ADMINISTRATION

JERRY ERDAHL, Superintendent
JAMIE KRENZ, Principal
BRIAN NIEUWSMA, Principal
JOYCE M. MILLER, Business
Manager

2021-22 COVID Protocols

Positive Case: Students & Staff

Once a positive case has been confirmed by the ND Department of Health, the following protocol will be followed:

- Building administrator will determine the last day the positive case was onsite.
- The building custodian will be provided with a list of spaces that should receive additional sanitizing/disinfecting.
- The district administrator will send an exposure notice letter to classes/groups with the positive case. Exposure notices will NOT be sent for unstructured times during the day (bus rides, breakfast, lunch, recess, etc.).
- The exposure notice recommends a symptom-monitoring period of 10 days. If, at any point during those 10 days, the individual would start feeling ill or exhibiting symptoms, they should stay home.

Close Contacts: Students & Staff

- The district is **NOT** contact tracing positive cases onsite this year. This means that FPS will not be identifying anyone as a close contact required to quarantine.
 - Instead, exposure notifications will be provided to all families in the classroom if there is a positive case in their child's classroom.
 - The exposure notifications will encourage families to self-monitor their child and to keep them home if symptoms develop.
- Students or staff may be identified as a close contact through the interview process public health conducts with each positive case such as a House Contact. If a student or staff member receives such a notification, the protocol for attendance and mask wearing will be determined by the NDDoH.
 - **Provide your school with a copy of any NDDoH quarantine or protocol orders.**
 - **FPS will comply with NDDoH quarantine orders and COVID protocols as outlined.**

Activities/Athletics

- School activities, events, assemblies, and gatherings allowed, with no limits on spectators.
