IMPORTANT CHANGES FOR 2022-2023

As of summer 2022, many of the federal waivers that allowed ALL students to eat free are ending. For the 2022-2023 school year, students receiving free and reduced price meals will need to complete a Free & Reduced Meal Application and meet the federal guidelines for income and household size. Students not meeting the specifications associated with free and reduced price meals will return to a paid meal status. Free & Reduced Meal Applications will be provided at each Covington County School at the start of the 2022-2023 school year, and online applications can be completed starting in July 2022 at the website listed below.

MEAL PRICES

Breakfast \$1.25

Lunch \$2.50
