

INTRODUCING 24/7 TUTORING – FREE FOR STUDENTS!

Dear Parents and Guardians,

We really excited to tell you about our new tutoring services, provided by Paper. Paper is a secure, online tutoring service that provides students with unlimited, 24/7 academic support. Whether they're stuck on homework, studying for a test, or need someone to read and make suggestions to their essays, there will always be experts available online to assist students in over 200 subjects and more than 4 languages.

Paper tutors have been specially trained to conduct expert, academic support in a secure, chat-based platform. With a commitment to helping students learn, they'll never give students answers, but rather interact with them in an encouraging tone to lead them forward.

This is a free service that we're providing, so students are encouraged to use it as much as they need, whenever they need. Our teachers also have accounts and will be able to review all student activity to see what they're working on and provide more targeted instruction as needed.

If you'd like to learn more about Paper visit the [MDE + Paper Website](#). Here you will be able to [register for an upcoming parent info session](#), available in both English and Spanish, and [find resources](#) on how to get started in using Paper with your students right away! Or if you'd like to speak to a member of the Paper team directly, you can reach them at parents@paper.co.

To see Paper and the help it offers firsthand, we encourage you to login with your students. To get started, simply visit [Paper's student login page](#), type your school's name, and log in via **Clever for students in grades 3-7. Students in grades 8-12 will login with Google.**

We're thrilled to offer our students the unlimited, 24/7 support that Paper provides and we can't wait to see what we're able to accomplish together.
