Additional people present included: Daniel Wood, Morgan Grizzle, Christina Godwin, William and Brenna Kent, and Kaitlyn Hester. Mrs. Cooper-Riley requested approval of the agenda and previous meeting minutes. Both were approved. Mrs. Cooper-Riley gave new families to School Council an opportunity to introduce themselves. Mrs. Shillcutt then shared information from the School Council Bylaws and Guidelines. This information was discussed to explain the purpose behind the School Council. Mrs. Shillcutt discussed the innovation grant, the new STEM school, and the AG club being started at Kings Chapel. In new business, feedback was provided about the morning open house. Some topics for future school councils included sharing information about clubs that need partnerships as well as information about the STEM night. If council members have any topics that they would like to be addressed in future meetings, they will email Mrs. Shillcutt, the principal. The meeting was adjourned at 5:25 PM.
