PURPOSE OF THE HANDBOOK

The purpose of the Student Handbook is to give Sumter County Elementary School students and their parents/guardians an understanding of the general rules and guidelines for attending and receiving an education in our schools. In a case of conflict between Board policy and the provisions of this handbook, the Board policy most recently adopted by the Board will prevail.

Students and parents/guardians should be aware that this document is reviewed annually since policy adoption and revision is an ongoing process. These changes will generally supersede the provisions found in the handbook, which will become obsolete by the newly adopted policy. The handbook is not a contract between the school and parents/guardians or students. It can be amended at any time at the discretion of the Sumter County School Board. If policy changes are enacted during the school year, the administration will communicate those changes to students, staff, and parents/guardians.

It is the practice in the Sumter County School System to provide an equal opportunity for all students to achieve their maximum potential through the programs and classes offered at all schools regardless of race, color, age, creed, religion, gender, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability.

NON DISCRIMINATION POLICY

The Sumter County School System does not discriminate on the basis of race, color, national origin, sex, or handicap/disability in education programs, activities, and employment.

School Pride!!!

School Colors: Royal Blue and Gold

School Pride and Spirit: All Stars

Each student should remember that school life is comparable to life in a community. They should practice the qualities of good citizenship that are so necessary in a good community. Students can contribute to a positive school spirit by following the suggestions below:

1. Show loyalty to school functions.
2. Support the school and strive for excellence in scholastic and extracurricular activities.
3. Show courteous and respectful behavior to teachers, officials, adults, and peers.
4. Take pride in the school and school functions.

5. Demonstrate good sportsmanship by being fair, courteous, and generous in all activities including being a good loser and a graceful winner.

PHILOSOPHY OF SCHOOL

In partnership with parents, students, educators, and the community, Sumter County Elementary School (SCES) will strive to ensure academic success and meet the diverse needs of all students by providing a comprehensive, differentiated quality educational program. Innovative research-based instructional strategies will be utilized to provide a safe, nurturing environment and ensure the success of all students. Our philosophy embraces quality instruction for all students that will result in increased academic performance, fewer classroom management problems, greater relevance and application during the instructional process. SCES will implement data driven strategies/interventions and monitor student achievement to provide a continuous process of improvement that focuses on student performance.

ACCREDITATION

All Sumter County Schools are accredited "with quality" by the Southern Association of Colleges and Schools and by the Georgia Accrediting Commission.

COMPUTER USE

Appropriate Use Policy of Sumter County Schools Computers and Network Resources

It is the belief of the Sumter County Board of Education that the use of technology for the purpose of information acquisition and retrieval is an important part of preparing children to live in the 21st century. The Board further believes that a "technology rich" classroom can significantly enhance both the teaching and learning process. This technology includes computer hardware, software, local and wide area networks, and access to the Internet. Due to the complex nature of these systems and the magnitude of information available via the Internet, the Sumter County Board of Education believes guidelines regarding acceptable use are warranted in order to serve the educational needs of students.

It shall be the policy of the Sumter County Board of Education that the school system shall have in continuous operation, with respect to any computers belonging to the school having access to the Internet:

1. A qualifying "technology protection measure," as that term is defined in Section 1703(b)(1) of the Children's Internet Protection Act of 2000; and
2. Procedures or guidelines developed by the superintendent, administrators and/or other appropriate personnel which provide for monitoring the online activities of users and the use of the chosen technology protection measure to protect against access through such computers to visual depictions that are (i) obscene, (ii) child pornography, or (iii) harmful to minors, as those terms are defined in Section 1703(b)(1) and (2) of the Children's Internet Protection Act of 2000. Such procedures or guidelines shall be designed to:
 - a. Provide for monitoring the online activities of users to prevent, to the extent practicable, access by minors to inappropriate matter on the Internet and the World Wide Web;
 - b. Promote the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;
 - c. Prevent unauthorized access, including so-called "hacking," and other unauthorized activities by minors online;
 - d. Prevent the unauthorized disclosure, use and dissemination of personal identification information regarding minors; and
 - e. Restrict minors' access to materials "harmful to minors," as that term is defined in Section 1703(b)(2) of the Children's Internet Protection Act of 2000.

The district's technology resources are provided for educational purposes that promote and are consistent with the instructional goals of the Sumter County School System. Use of computers and network resources outside the scope of this educational purpose is strictly prohibited. Students and employees accessing network services or any school computer shall comply with the district's acceptable use guidelines. The district reserves the right to monitor, access, and disclose the contents of any user's files, activities, or communications. Email accounts are provided to teachers and students as long as they are active in the school system. They will be deleted when their status changes.

It must also be understood that the Internet is a global, fluid community, which remains largely unregulated. While it is an extremely valuable tool for educational research, there are sections that are not commensurate with community, school, or family standards. It is the belief of the Board that the Internet's advantages far outweigh its disadvantages. The Sumter County Board of Education will, through its administrative staff, provide an Internet screening system which blocks access to a large percentage of inappropriate sites. It should not be assumed, however, that users are completely prevented from accessing inappropriate materials or from sending or receiving objectionable communications.

Additionally, access to the Internet and computer resources is a privilege, not a right. Therefore, users violating the Sumter County Board of Education's acceptable use policy shall be subject to revocation of these privileges and potential disciplinary action. Contact should be made in writing stating the nature of the grievance and indicating how you may be reached in order to schedule a conference.

CURRICULUM

Sumter County Elementary School is aligned to the Georgia Standards of Excellence (GSE) for English Language Arts and Math. The GSE provides a consistent framework to prepare students for success in college and/or the 21st century workplace. These standards represent a common sense next step from the Georgia Performance Standards. Specific objectives are taught each nine-week grading period and are reviewed throughout the year.

Students in second and third grade are taught with the Fountas & Pinnell Benchmark Assessment System. Students receive up to 150 minutes daily in reading instruction. Various supplemental and intervention materials are incorporated to help students excel in reading.

The GSE for math are taught using Ready Classroom Math Units. A variety of supplemental and intervention materials are used to increase student understanding of essential math concepts.

Science, social studies, and health objectives are taught through content area reading, thematic units, and class projects. Books, classroom libraries, and Media Center materials are used to teach these essential objectives. Field trips, classroom guests, and teacher directed computer activities expose children to information about science, social studies, and health.

EVALUATION

A variety of assessments are used to measure student achievement and program effectiveness. State administered tests include Norm Referenced Tests and the Georgia Milestones. Other types of assessments are also used to measure individual and group progress throughout the school year.

FIELD TRIPS

Teachers plan various field trips throughout the year. Students must have written parental/guardian permission to go on these trips. Students who do not bring signed permission forms will remain at school with regular assignments. Students may not be allowed to go on field trips if their behavior does not warrant their participation. Only actively enrolled students may go on field trips because of insurance and safety reasons. Parents are encouraged to be chaperones and must pay for a school lunch in advance of the trip or provide their own lunches. Ask your child's teacher for details.

GIFTED EDUCATION

In seeking to provide services for students who have the potential for exceptional academic achievement, the Sumter County School System offers a gifted education program. Students may be nominated to be tested for gifted education services by teachers, parents or guardians, peers, counselors, administrators, self, or others with knowledge of the student's abilities. Students are automatically referred for testing when reviews of achievement test results indicate they have obtained required scores. Students are referred for further testing if they have transferred from an out-of-state school system in which they were enrolled in a gifted education program. Transfer students receiving gifted education services in other Georgia public school systems are eligible for services in Sumter County School upon receipt of documentation of eligibility.

Students can be referred but only become eligible for services by meeting criteria in any three of the four following areas: mental ability, achievement, creativity, and motivation. Students may also become eligible for services by meeting state required mental ability scores and achievement test scores, although evaluation data must be collected on the student in all four

areas. The Sumter County Gifted Committee generally meets in October and again in March to determine if nominated students will be referred for testing or tested for gifted. If you wish to learn more about this program, contact the principal or gifted education teacher at the school.

Students at Sumter County Elementary School are provided with direct gifted services through a combination of resource classroom time and cluster grouping for a minimum of five contact hours with the Gifted Education Specialist.

THINK FIRST AND STAY SAFE CURRICULUM

Think First and Stay Safe Curriculum is a research-based body safety and violence prevention program taught in grades 2-3. The curriculum includes information and discussions about child abuse, sexual abuse, sexual harassment, bullying of all types, internet safety, stranger danger rules, bystander responsibilities and answers to questions about substance abuse. **Parents reserve the right to deny this opportunity to their child by informing the school principal in writing.** Please feel free to contact the counselor or principal if you wish to preview materials, review objectives, or obtain more detailed information.

GRADING

Students' grades are based upon daily work as well as formal assessments. Graded work will be sent home in the weekly Communication Courier and reported during mid-term (Progress Report) and at the end of each nine weeks (Report Card).

HIGHLY QUALIFIED TEACHERS

We are committed to continually seeking to improve instruction for our students. We hope that as a parent, you will become involved in our school improvement initiatives as we continue to monitor student achievement and set high expectations. We encourage you to get to know your child's teacher and the class routines and expectations. We are proud of the professional credentials of our teaching staff and will furnish to you, upon request, the professional qualifications of any of your child's classroom teachers. This includes information concerning the grade levels and subject areas in which the teacher is certified, the major fields and degrees held by the teacher, and the qualifications of any paraprofessional who provides services to your child.

MAKE-UP WORK

Students shall be permitted to make up work when absences are excused. Work missed due to unexcused absences may be made up at the discretion of the principal or his or her designee. After five (5) days, no excuse is valid. Work missed due to out of school suspensions may not be made up. All make-up work must be completed within five (5) days of the student's return to school.

MEDIA CENTER

The Media Center is open during the regular school day and immediately before and after school, as well as during lunch hours. Each school welcomes students to the Media Center.

In order to operate in the most effective way to benefit our children, the following procedures have been established:

1. Students will be held accountable for the book they check out.
2. There will be a charge for damaged (beyond use) and lost books.
3. Negligence and/or abuse will be addressed by building administrators.
4. Fees for damaged barcode labels will be \$1.00.
5. All financial obligations to the school should be met prior to the end of the school term.

Please help your child understand that he/she is responsible for the book that he/she checks out. You might encourage him/her to leave the book in his/her book bag while on the bus. You might encourage your child not to loan his/her book to other children.

NON-INSTRUCTIONAL ACTIVITIES

School administrators may use a maximum of three instructional days per year to schedule non-instructional activities.

Note:

1. The three days provided for administrative, non-instructional activities are not included in the 10 days allowed under Georgia State Board Policy IED for student absence.
2. No one class period may be missed for school sponsored activities more than 13 times during the 180-day school year (10 maximum for school-sponsored non-instructional activity and three days maximum for administrative non-instructional activity).

The Board may permit additional absences for school-sponsored, non-instructional activities on an individual student basis. In accordance with state policy, the Board will not grant exceptions for groups, clubs, or teams. When considering a request for exception, the Board will require (1) the complete absence record of the student, (2) the written permission of the student's parent(s) indicating an understanding of the absence policy, and (3) the recommendation of the school principal. The student's name and non-instructional activity will be recorded in the Board Minutes.

NOTATION OF FLEXIBLE LEARNING PROGRAM AND SCHOOLS IDENTIFIED AS PRIORITY/FOCUS

In November, 2011, the Georgia Department of Education (GaDOE) submitted to the U. S. Department of Education (US ED) an application requesting flexibility through waivers of ten Elementary and Secondary Education Act of 1965 (ESEA) requirements and their associated, regulatory, administrative and reporting requirements. One of the ten requested waivers directly affected Supplemental Educational Services (SES).

For those Title I schools that were required to offer supplemental educational services (SES) due to a school improvement status, the waiver allows those Title I schools to no longer be required to offer SES under ESEA but rather offer a Flexible Learning Program (FLP) to provide eligible students academic intervention services designed by the LEA.

The Flexible Learning Program (FLP) is an alternative supplemental academic intervention that is required for Priority and Focus Schools. Title I Alert Schools may implement an alternative supplemental academic intervention FLP plan if the LEA chooses to do so. FLP allows local educational agencies (LEAs) greater flexibility in designing an extended learning program tailored to meet the needs of the school to serve students requiring additional academic intervention. FLP delivery modes may include tutoring, remediation and other educational interventions designed to increase the academic achievement of students in low-performing schools. Supplemental FLP services may be provided during the school day using extended learning time or before/after school, on Saturdays, during intercessions, or during the summer.

Students from low-income families attending Title I Priority and Focus Schools are eligible to receive FLP services. Local educational agencies (LEAs) are required to submit an FLP plan. All FLP interventions must be conducted for a period of three years in the LEA's Title I Priority and Focus Schools.

Priority Schools are those schools that rank among the lowest five percent of Title I schools in the State based on the achievement of the All Students group in terms of proficiency on the statewide assessments and have demonstrated lack of progress on those assessments over a number of years in the All Student groups (graduation rate less than 60 percent, Tier I or Tier II schools under the School Improvement Grants (SIG) program that are using SIG funds to implement a school intervention model.

Focus Schools are Title I-participating high schools with a graduation rate less than 60 percent over two years; or a Title I school that has the largest within-school gaps between the highest-achieving subgroup or subgroups and the lowest-achieving subgroup or subgroups or, at the high school level, has the largest within-school gaps in graduation rates ("within-school-gaps" Focus School).

Title I Alert Schools are Title I schools that fall into one of the following disaggregated subgroups or subject performance on statewide assessments and graduation rate (graduation alert, subgroup alert and/or subject alert).

PHYSICAL EDUCATION

The physical education program is designed to enhance the development of skills, attitudes, and behaviors necessary to participate in physical activities. Students participate in fitness experiences, modified team sports, basic skills, games, and movement activities. All students are required to participate in physical education activities. Students who are excused from activities for an extended period of time (more than five days) should have a medical doctor's statement to justify this exemption.

PROMOTION/PLACEMENT/RETENTION

****See Complete Promotion and Retention Policy in Appendix B.****

It is the policy of the Sumter County Board of Education that placement or promotion of a student into a grade, class, or program be based on an assessment of the academic achievement of the student and a determination of the educational setting in which the student is most likely to receive instruction and other services needed in order to succeed and progress to the next higher level of academic achievement. The Board further requires that each principal shall annually notify parents or guardians that the promotion, placement or retention of a student will be based on the academic achievement of the student and criteria established by the Sumter County Board of Education.

Promotion, Placement or Retention for Grades 1-5

- A. Documentation that supports promotion, placement, or retention shall be on file in the student's permanent record.

All of the following (Steps 1 and 2) must be considered for a student to be promoted to the next grade:

1. A student in grades 1-5 must achieve a final grade of 70 or above in reading, language arts, and math courses.
 2. Attendance/Tardies – A student in grades 1-5 must not be absent more than 15 days in a school-year. If a pupil is absent more than 15 days, he/she shall be retained.
 3. The retention decision may be appealed to the principal within 10 working days.
- B. Should a student be recommended for retention in grades 1-5, then:
 1. The student's parent(s)/guardian(s) shall be notified of the retention decision.
 2. Should a student's parent(s)/guardian(s) appeal the retention; the principal shall convene a placement committee to determine the appropriate placement of the student.
 3. A locally developed rubric/and or set of content mastery criteria will be used by the placement committee to determine placement.
 4. To override the recommendation to retain the student requires unanimous support of the placement committee.
 5. When a student is retained, an alternative, developmentally appropriate instructional program shall be provided.

SPECIAL EDUCATION

The Sumter County School System provides special education programs for students eligible for services. Information regarding special education programs may be obtained from the school principal and/or central office.

*Special Education students shall meet criteria for promotion or placement as established in their Individualized Education Plan (IEP). The IEP committee shall serve as the placement committee for these students.

TEXTBOOKS AND INSTRUCTIONAL MATERIALS

Textbooks and other instructional materials are furnished free of charge to all students. We expect all books to be handled properly by the students to avoid unnecessary damage. If a textbook or library book is lost or damaged, a fee will be charged. All financial obligations should be met prior to the end of the school term.

Section II: Parent Involvement

CLASSROOM VISITATION

Parent involvement is encouraged; however, visitation to classrooms will be limited to non-instructional time. For protection of the children, all parents and visitors are required to report directly to the office.

COMMUNICATION COURIERS

Each Wednesday, your child's teacher will send home a folder with your child's work. This folder will also contain messages from the teacher and the school office. It is very important that you check your child's folder. This will keep you aware of your child's progress in class as well as important "happenings" at school.

GRADING SCALE

The grading scale reflects each student's academic performance. The grades are based upon daily work as well as formal evaluations.

A = 90 - 100 B = 80 - 89 C = 70 - 79 F = Below 70

HOMEWORK

Each grade level and each teacher has a homework plan. Please check with your child's teacher for the specifics. Homework is necessary so that students have ample opportunities to practice the skills presented at school each day. It is also important because it allows parents and children "together time" each day. Generally, children have homework assignments Mondays through Thursdays. *** EVERY night, read to or with your child for 15-20 minutes.**

PARENT INVOLVEMENT POLICY

In acknowledgement of much reliable research proving that parental involvement raises the academic achievement of students, Sumter County Elementary School encourages involvement of parents through many planned activities throughout the year.

PARENT PORTAL

Campus Portal (Parent Portal) is our tool for parents and students to access instant, online, timely and secure student information: class schedule, assignments, attendance, discipline, course registrations for next year, report cards, and transcripts. Parents of current students are eligible to activate a Parent Portal account, after agreeing to the terms and conditions of use.

PARENT RESOURCE CENTER

Sumter County Elementary School has a Parent Resource Center located in Room 504 and the Media Center. The Parent Resource Center is open to all parents Monday-Friday from 7:45-3:45. There are many things there (pamphlets, handouts, brochures, books, games, and manipulatives) that may help you meet the academic needs of your child. For more information, contact our school counselor at (229) 924-7835.

PARENT-TEACHER CONFERENCES

Communication is an essential part of the educational program. We feel it is very important for parents to keep in close contact with their child's teacher concerning his/her progress. Parents will be asked to attend conferences throughout the school year. Scheduled Early Release/Parent-Teacher Conference days are: **September 6, 2024, and February 14, 2025.** **Teachers are available for conferences, by appointment, during planning time, and after school.**

PARENT TEACHER ORGANIZATION (P.T.O)

A school Parent/Teacher Organization (PTO) is organized each year. We encourage all parents to take an active part in this organization.

REPORT CARDS

Report cards are sent home every nine weeks to inform parents of their child's progress. To keep parents informed throughout the nine weeks, a Progress Report is sent home in the middle of the grading period.

SCHOOL CHOICE

Public School Choice/Intradistrict School Choice

As of June 30, 2012, there will no longer be a Public School Choice transfer option under the Elementary and Secondary Education Act of 1965 (ESEA) as reauthorized under the No Child Left Behind Act of 2001 (NCLB), and local educational agencies (LEAs) will no longer be required to implement Choice or pay for Choice transportation as implemented under the ESEA.

In November 2011, the Georgia Department of Education (GaDOE), submitted to the United States Department of Education (USED), a flexibility waiver requesting flexibility through ten ESEA requirements and their associated, regulatory, administrative and reporting requirements. One of the ten requested waivers directly affect the Public School Choice transportation under ESEA.

Any student that has previously transferred to another school by exercising the ESEA Choice must be allowed to attend that school until they complete the school's highest grade; however, the LEA is no longer required to pay for the students' transportation cost during the duration of the student's attendance at their current CHOICE school. The LEA may continue to pay for CHOICE transportation for students, **only if the LEA chooses to do so.**

However, parents will still have the Choice transfer option under House Bill 251: The Quality Basic Education Act; Intra-District School Choice. House Bill 251 allows parents of students enrolled in a public elementary or secondary school to enroll in a school other than the assigned school that is located within the school district, if classroom space is available after the assigned students of that district have been enrolled. Under House Bill 251, transportation will not be paid for by the district. The parent shall assume the responsibility and cost of transportation of the student to and from the school.

If you have any questions, please contact Gayla Braziel, Federal Programs Director at 229-931-8525 or gbraziel@sumterschools.org.

SCHOOL COUNCIL

The Sumter County Board of Education, recognizing the need to improve communication and to improve parent involvement in the schools, thus establishes local school councils as advisory bodies. It shall be the responsibility of local councils to provide advice and recommendations to the school principal and, where appropriate, to the board.

SCHOOL-PARENT COMPACT

The School-Parent Compact is a document that outlines how parents, students, and the entire school staff will share the responsibility for improved student academic achievement.

SHOUTPOINT/INFINITE CAMPUS MESSENGER

The Shout Point Telephone system is our automated student/parent/staff information center. Parents can be notified of: absences, homework assignments, schedule of school events, invitation to meetings, cancellations of school, and report card announcements. Parents and students can instantly access information from any touch-tone phone. Messages for individual staff members can also be left on voice mail.

VIDEO/AUDIO TAPING AND PHOTOGRAPHS

Your child may be photographed, audio taped, or videotaped for instructional or public relations purposes. **If you do not wish for your child to be audio taped, videotaped, or photographed, please notify the school in writing.**

VOLUNTEERS

An active group of parents and community volunteers are needed at the elementary school to assist students and teachers with various activities. Please contact the principal if you wish to volunteer your services to the school. A member of the volunteer committee may contact you to help in our school.

SECTION III: STUDENT SERVICES

AFTER SCHOOL TIME ENRICHMENT PROGRAM (ASTEP)

Sumter County Schools provides an After School Time Enrichment Program (ASTEP) at the primary, elementary, and middle schools. Hours of operation are from the time of school dismissal until 6:00 P.M. Parents who are interested in these services may contact the ASTEP Program Director at 931-8576 or via email at nmerritt@sumterschools.org.

COUNSELING

A full-time counselor will provide counseling services at the school. The program is designed to help students build a personal sense of responsibility for their behavior and achievement in the classroom. The counselor will also work with parents, teachers, and administrators as a resource person, coordinator, and consultant.

HEARING AND VISION SCREENINGS

Students attending Sumter County Schools in grades 2, 4, 6, and 9 will receive hearing and vision screenings administered by certified personnel. Parents will be notified if screenings indicate a need for further evaluation. Further evaluations are the responsibility of the parent. Parents should notify the school in writing if they do not wish for their child to participate.

Once the form is returned, a copy will be given to the nutrition manager and one will be placed in your child's permanent record folder. It is assumed that a child can drink milk unless the medical form is presented. **NO SOFT DRINK CONTAINERS ARE ALLOWED.** For sanitary considerations, the Georgia State School Food Service prohibits the students from sharing food in the cafeteria.

RESPONSE TO INTERVENTION (RTI)

Response to Intervention (RTI) is a practice of academic and/or behavioral interventions designed to provide early, effective assistance to underperforming students. Research-based interventions are implemented and frequent progress monitoring is conducted to assess student response and progress. The student's response is used as feedback to more accurately target interventions. When students do not make progress, increasingly more individualized interventions are introduced.

SCHOOL RESOURCE OFFICER (SRO)

The Sumter County School District is fortunate to have School Resource Officers assisting with school safety. STUDENT SUPPORT TEAM (SST)

Each school in the Sumter County School System has a Student Support Team (SST), which includes school staff who can provide information and support for students needing help academically, behaviorally, or socially. The purpose of the SST is to improve the delivery of instructional services to students experiencing problems of an academic, behavioral, or social nature in school and to serve as a resource for teachers and other educators in the delivery of these services. The SST may be made up of teachers, administrators, parents, special education teachers, counselors, school psychometrists, specialists, school social workers, central office personnel, outside agencies, or other appropriate personnel who can assist in the development of alternative classroom strategies and modifications to meet the individual needs of a student experiencing difficulty in school. Teachers, students, parents, or others working with the student may request a SST meeting. Parents are invited to attend and participate in all SST meetings. If you have questions about the Student Support Team, call the school and ask to speak with the principal.

504 PLAN

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

SECTION IV: POLICIES AND PROCEDURES

1. A certified copy of the birth certificate
2. A Georgia Immunization Certificate
3. A Vision/Hearing/Dental Evaluation Certificate

AFTERNOON DISMISSAL PROCEDURES

For safety reasons, all car riders will be assigned a number and will be given a tag with that number for the parent's car. Duplicate tags for families who may use more than one vehicle will be made available. ***Children must learn their assigned numbers within the first few days of school so that dismissal will run smoothly.*** Adults who come through the line without an assigned tag will be required to come in the office and show proper identification in order to sign children out. Please remain in your car and in line. Please display the card printed with your child's number on your windshield. A staff member will call for your child (by number) over the radio and your child will be brought to your car.

If you must come in to get your child, you will need to park in a parking space, enter through the front entrance, and report to the office. **A valid driver's license and/or id will be required from the adult picking up the student.** During dismissal, parents may not come into the building past the office as this causes too much congestion in the halls and makes it difficult for teachers to keep up with their children at dismissal time.

These programs may include instruction in prenatal care and child care. Each local unit of administration shall have the authority to provide alternative programs beyond the regular daytime educational program. Unless otherwise provided by law, the State Board of Education shall have the authority to determine the eligibility of students for enrollment. - (d) No child or youth shall be admitted to any public school of the state until the parent or guardian provides to the proper school authorities an official copy of that child's social security number which shall be incorporated into the official school records pertaining to that child or youth. Each local unit of administration shall establish and implement a plan for providing the public appropriate notice of the information required of every student under its jurisdiction prior to the beginning of each school year. School authorities may provisionally admit a child for whom an official social security number has not been provided if the parent or guardian completes a postage-paid application for a social security number at the time of enrollment. A parent or guardian who objects to the incorporation of the social security number into the school records of a child may have the requirement waived by signing a statement objecting to the requirement.

SECLUSION AND RESTRAINT

Sumter County Schools and the Georgia Department of Education support a positive approach to behavior that uses proactive strategies to create a safe school climate that promotes dignity, creates authentic student engagement, increases instructional time, and improves student achievement for all students.

At times, students exhibit behaviors which place themselves or others in imminent danger. In order to protect the safety of students and staff, the Georgia State Board of Education has adopted rule 160-5-1-.35: Seclusion and Restraint for all Students, which prohibits the use of seclusion (as defined in that rule) and limits the use of restraint to those situations in which students are a danger to themselves or others.

STUDENT SURVEYS

Students will occasionally be asked to participate in local and state surveys. If you do not wish for your child to participate, please send a dated, written statement to the principal.

Students, at all times, should observe the rules governing body cleanliness, neatness of appearance, and good grooming. T-shirts with improper suggestions or advertising of any alcoholic drink, or illegal substance will not be allowed at school. When, in the opinion of administration or teacher, a pupil is inappropriately dressed for school, parent(s)/guardian(s) will be called for proper school attire. SECTION V: STUDENT CODE OF CONDUCT

SCS STUDENT BEHAVIOR CODE

It is the purpose of the Sumter County Board of Education to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which require students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board, and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations, and rules set forth in the Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school-related activity, function, or event and while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, UNSAFE SCHOOL CHOICE OPTIONS.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures. Action taken by assistant principals may be appealed to the principal. Only action taken by principals can be appealed to the Assistant Superintendent for student services.

AUTHORITY OF THE TEACHER

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law.

Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the student code of conduct. Such a report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the principal or designee.

The principal or designee shall notify in writing the teacher and the student's parents or guardian of the discipline or student support services which have occurred as a result of the teacher's report within one school day from the imposition of discipline or the utilization of the support services. The principal or designee shall make a reasonable attempt to confirm that the student's parents or guardian has received the written notification, including information as to how the parents or guardian may contact the principal or designee.

PROGRESSIVE DISCIPLINE PROCEDURES

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time Out
- Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for 10 days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Students' vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or

parents. Students are required to cooperate if asked to open book bags, lockers, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

Please be reminded that the case law ruling from the State Board of Education is that **intent** must be determined in order to expel a student for possession of a weapon.

If the school official has reasonable suspicion to believe that the student has on his or her person an item imminently dangerous to the student or to others, a more intrusive search of the student's person may be conducted. Such a search may only be conducted in private by a school official of the same sex, with an adult witness of the same sex present, and only upon the prior approval of the Superintendent or his or her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

Sumter County Schools Transportation Manual

Safe Student Riding Instructions

Welcome to another great year! We look forward to transporting your child this school year. To ensure that your child will have a safe riding experience this year, we ask that you review the safe riding instructions with your child now and periodically during the school year.

Statistics show children riding a school bus are much safer than in their parent's personal vehicle or any other type of transportation on the roadways. The Sumter County Board of Education believes the school bus is an extension of the classroom; therefore, the same rules of "Respect Yourself" and "Respect for Others and Other's Property" will apply in route to the bus stop, departing from the bus stop, and while on the bus.

Safe riding begins before your child leaves the house or arrives at the designated bus stop. In order to keep your child safe, your child needs to arrive at the bus stop approximately five minutes before the scheduled pick-up time. These few minutes will allow your child time to arrive at the bus stop without the need to hurry. These five minutes will also limit your child's time near roadways and exposure to various weather conditions for prolonged periods.

While Waiting For the Bus

Students should wait away from the roadway at their designated stop. There should be no horse playing, pushing or shoving while on the way to the bus stop or at the bus stop. Students who do not live on the same side of the road as the bus pick-up must wait on their side of the road until the bus arrives. If your child has to cross the road, he/she must wait for the bus to come to a complete stop and wait for the driver to give instructions when it is safe for him/her to cross.

While Loading the Bus at Designated Stop (same side of road)

Students must wait for the bus to come to a complete stop, wait for the entrance door to open, and make sure that the red stop lights are flashing before approaching the bus to board. When more than one student boards at the same bus stop, they must line up in a single file line just prior to the arrival of the bus. There should not be pushing, shoving or horse playing while boarding the bus. Students should always use the handrail when stepping onto the bus. Students should be seated in their seat as carefully but as promptly as possible and remain there until they reach their school or destination.

While Loading the Bus at Designated Stop (opposite side of road)

When a student has to cross the road to board the bus, he/she must stand on their side of the road. Students must wait for the bus to come to a complete stop, wait for the entrance door to open, and be sure the red stop lights are flashing before approaching the bus to board. Students must wait for the driver to give a verbal or physical sign that it is all clear to cross the road. Even after all the above, students must quickly look both ways to be sure the road is still clear and all other vehicles have stopped. Students must always cross in front of the bus and should always use the handrail when stepping onto the bus. There should not be pushing, shoving or horse playing while loading the bus. Students should seat themselves as carefully and as promptly as possible and remain seated until they reach their school or destination.

While on the Bus

Once students board the bus, the driver has total responsibility of your child's safety. Students must follow the listed "Bus Regulations" found in "Code of Student Conduct" to ensure a safe ride, whether they are being transported from home to school or back home or any school-sponsored trips.

While Unloading the Bus at School or Destination

Students should unload the bus in single file from front to back with no pushing, shoving or horse playing while unloading the bus. Students should use the handrail as they depart the bus until both feet are on the ground. Students should check for an approaching bus on the door side before exiting the bus.

Students should look both ways before crossing the traffic area and should clear this area as quickly and safely as possible. Students should **never** return to the bus without the supervision of an administrator.

While Loading the Bus at School

Students should wait for buses in a safe area designated by the school. The bus should come to a complete stop and your child must wait for the driver to open the entrance door before approaching the bus. Students should look both ways before leaving the curb and crossing the traffic area to approach the bus. Students must watch for other buses pulling up on the right side while loading the bus. Students should line up in single file according to the order they arrive to the bus and should use the handrail to board. There should be no pushing, shoving or horse playing while coming to, while loading or while getting to their seat. Students should be seated as carefully but as promptly as possible and remain seated until they reach their designated stop.

While Unloading the Bus at Designated Stop

Students should unload the bus in single file from front to back with no pushing, shoving or horse playing. Students should use the handrail as they depart the bus until both feet are on the ground. Students should exit the bus and clear the

roadway and continue to move until they are safely away from the bus. Students who live on the opposite side of the road must cross in front of the bus while the bus is at their stop. When a student must cross the road, they should stop at the front of the bus and look both ways before continuing to cross. When all is clear, students should clear the roadway as quickly as possible. Students should go directly home and never return to the bus for any reason. Please instruct your child to never retrieve an item that rolls under the bus. Students who have permission from parents to check their mailbox who live on the same side of the road as their mailbox must clear the roadway and wait for the bus to depart and for traffic to clear before returning to the roadway to the mailbox. If your child lives on the opposite side of the road of their mailbox, they must cross over to their side of the road while the bus is at their stop. If your child has permission from you to check the mailbox and you live on the opposite side of the road from your mailbox, your child must also wait until after the bus has departed their stop and for traffic to clear before crossing the road to check their mailbox.

Railroad Crossing

History has shown that more lives are lost in school buses at railroad crossings than at any other location. Each time a school bus and a train collide, the train wins! This is why it is so important for the driver to have their full attention on the railroad crossing. There is no other time when a driver's distraction can cost the loss of so many lives. Please reinforce with your child the importance of being "Silent At All Railroad Crossings."

Bus Evacuation

Due to unforeseen circumstances beyond the bus driver's control, your child may have to evacuate a bus at some time during the year. The decision to evacuate may be based solely on having the best interest of the students in mind. When evacuating a bus is necessary, students are placed in a safer location while waiting for assistance to arrive.

Most evacuations are due to breakdowns which may leave the bus in questionable surroundings. Not all breakdowns result in an evacuation; several factors are taken into consideration before the decision is made to evacuate a bus. The location of an inoperative bus is the greatest factor when making a decision to evacuate a bus. A bus may be required to be evacuated if it is disabled next to a high volume roadway, high speed limit roadway, on or near a bridge, on a steep hill or in a curve or near water, or any unsafe area.

When any type of evacuation occurs, students must follow the instructions of the driver to safely unload and to relocate in a safe location away from the hazard. On rare occasions, the driver may be incoherent so we may depend on the older, mature students to help with evacuation. This type of evacuation is practiced with all students during the beginning of each school year. There are several reasons that students may have to be unloaded from one bus to another bus without it being an

emergency. We ask for you to periodically remind your child to stay calm whenever it is necessary to unload from one bus to another bus for any reason and to always use their "While Loading and Unloading the Bus" directions.

All buses are designed with several "Emergency Exits"; these locations are, but are not limited to the entrance/exit door, rear door, emergency exit windows and roof hatches. Students should always use the front entrance/exit door during all evacuations when possible. When the service door is not available, the second choice should be the back door. All other exits should be used only when the loading door and the back door are not practical. When the rear door is the chosen exit, selected students designated by the driver are instructed to assist students to the ground. All students are instructed to leave all personal belongings on the bus and to exit from the front to the back of the selected exit location. Students are instructed to walk at least 100 feet away from the bus at the direction away from the recognized hazard or hazards.

School bus transportation is such an important part of the educational system in Sumter County. We appreciate your assistance as we try to provide the safest and most efficient transportation for our precious cargo-your children!

SEARCH AND SEIZURE

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student desks,

student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this discipline code, the term "unauthorized" means any items dangerous to the health or safety of students or school personnel, or disruptive any lawful function, mission or process of the school, or any item described as unauthorized in school rules available beforehand to the student.

A student's failure to permit searches and seizures as provided in this policy will be grounds for disciplinary action.

Personal Searches: A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials.

If a pat down search of a student's person is conducted, it will be conducted by a school employee of the same sex and with an adult witness present, when feasible.

If the school official has reasonable suspicion to believe that the student has on his or her person an item imminently dangerous to the student or to others, a more intrusive search of the student's person may be conducted. Such a search may only be conducted in private by a school official of the same sex, with an adult witness of the same sex present, and only upon the prior approval of the Superintendent or his

or her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

Desk Searches: Student desks are school property and remain at all times under the control of the school. Periodic general inspections of desks may be conducted by school authorities for any reason at any time without notice, without student consent, and without a search warrant.

Seizure of Illegal Materials: If a properly conducted search yields illegal or contraband materials, such items shall be turned over to proper legal authorities for ultimate disposition.

DISCIPLINARY JURISDICTION OVER STUDENT CONDUCT

The Sumter County School District has discipline authority over its students whenever the interests of the School District are involved. Therefore, the Code of Student Conduct applies at the following times and places:

- On school grounds at any time;
- Off school grounds at a school bus stop or at a school activity, function, or event;
- While the student is on a school bus or School District-sponsored transportation;
- When either the alleged perpetrator or the alleged victim is in route to or from school, or to or from a school activity, function, or event;
- Off school grounds while the student is participating in or attending school-sponsored or school-related activities, such as field trips, conferences, or athletic events, or is otherwise subject to the jurisdiction of school authorities;
- Off school grounds while attending a school-sponsored or school-related activity of another school system in Georgia;
- Off school grounds when the behavior of the student could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process (O.C.G.A. § 20-2-751.5(c));
- Off school grounds when the misconduct is directed at a School District student, employee, or volunteer and is related to the victim's affiliation with the School District;
- Off school grounds when a student leaves school without permission of a school official (Absent Without Leave); and
- Off school grounds when the misconduct adversely affects the safety and welfare of the school community or the orderly mission and function of the school.

INVESTIGATION OF MISCONDUCT

When a violation of school rules is reported or suspected, the principal or designee will determine whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation should be timely and include interviews with the alleged perpetrator(s), victim(s), identified witnesses, teacher(s), staff members, and others who might have relevant information. Written statements should be obtained from all individuals who are interviewed. Video surveillance, if available, should be reviewed and secured. If administrators believe a request for a due process hearing will be made, he/she should attempt to preserve video surveillance of any misconduct. Any other physical and documentary evidence should be collected and preserved. School counselors, school social workers, school police, and other support staff should be utilized for their expertise as determined by the circumstances of the matter. At an appropriate time during or after the investigation, the parent or guardian will be notified. However, if the incident involves an injury or similar situation, appropriate medical attention should be provided, and the parent or guardian should be notified immediately.

The determination of whether or not a student has violated the Code of Student Conduct will be made based solely on a preponderance of the evidence. In other words, is it more likely to be true than not true, based on the evidence, that the student did violate the rule?

The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the Sumter County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
