention for students in grades 3 5; four days a week through "What I Need" (WIN) time.
- Improved understanding of the ELA B.E.S.T. standards which impacted planning. A new collaborative planning sheet was used with our literacy coach to support all aspects of ELA.

### **Lowest Performance**

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Mathematics achievement was Polk Avenue's lowest performance. The contributing factors were:

- Staffing shortages
- Scheduling
- Barriers for families related to tutoring.

### **Greatest Decline**

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Mathematics achievement showed the greatest decline. The contributing factors were:

- Staffing shortages
- Scheduling
- Barriers for families related to tutoring.

### **Greatest Gap**

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data with the greatest gap was in the area of Mathematics. Some of the factors that may have

Printed: 09/23/2025 Page 17 of 36

contributed to this gap:

- · Staffing shortages
- Scheduling
- · Barriers for families related to tutoring.

### **EWS Areas of Concern**

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Reflecting EWS data, areas of concern are:

- Attendance
- · Level 1s on Math Assessment

### **Highest Priorities**

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Our priorities for the upcoming school year are:

- Improve our Mathematic achievement and learning gains.
- · Improve our ELA achievement and learning gains.
- · Improve our Science achievement and learning gains.
- Support Black/African American students in reducing achievement gaps.
- Support our SWD students in reducing achievement gaps.

Printed: 09/23/2025 Page 18 of 36

### B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

### Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

### Instructional Practice specifically relating to Math

### Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus for mathematics is to improve student achievement by providing high quality instruction in all classrooms. Our rationale for selecting this are of focus due to our decreased proficiency.

### **Measurable Outcome**

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We plan to increase our student achievement in mathematics by 3% or more from Spring 2025 (45%) to Spring 2026(48%).

### **Monitoring**

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will monitor this area of focus by:

- Conducing state progress monitoring 3 times a year to monitor our student's progress. K-2 will conduct STAR assessment and 3-5 will conduct FAST assessment in Fall, Winter and Spring.
- After completing each state progress monitoring assessment, we will analyze data to identify standards that have not been mastered and identify learning targets for each grade level to work on before the next progress monitoring window.
- All teachers will conduct iReady/Go Math standard based assessment after completing each standard to identify standards that have not been mastered by their students and provide remedial small group instruction.
- We will use these assessments to drive instruction and identify professional development needs.
- · We will monitor our fact fluency progress in each grade level.

Printed: 09/23/2025 Page 19 of 36

### Person responsible for monitoring outcome

Administration and Math Coach

### **Evidence-based Intervention:**

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

### **Description of Intervention #1:**

Strategy 1: Strengthen Tier 1 Instruction by focusing on the characteristics of high quality math instruction during planning, feedback and department meetings. Strategy 2: Implement data driven instruction information by assessments in small groups for Tier 2 and Tier 3 students. Strategy 3: Providing additional support to low performing students (Level 1 and Level 2)students. Strategy 4: Increase parent engagement and awareness on how they can help their child with math at home. Strategy 5: Improve teacher capacity by proving professional development and support through coaching and peer observations. Strategy 6: Implement student centered inquiry based; hands on instruction.

### Rationale:

Our rationale for selecting the above mentioned strategies: 1)High quality math instruction that is aligned to the standards using balanced instructional approaches that are student centered and informed by assessment will lead to increased student achievement. 2) Parent partnerships and engagement helps improve attendance and behavior. 3) Improving teacher capacity will help us improve teacher retention. 4)Student-centered and hands on instruction increased student participation and engagement.

### Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

### Will this evidence-based intervention be funded with UniSIG?

No

### **Action Steps to Implement:**

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

### **Action Step #1**

Strategy 1 - Strengthen Tier 1 Instruction

### Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will strengthen out Tier 1 Math instruction by focusing on the characteristics of high quality math instruction during planning, feedback, and department meetings. Our Math Coach will conduct monthly department meeting where planning, training, and discussion will focus on characteristics of high quality math instruction outlined by FLDOE. During Math department meeting math teachers will collaborate to look at data to identify learning targets for each quarter. Math coach will observe math classes and provide feedback, co-planning, and modeling to teachers as needed. Administration and Coach will establish must haves/ look fors classroom walkthroughs that will assist in developing a

Printed: 09/23/2025 Page 20 of 36

### Polk POLK AVENUE ELEMENTARY SCHOOL 2025-26 SIP

plan for training and feedback for teachers. This action step will be monitored through lesson plans, meeting agenda and notes, and classroom walkthroughs.

### **Action Step #2**

Strategy 2 - Implement data driven instruction in small groups for Tier 2 & Tier 3 students.

Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will implement data driven instruction information by assessments in small groups for Tier 2 & Tier 3 students. In order to achieve this, we have allocated one-third of our math instructional block for remedial small group instruction. The small group instruction will be hands on and differentiated. Teachers will use iReady/ Go Math assessments to access standards mastery and select learning targets for remediation to Tier 2 & Tier 3 students during small group instruction. During this time students will rotate between the following stations: - teacher directed instruction to improve grade level standards mastery - iReady math personal learning pathway for a minimum of 30-45 minutes a week - Independent or collaborative practice. This action step will be monitored through MTSS paperwork and standard mastery assessments.

### Action Step #3

Strategy 3 - Providing additional support to low performing students (level 1 and level 2)

Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will provide additional pull out session and intervention for our low performing struggling students. We will also provide access to Varsity Tutoring for all students at Polk Avenue. This action step will be monitored through attendance and selected pre and post assessments.

### **Action Step #4**

Strategy 4 - Increase parent engagement

Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will conduct a school wide family engagement nights to provide training and math resources to parents and families on how to help their child at home. We will share materials and resources with parents through the school website and social media. This action step will be monitored through sign in sheet and evaluation form for these events.

### Action Step #5

Strategy 5 - Improve teacher capacity by proving professional development and support.

Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will Improve teacher capacity by providing professional development and support through coaching and peer observations. We will send select teachers from each grade level to attend FL BEST standards summer training during the summer and these teachers will share and provide

Printed: 09/23/2025 Page 21 of 36

professional development to the rest of the teachers. We will provide coaching and peer observations as needed. Our math coach will support teachers by coaching and modeling best practices in mathematics. We will work to Increase our teacher's knowledge on and use of the Big M's document from the state to assist with teaching state standards. This action step will be monitored through training agenda and walkkthroughs.

### Action Step #6

Strategy 6 - Implement student centered and hands on instruction.

Person Monitoring: By When/Frequency:

Administration and Math Coach Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers use manipulatives for student centered inquiry-based instruction. This action step will be monitored through lesson plans and classroom walk throughs.

### Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

### Instructional Practice specifically relating to ELA

### Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus for ELA is to improve student achievement by providing high quality instruction in all classrooms.

Our rationale for selecting this area of focus is that even though our student achievement increase in ELA by 7 percentage points from last year; we still have more than 50% of student population that is low performing in ELA.

### **Measurable Outcome**

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We plan to increase our achievement by 3% or more from Spring 2025 (47%) to Spring 2026(50%).

### **Monitoring**

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will conduct state progress monitoring 3 times this school year to monitor progress. K - 2 will conduct STAR Assessment and 3 - 5 will conduct FAST assessments in the Fall, Winter, and Spring. After completing each progress monitoring assessment, we will analyze data to identify benchmarks that have not been mastered and identify learning targets for each grade level to focus on before the

Printed: 09/23/2025 Page 22 of 36

next progress monitoring window. In addition, we will conduct i-Ready Diagnostic Assessments in Reading to identify skills and concepts for providing remedial small group instruction and interventions.

### Person responsible for monitoring outcome

Administration and Literacy Coach

### **Evidence-based Intervention:**

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

### **Description of Intervention #1:**

Strategy 1: Strengthen Tier 1 instruction Strategy 2: Small group instruction that is differentiated and targets individual student needs Strategy 3: Increase parent engagement and awareness of helping their child at home Strategy 4: Improve teacher capacity with professional development Strategy 5: Provide additional support to struggling students

### Rationale:

There are some foundational knowledge gaps and the strategies will guide us to identify what skills and supports are needed in each grade level.

### Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

### Will this evidence-based intervention be funded with UniSIG?

No

### **Action Steps to Implement:**

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

### **Action Step #1**

Strategy 1 - Strengthen Tier 1 instruction

### Person Monitoring: By When/Frequency:

Administration and Literacy Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will strengthen tier 1 instruction (strategy 1) by incorporating monthly data driven standards planning with grade levels, support staff, literacy coach, and administration. Impact will be monitored through classroom observation, grades, improvement on iReady and state assessments.

### **Action Step #2**

Strategy 2 - Small group instruction that is differentiated and targets individual student needs

### Person Monitoring: By When/Frequency:

Administration and Literacy Coach Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Printed: 09/23/2025 Page 23 of 36

Small group instruction will be differentiated and target individual student needs. Students will be identified by the Core Phonics Assessment, teacher observation, and progress monitoring data [STAR (K-2), FAST (3-5), and i-Ready (K-5)]. Differentiated small groups will allow systematic, explicit, and scaffolded instruction. Additionally, corrective feedback given to students will foster an increase in student achievement. Polk Avenue will be using the UF model for small group instruction in various classrooms on our campus along with intervention. During our What I Need (WIN) Time, students will also be placed into small groups in grades 2-5 to focus and work on ELA skills.

### Action Step #3

Strategy 3 - Increase parent engagement and awareness of helping their child at home.

Person Monitoring: By When/Frequency:

Administration and Literacy Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

In order to increase parent engagement and awareness of helping their child at home, we will conduct a family ngagement nights for families with resources in the area of Literacy. At this time, parents will receive resource suggesting to them how to discuss reading and comprehension strategies at home. Books will also be given to all families who attend that will allow them to build their personal library. We will also increase our resources online via our website and through Varsity Tutoring to add additional support at home.

### **Action Step #4**

Strategy 4 - Improve teacher capacity with professional development

Person Monitoring: By When/Frequency:

Administration and Literacy Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional development will be provided for i-Ready. Polk Avenue will continue the work we started with the University of Florida. We will provide in-house support to new staff that did not complete the UF training during the last school year. ELA teachers will receive support and in-house professional development with UFLI Phonics and Top Score as needed. Impact will be monitored by observation of this new information being implemented into classroom instruction.

### Action Step #5

Strategy 5 - Provide additional support to struggling students.

Person Monitoring: By When/Frequency:

Administration and Literacy Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Additional support will be provided to students who are struggling with reading. If funds are available, after school tutoring will be offered with a focus on students who need additional supports. Some students will receive interventions during the school day. Students are selected for these additional supports based on testing data, observations, and iReady.

### Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

### Instructional Practice specifically relating to Science

Printed: 09/23/2025 Page 24 of 36

### **Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus for Science is to improve student achievement by providing high quality instruction in all classrooms.

Our rationale for selecting this area of focus is that our student achievement in Science is still below 50%.

### Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We plan to increase our student achievement in Science by 3% or more from Spring 2024 (43%) to Spring 2025 (46%).

### Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will conduct progress monitoring 3 times this school year to monitor progress. After completing each progress monitoring assessment, we will analyze data to identify benchmarks that have not been mastered and identify learning targets for each grade level to focus on before the next progress monitoring window.

### Person responsible for monitoring outcome

Administration and Science Coach

### **Evidence-based Intervention:**

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

### **Description of Intervention #1:**

Strategy 1. Strengthen Tier 1 Science instruction and building background knowledge & vocabulary. Strategy 2. Provide hands on student centered experiences. Strategy 3. PLC's monthly to provide teachers with instructional planning Strategy 4. Improve family engagement and awareness about how to help their child at home with Science.

### Rationale:

1. There are some foundational knowledge and vocabulary gaps; the benchmarks will guide us to identify what background knowledge is needed in each grade level. 2. Making real world connections through hands on lessons and labs.

### Tier of Evidence-based Intervention:

Printed: 09/23/2025 Page 25 of 36

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

### **Action Steps to Implement:**

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

### **Action Step #1**

Strengthen Tier 1 Science instruction and building background knowledge & vocabulary.

Person Monitoring: By When/Frequency:

Administration and Science Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Action Step 1: Staff will strengthen tier 1 instruction and build background knowledge (strategy 1) by reading and discussing non fiction materials. K-5 will use our science speed bags (Science illustration) to assist in vertical concept and vocabulary development. We will be in our 1st full year with our new Science curriculum to support our tier 1 instruction school-wide.

### Action Step #2

Strategy 2 - Provide hands on student centered experiences.

Person Monitoring: By When/Frequency:

Administration and Science Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Action Step 2: Each grade level will take one field trip annually to help build background and make connections to the benchmarks. Grade 4-5 will attend our STEM lab weekly (strategy 2) which will provide hands on student centered experiences. Grade 3 will attend out STEM lab twice a month.

### Action Step #3

Strategy 3 - PLC's monthly to provide teachers with instructional planning

Person Monitoring: By When/Frequency:

Administration and Science Coach Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Action Step 3: We will hold monthly PLCs for our Science teachers (strategy 3) with our science coach to review benchmarks and lessons to ensure tasks are appropriate and support vertical planning to teach vocabulary and concepts. Professional development to support staff with the new science curriculum.

### **Action Step #4**

Strategy 4. Improve family engagement and awareness about how to help their child at home with Science.

Person Monitoring: By When/Frequency:

Administration and Science Caoch Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Action Step 4: We will conduct family engagement nights which will include providing STEM/Science

Printed: 09/23/2025 Page 26 of 36

resources to families to help their child at home with Science. We will also support from home by posting resources on our website and through the use of Varsity Tutoring.

### IV. Positive Learning Environment

### Area of Focus #1

Student Attendance

### Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The rationale for selecting student attendance was that it is the highest need in the EWS. If students are not present in school it affects their learning. We had the highest number of absence as per the EWS in kindergarten and 5th grade. These are crucial years in their school life as kindergarten is the foundational year and 5th grade as they prepare to close our elementary years prior to middle school.

### **Measurable Outcome**

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We will decrease the attendance for 5th grade by 5 or more from 26 with 10% or more absent days to 21 and kindergarten by 5 or more from 26 with 10% or more absent days to 21.

### Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Our attendance team will monitor the student attendance data for the above mentioned grades on a regular basis and reach out to families whose student is missing instruction to work with them to find a resolution. As a school, we will also be monitoring attendance for all students in our cafeteria and celebrating by grade level each month for highest attendance rates.

### Person responsible for monitoring outcome

Administration and attendance team

### **Evidence-based Intervention:**

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

### **Description of Intervention #1:**

Printed: 09/23/2025 Page 27 of 36

We will use the following evidence based Interventions: 1. Create a welcoming and engaging school environment and have a school wide attendance policy 2. Connect with At-Risk students 3. Implement attendance awards for attendance achievements 4. Engage with families and meet with parents of students who have attendance issues

### Rationale:

The rationale for these interventions are: 1. A welcoming and engaging environment impacts students in a way that make them want to be in attendance! 2. Connecting with at-risk students and finding ways to engage them in our school community will also help them find a stronger connection to coming to school. 3. By implementing awards and achievements related to attendance we will help motivate students and add to our engaging environment. 4. Meeting with our families is a must as we work together towards helping their student be success at school.

### **Tier of Evidence-based Intervention:**

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

### **Action Steps to Implement:**

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

### Action Step #1

Monitor and understand attendance trends at Polk Avenue and organize a school wide attendance strategy.

Person Monitoring: By When/Frequency:

Administration and Attendance Team Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administration and attendance team will monitor and meet with at-risk students related to attendance. Our social worker and administration will meet with these students to discuss absences and have them reflect on why they are missing school. Administration and Team will contact parents and meet with them regarding absences. We will continue to track students attendance in FOCUS and send out attendance letters and notifications to our families. We will also track trends and data related to attendance using FOCUS. Home visits will also be used to support our at-risk students.

### Action Step #2

School-wide support system

Person Monitoring: By When/Frequency:

Administration and Attendance Team Ongoing

# Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administration will support staff in creating a welcoming and engaging environment at our school. We utilize Leader in Me to assist with creating our school culture, and helping each student find their genius. We want our students to know they are missed when they are not here and they are an important member of our school community. Administration will walk campus and ensure classrooms and spaces are set up for successfully engaging students, creating environments they want to be in. To celebrate students we will implement additional celebrations related to attendance. We will recognize students individually and grades as a whole for having high attendance rates. The

Printed: 09/23/2025 Page 28 of 36

### Polk POLK AVENUE ELEMENTARY SCHOOL 2025-26 SIP

scoreboard will be kept in our cafeteria where our whole school community can track and see our progress.

Action Step #3

Monitor Tardies and early check-outs

Person Monitoring: By When/Frequency:

Administration and Attendance Team Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will work to decrease our daily tardies and check-outs. Letters home and meet with parents of students who have a high percentage of either tardies or early check-outs. Provide resources if we can to assist with removing any barriers.

Printed: 09/23/2025 Page 29 of 36

# V. Title I Requirements (optional)

### A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

### **Dissemination Methods**

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

www.polkave.net

We will share the SIP and SWP with stakeholders in the following ways:

- During our School Advisory Committee (SAC) meeting in Fall.
- We will post our School Improvement Plan (SIP) on our school website.
- We will share information about SIP on the Title I annual meeting with parents.
- Our leadership team will share the SIP the teachers and staff during a faculty meeting in Fall and ongoing.

### Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

www.polkave.net

Our school will build positive relationship with parents, families and community members by:

- Conducting building capacity events with focus on academics. Our leadership team will conduct family engagement events.
- We will also post school information on our school website (www.polkave.net) and social

Printed: 09/23/2025 Page 30 of 36

media.

- We will be send a monthly newsletter to the parents.
- We will share our parent portal information with families on open house and at parent conferences so that they can stay informed about their child's progress.
- Our teachers will conduct at least one parent conference per semester to keep parents updated with their child's progress.
- We will notify parents of progress monitoring reports and when scores are available in parent portal after completing each progress monitoring in fall, winter, and spring.

### Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

We have taken the following steps to strengthen academic program and increase the amount and quality of learning in the school:

- We will continue to small group differentiate instruction based on the PD provided by the University of Florida Lastinger Center.
- We will continue to use UFLI Phonics in K-2 and for intervention in Grade 3 -5 as needed.
- We utilize the characteristics of high quality math instruction based on State's Formula for Success during PLC's and for feedback to teachers.
- Our Math and ELA plannings and meetings will focus on standards based instruction informed by assessment data.
- Our Reading, Math, and Science coach meet with teachers on an ongoing basis to provide feedback, co-planning, and modeling best practices.

### How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

We will coordinate with our district Title II program to provide PD (if resources are available) to our teachers and with district Title X to provide assistance for our homeless students.

Printed: 09/23/2025 Page 31 of 36

### B. Component(s) of the Schoolwide Program Plan

### Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

### Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

Polk Avenue Elementary cares about the well-being of each student and will seek to create an environment that will foster overall health for our school community. Our students have access to an onsite School Social Worker. Our Leader in Me habits and lessons support student well-being and teach habits to prepare them for their daily lives and future. Over 80% of our staff has completed Youth Mental Health First Aid training, and we will work to have remaining staff trained. Currently we are working with our local community to maintain a mentoring program on our campus. We also work to support our students and families in other areas of need and offer community resource information as well.

### **Preparing for Postsecondary Opportunities and the Workforce**

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

Polk Avenue Elementary seeks to teach and expose our students to possible workforce, college, and career opportunities. Students can dream about it if they are taught or exposed to it, so we will feature different career paths and information on our News at the Avenue show. We plan to invite secondary schools, colleges, business, and industry to our school exposes our students to the many possibilities. We want for our students to be curious about potential secondary programs, college, workforce, and job options for their future.

### Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

Our staff also follows the MTSS process which ensures that we can support students, identify needs, differentiate as needed, and provide appropriate support. MTSS is tracked by staff and led by our

Printed: 09/23/2025 Page 32 of 36

ESE team and LEA Facilitator on campus. Students receive differentiated instruction based on students' needs. Students are provided instructional strategies and accommodations that include small group instruction and accommodations to learning for all students utilizing academic and behavioral supports to meet the needs of all students both academically and socially. Our MTSS team further supports this work by providing support and sharing teaching methods with classroom teachers that work for students with special needs. Based on progress monitoring data, the MTSS team also continuously monitors and supports tier 2 and tier 3 students with small group and individual instruction.

### **Professional Learning and Other Activities**

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

We will continue to support our teachers, paraprofessionals and other personnel to improve our instructions and academic achievement through various learning opportunities, book studies, workshops, trainings, and professional development. For the 25-26 school year, we are continuing with an inclusive scheduling model which will involve various professional development opportunities for our classroom teachers, ESE teachers and paraprofessionals in supporting our students with disabilities in the classroom.

### Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

Polk Avenue Elementary does have a VPK program onsite; Little Cardinal Academy. We will continue to be more intentional to have our VPK teacher attend meetings with our Kindergarten and 1st grade teachers, so they can participate in vertical planning discussions. It is also helpful that VPK now gives the STAR Early Literacy assessment which helps us assess the areas of focus for those VPK students prior to entering Kindergarten. We also have positive relationships with other daycare and VPK programs in our community. Working together to support our students and future students and families in being successful in school.

Printed: 09/23/2025 Page 33 of 36

### VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSIor CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6).

### Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

We will review the use of these resource in the following ways:

- We will monitor the progress of our ATSI sub groups that were below the 41% federal index (Black/ African American and Students with Disability) after completing each progress monitoring and take necessary steps to reduce the gaps before the next progress monitoring administration.
- Administration will also meet monthly with the coaches to review the plan for coaching support for teachers based on data and walkthrough trends.

### **Specifics to Address the Need**

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

We are utilizing our school improvement funding allocation to meet the need of our four area of focus (Reading, Math, Science, and Positive Culture & Climate) and ESSA subgroups. We have allocated our resources based on the needs for each focus area to help improve student achievement.

- The Title I Part A funds are used to provide additional support to teachers and students by having a Reading Coach, Math Coach, Science Coach, and Instruction/Network Manager. These personnel will provide support to our struggling students and provide training to teachers to meet our school improvement needs.
- The rationale for allocating the funds in these areas is based on our needs assessment to strengthen each area of focus and meet the needs of our struggling ESSA subgroups.
