

What is a School– Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all students reach grade-level academic standards.

Sumter County High School's students participating in the Title I, Part A program, and their families, **agree** that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how school and parents will build and develop a partnership which will help our students achieve on the Georgia Standards of Excellence (GSE).

District & School Goals for Achievement

To understand how working together can benefit your child, it is first important to understand our district's and school's goals for student academic achievement.

By the end of 2021-2022 school year, 70% of all students in and English/Language Arts (ELA) and students enrolled in a Math course will score at the developing learner level or higher as measured by the Georgia Milestone Assessment.
