Policies

Attendance & Work

Attendance is vital! Please be on time and prepared each day with complete assignments. Work must be shown in order to receive credit. Late work is not accepted and will receive a zero. If you happen to be out, you have the number of days you missed plus two days in order to get the work done and turned in for credit. The pace is fast, so it is imperative that all assignments are done on time. Please access lesson videos via Schoology when absent or for additional support!

Academic Honesty

Students must observe standards of academic honesty and integrity. Those in violation will result in disciplinary action.
