

Attention Families

Enjoy the summer activities and don't worry about the stress of finding all the class supplies for your child this year. Please focus on spending time with your children and picking out their new outfits for the start of the school year or playing a game with them.

We know some families would like to support their child's classroom and many teachers would appreciate different items donated for the classroom to use throughout the year for different projects and everyday situations. These items may include: Ziplock bags (sandwich, quart, or gallon size), spoons, brown paper bags, and sticky notes. A more detailed list will be provided by the teachers during Open House if you're interested in donating for the class.
