

Welcome to the Bledsoe County High School website. Thank you for your interest in our school, our goal is to give you the ability to find the information you are looking for concerning BCHS. Our excellent faculty work hard to make sure our students are future-ready. Parents, visitors, and students, this website was created to keep you informed and to relay the exciting accomplishments in our school community.

It is with great joy that I have returned to my alma mater to be the principal. My goal is that every student receives an education that results in students becoming happy, healthy, productive citizens.

The expectations for our students are high in academics and extracurricular activities provided for all students. I hope that each student leaves this school with a dream and a passion for making a difference in our world. It is a joy to see the pride our community has for BCHS and the blue and gold. Students, work hard and set your goals high, for the future is yours to experience.

Parents, thank you for trusting our faculty and staff with assisting you as partners in the learning and growth process of your child. Feel free to let our staff know of any needs we can meet by providing you with further information. Education is a partnership, and I hope you join us by getting involved in our school activities. My door is always open, and I will do my best to assist in any way possible. I am proud to be HOME and a BCHS Warrior! Once a Warrior ALWAYS a Warrior!

Bledsoe County High School Principal

Matt Ridley
