If a parent cannot bring appropriate clothing, the student will sit in ISS for the remainder of the day, and the discipline matrix will be followed.

Discipline for Failure to Follow the Dress Code Policy SB 228- Code of Student

STUDENT RULES FOR DRIVING/PARKING ON CAMPUS

Parking on school board property is a privilege and may be granted or revoked by the principal or principal's designee. Students are responsible for the care of your vehicle. Students must observe all safety rules and remain courteous and considerate of others. Weapons are prohibited in vehicles at school and at all school events at all times. The Board is not responsible for motor vehicles which are lost, stolen, or damaged.

Students parking vehicles on campus without authorization or who repeatedly violate campus- parking rules may have their parking decal revoked. The presence of a vehicle on school board property or at a school sponsored event implies consent by the student to a search of the vehicle upon reasonable suspicion that illegal, prohibited, harmful items or substances, or stolen property may be contained therein. Vehicles parked on School Board property or at a school sponsored event by a student are subject to search if school personnel have reasonable suspicion that illegal, prohibited, harmful items or substances, or stolen property may be contained therein. Each student who parks a vehicle on a school campus is presumed to know what is contained in his/her vehicle and will be held accountable for any contraband, weapons, drugs, etc., which may be found in the vehicle.

SECTION TWO: PROHIBITIONS AND NOTICES

VIOLENCE AGAINST SCHOOL DISTRICT PERSONNEL

Battery or assault against any school personnel by a student is a Level 4 violation of this Code. If you, as a student, use force or violence, accidental or intentional, against school personnel, you will be suspended from school, and the principal will recommend that you be expelled. Subject to federal and state law, if you are formally charged with a violation of *F.S. 784.081* (assault, aggravated assault, battery, or aggravated battery upon a school employee) you will be removed from the classroom immediately pending disposition. If you are found by the court to have committed a violation of *F.S. 784.081*, you will be expelled for a minimum period of one year [*F.S.1006.13(5)*].

2. Other Weapons

If you possess, sell, distribute, display, or transfer a weapon of any type, other than a firearm or explosive, you will be suspended from school for ten (10) days, and the principal may recommend that you be expelled. Firecrackers, fireworks, and M80s are included in this category. If you bring a weapon, as defined in Chapter F.S. 790, to school, you will be expelled from the regular school for not less than one year and referred for criminal prosecution. [F.S. 1006.07] If you use a weapon of any type, including pointed or sharp instruments such as ice picks, penknives or razor blades, you will be suspended from school for ten (10) days and the principal will recommend that you be expelled for not less than one year.

For students with disabilities, the mandatory penalties in this policy are subject to the procedures for discipline of students with disabilities.

SAFE HARBOR

A student who inadvertently possesses or finds a prohibited object shall immediately notify school staff and surrender the object. Thus, a student may approach a school official and voluntarily surrender an object prohibited by the Code of Student Conduct without being subjected to discipline so long as the object (excluding a firearm) is one that the student could lawfully possess off school grounds. If a student discovers an illegal item (i.e., drugs or weapons) or other contraband on school property or at a school function, the student may approach a school official and report the discovery. A student shall not be in violation of the Code of Student Conduct solely for making such a report. School officials shall make a determination after an investigation of the report. The Safe Harbor Provision may not apply if a search is ongoing in any location at the school, if the object is surrendered during a search, or if the object is not turned in prior to discovery by school staff. With respect to objects that have been turned over to school staff, the parent/guardian must make arrangements to pick up the object from the school, unless it is an object that must be turned over to law enforcement.

ALCOHOL AND DRUGS

The use of illegal drugs and the unlawful possession and use of alcohol are wrong and harmful and are violations of this Code. (Prescription as well as over-the-counter medication shall be turned into the school nurse upon arrival at school).

Students may not *possess, sell, transfer, distribute or use:*

- any alcoholic beverage,

- any controlled drugs,
- hallucinogens or
- similar substances

on school property, including buses, and at school-sponsored activities, except those specifically prescribed by a licensed physician.

1. Violation of this prohibition is a serious breach of conduct. The school will notify law enforcement officials and your parent(s) or guardian(s).
2. If a student possesses, uses or is under the influence of any item listed above, except under the direction of a licensed physician, students will be suspended from school for a period of ten (10) days with a recommendation for expulsion.
3. If a student sells any item listed above or that you represent to be any item listed above, you will be suspended from school for ten (10) days for the first offense and the principal will recommend that you be expelled. If you solicit a sale, transfer, or distribution other than selling, you will be suspended from school for ten (10) days with a recommendation for expulsion.
4. Students may not use any legal substance to attain a mood-altering effect, and you may not possess any equipment or device for preparing or taking drugs.
5. If you are found to be guilty of a felony, the student may be recommended for expulsion.
6. Students may be entitled to a waiver of discipline or expulsion if you divulge information leading to the arrest and conviction of the person who supplied such controlled substance to you or if you voluntarily disclose your unlawful possession of such controlled substance prior to your arrest. A waiver may also be granted if you successfully complete a state- licensed drug abuse treatment program. A student is only eligible to receive a waiver once during their K-12 academic career, and students who distribute any item listed above are not eligible for a waiver.

If a student has a doctor's order to take prescription medicine at school, it is important to first notify the school principal or designee so that you know the proper procedures to follow. For students with disabilities, the mandatory penalties provided by this policy shall be subject to the procedures for discipline of students with disabilities.

TOBACCO PRODUCTS

Students may not *use, possess, distribute, or sell* tobacco products (including papers used to roll cigarettes) or electronic smoking device or products on school property, at school-sponsored events, at school bus stops or on school buses. In addition, it is unlawful for any person under 21 years of age to *knowingly possess* any tobacco product. [F.S. 386.212; 569.11] Law enforcement has the right to issue citations for use or possession of tobacco products on any Taylor County School District campus.

BULLYING AND SEXUAL HARASSMENT

Bullying means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to: teasing, social exclusion, threat, intimidation, stalking, physical

violence, theft, sexual, religious, or racial harassment, public humiliation, or destruction of property. F.S. 1006.147. TCSD treats bullying as a serious breach of the Code of Student Conduct. Students who engage in such conduct shall be subject to a range of consequences, including verbal or written reprimand, in-school suspension, out-of-school suspension, change of placement, and/or recommendation for expulsion.

1. It is the policy of the TCSD that all of its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying of any kind. The District will not tolerate bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.
2. The School Board will not tolerate bullying or harassment, including sexual harassment of any student or school employee:
3. During any education program or activity conducted by a public K-12 educational institution;
4. During any school-related or school-sponsored program or activity:
5. On a school bus of a public K-12 educational institution: or
6. Through the use of data or computer software that is accessed through a computer, computer system, or computer network of a public K-12 education institution.

If a student is found to have committed an act of bullying or harassment, including sexual harassment, or found to have falsely accused another as a means of bullying or harassment, the student may receive positive behavioral interventions or be disciplined up to and including suspension or expulsion. If you or your parent/guardian believes you have been the victim of bullying or harassment, immediately report the situation to a teacher, school counselor, school principal or designee, or other school staff.

Cyber stalking/bullying as defined in *F.S. 784.048 (1)(d)*, means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Taylor County has online reporting system located on the district website, www.taylor.k12.fl.us. If a student sees someone being bullied or does not feel safe at school any student may use the link to report the problem. False reports will be considered bullying. Reports may be given anonymously.

HAZING

TCSB prohibits hazing activities at any time on school property or at school sponsored events. Even if a student is only a by-stander, you may be deemed to be a participant if you stay present during a hazing incident. Student bystanders are expected to leave the area immediately and are encouraged to report the incident. [F.S. 1006.135].

FALSE ACCUSATIONS

It is a Level 4 violation to intentionally make false accusations that jeopardize the professional reputation, employment or professional certification of a teacher or other member of the school staff.

PERMANENT REMOVAL OF STUDENT FROM CLASS

A teacher may send a student to the principal's office to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline-management techniques consistent with the Code of Student Conduct under S. 1006.07 A teacher may remove from class a student:

- Who interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
- Whose behavior the teacher determines is so unruly, violent, disruptive, abusive, or disrespectful that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

If a teacher removes a student from class under this provision, the principal may place the student in another appropriate classroom, in in-school suspension, or in an alternative education program as provided by S. 1003.53; or the principal may recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under S. 1003.32 determines that such placement is the best or only available alternative. The teacher and the placement review committee must make decisions within five days of the removal of the student from the classroom. Any teacher who removes 25 percent of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

WIRELESS COMMUNICATIONS/ELECTRONIC DEVICES Grades 9-12

Cell phones/electronics/electronic devices may be used appropriately during all transitions and during lunch. (Use of any electronic device, including cell phones, will be at discretion of the teacher, for academic purposes only, during any given class time).

WIRELESS COMMUNICATIONS/ELECTRONIC DEVICES PK-8

Students may possess wireless communication or electronic devices at school. The devices cannot be used upon the student's arrival on the school campus and can only be used after the final dismissal bell. Students are responsible for ensuring that their device is powered off and secured either in backpacks or in the appropriate classroom storage area (per school site policy).

- To avoid classroom disruptions, you may not display, use, or activate wireless communication or electronic devices prior to the final dismissal bell. The prohibited time may include study halls, lunch breaks, class changes, and any other structured or non-structured activity.
- After the final dismissal bell, students may use wireless communication or electronic devices except on school buses.
- At school-sponsored activities, including extended day and other afterschool programs, you may use a wireless communication, or electronic device provided the use does not interfere with the activity and follows the directives of the school administration. Students may be disciplined for disruptive or inappropriate behavior related to possession or use of wireless communication or electronic devices.
- Electronic devices may not be used for inappropriate recordings to post on social media (Facebook, You Tube, etc.).

- Under no circumstances should a wireless communication or electronic device be used inappropriately. Such inappropriate use includes, but is not limited to texting, phoning, or web surfing until the final dismissal bell; taping conversations, music or other audio; photographic or videoing self or others; and any other activity that could in any way infringe on the rights of others including, but not limited to, teachers, students and staff.

The School Board is not responsible under any circumstances for the loss, destruction, damage and/or theft of wireless communication or electronic devices or any communication bill associated with the authorized or unauthorized use of the wireless communication devices. You are responsible for locating any lost or stolen items.

The misuse of a wireless communication or electronic device may result in the imposition of disciplinary action by the school and/or criminal penalties if the device is used in a criminal act. Misuse may also result in the **CONFISCATION** of the device.

THREATS OR FALSE REPORTS

If a student is found to have made a threat or false report as defined by F.S. 790.162 and F.S. 790.163 involving school or school personnel's property, school transportation, or a school-sponsored activity, the student will be expelled from the regular school for not less than one year and referred for criminal prosecution. [F.S.1006.07]

EXTRA-CURRICULAR ACTIVITIES

Extracurricular activities are offered in order to extend learning beyond the normal school day. These activities are supplemental to the school's core curriculum and are privileges, not rights. This includes participation in and/or spectator attendance at any extracurricular activity or event. Students are expected to behave appropriately at all times while participating in or attending these activities. All school and district rules and regulations are in effect during any extracurricular activity, whether held on or away from campus. In addition to any other disciplinary consequence as a result of misbehavior, the principal or his designee may revoke student participation in or attendance at extracurricular activities. [F.S.1002.20(18)].

Participation in a school sponsored extra-curricular activity or sport is a privilege. These activities are important components of our total educational program. Successful participation in school sponsored extra-curricular activities requires a higher level of commitment, energy, and maturity.

It is the goal of Taylor County Public Schools to expect a higher standard of excellence from students involved in these activities. Participating students are representing our schools in our neighborhoods, our communities, our state, and our nation. The standard of behavior should be one that exhibits pride, politeness, and responsibility. Parents and students should seriously discuss the impact of the extra time, energy, and maturity required to participate in these activities, and the strict eligibility rules a student must follow to remain qualified for such activities.

STANDARDS FOR USE OF REASONABLE FORCE

Administrators, teachers, and support staff may use and apply reasonable force and restraint for self-protection or for the protection of other students from physically disruptive students. [F.S.1006.11]. The use of reasonable force is permitted to protect the student from:

- conditions harmful to learning;
- conditions harmful to student's mental health;

- conditions harmful to student's physical health;
- conditions harmful to safety; and,
- harm and/or injury to self, school personnel, and others.

While use of physical force may be needed, alternatives should be attempted, time permitting. Reasonable force cannot be excessive or cruel or unusual in nature. Physical force being used should cease upon the restoration of a safe and orderly environment.

SECTION THREE: PROCEDURES

Administrative judgment, particularly at the elementary level, is needed in classifying offenses or behaviors into incident types. In making these classifications, age and developmentally appropriate behavior **MUST** be taken into consideration. In all instances of disciplinary action,

- the incident shall be investigated by the principal or designee,
- a conference shall be held with the student,
- due process procedures shall be followed
- and the parents will be notified.

When a student is suspended or recommended for expulsion or alternative placement, procedures for the recommended action as described in this Code of Student Conduct shall be followed. A complete written report of the incident and the action taken shall be maintained.

A student with an IEP/504 Plan cannot be suspended for greater than ten (10) cumulative school days within one school year and must have a Manifestation Determination Hearing.

Some infractions may result in arrest and charges being filed due to being a violation of the law as well as a violation of school rules.

Some specific infractions and consequences are detailed in this section of the Code of Student Conduct. It is realized that there will be instances of misconduct that may arise that will not be detailed in this document or in the school's handbook.

Decisions regarding the consequences in such cases will be made based on the details of the information gathered in the investigation of the incident and the severity and seriousness of the misconduct.

STUDENT DETENTION, SEARCH AND SEIZURE

Students may be temporarily detained and questioned about possible violations of School Board rules. The principal or designee may search lockers, vehicles, or other storage areas upon reasonable suspicion that a prohibited or illegally possessed substance or object is contained within the area. *[F.S. 1006.09(9)]*. In addition, metal detectors and trained dogs may be used to screen for prohibited weapons and substances.

STUDENT HEALTH AND MEDICATION [F.S.1006.062].

Prescription, non-prescription, and over-the-counter medication must be administered in accordance with school district policy and procedures for Student Illness and Administration of Medication during school hours.

No prescription medication may be self-administered or administered by school personnel without a dated authorization signed by the parent or guardian on file with the school. Non-prescription medication or prescription medication, except asthma inhaler or Epi-pen (epinephrine), may not be kept on a student's person without a physician's written order on file with the school. No student shall distribute or share any prescription or non-prescription medication with any other student.

IN SCHOOL SUSPENSION (ISS)

1. **Definition:** In-School Suspension is an alternative to out-of-school suspension that prevents a student from attending all or some classes for up to ten (10) school days at any one time. During the period of an In-School Suspension, the student is assigned to a self-contained alternative classroom on a Taylor County School Board Site. *[F.S. 1003.01(5)(b)]*.

2. Conditions:

- a. Any school that has an in-school suspension program established in accordance with the TCSD guidelines may place students in in-school suspension.
- b. The parent/guardian must be notified of the placement of a student in-school suspension.
- c. All criteria for student eligibility and the instructional program are subject to the
- d. requirements of the district's guidelines.
- e. Schools shall not use continuous or multiple in-school suspensions to exclude a student with a disability from educational services. Services must be adhered to as outlined in the student's Individual Education Plan or 504 Accommodation Plan.

3. Procedures:

The principal or designee may assign a student to an in-school suspension program on the basis of a discipline referral after hearing the student's defense and/or explanation of his/her conduct and giving the student an explanation of the reasons for and conditions of the in-school suspension.

- a. A student who fails to appear for in-school suspension may be assigned an additional amount of in-school suspension or be assigned to a higher level of discipline which may include out-of-school suspension.

OUT OF SCHOOL SUSPENSION (OSS)

The principal or administrative designee has the right to suspend you from school for a serious act of misconduct. Students suspended out of school are fully excluded and prohibited from attending any Taylor County public school, any school, or School Board sponsored activity, or coming upon the grounds of any school until the term of the expulsion is completed. The procedure below shall be followed for suspension from school:

1. Students will receive oral and written notice of the charges and an explanation of the evidence against them. In a conference, students will have an opportunity to respond to the charges and to explain their behavior.
2. If the principal or designee determines that there are sufficient grounds for suspension, then the student will be informed of the suspension from school and the length of time. Students will normally be suspended effective at the end of the school day and shall remain in ISS for the remainder of the day or until a parent can pick them up.
3. The principal or designee will make a good faith effort immediately to contact the parent or guardian by telephone and will also send written notice to the parent or guardian. The notice will state the length of the suspension and the reasons for it.
4. If suspended, students will be released to their parents/guardians with a plan for specific homework assignments to be picked up.
5. In an emergency, the principal may temporarily suspend a student prior to a conference when the safety or health of students, staff or other persons in the school may be threatened by your continued presence. When temporary suspension is necessary, the principal will inform the parent or guardian by the most rapid means (including telephone). As soon as feasible under the circumstances, the principal will hold a conference with the student and parent. Following the conference, the principal may formally suspend you; however, in no case shall the principal's

temporary and formal suspensions exceed ten (10) days for the same offense. The principal will follow the discipline procedures for students with disabilities.

BUS SUSPENSION

The principal or designee has the right to suspend a student from bus-riding privileges for a period of time up to 10 (ten) days. Long-term suspension of bus privileges will be based on persistent misconduct which disrupts order on the bus and endangers the health, safety or welfare of other students riding the bus, or on a single incident of conduct which shows reckless or willful disregard of the safety of the driver or others.

1. If students receive four (4) or more bus misconduct referrals within a school year, the principal may permanently suspend bus riding privileges. The parent or guardian will receive written notice of the principal's recommendation.
2. If bus privileges are being suspended for longer periods of time, the parent or guardian may appeal to the Superintendent requesting a board review. At such point, the parent will be provided written notice of the schedule review.

The principal will follow the discipline procedures for students with disabilities.

EXPULSION

Expulsion is the severest penalty the School Board may impose for a violation of the Code of Student Conduct. Expulsion is the removal of the right and obligation of a student to attend public school for a specified period of time, not to exceed the remainder of the current school year, the following school year, and any intervening summer school. Expelled students are fully excluded and prohibited from attending any Taylor County public school, any school, or School Board sponsored activity, or coming upon the grounds of any school until the term of the expulsion is completed.

Procedures of Expulsion

A student accused of a violation of the Code of Student Conduct which, in the opinion of the principal or designee, may require expulsion from school or transportation shall be afforded the procedural safeguards described below. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for these procedural safeguards.

Procedural Safeguard Step:

1. The principal or a designee must inform the student of the reason(s) for consideration of expulsion.
2. The student shall be given the opportunity to present their side of the matter either verbally or in writing and must have the opportunity to offer witnesses to the incident.
3. The principal or a designee shall make a determination in writing as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the principal or designee determines there are sufficient grounds for expulsion, then the principal or designee shall inform the student of their suspension from school for 10 days, and a recommendation for the student to be expelled is considered.
4. The principal or designee shall report in writing to the student's parent/guardian and superintendent that the student has been suspended for 10 days and a recommendation for the student to be expelled from school is being considered. The report shall be mailed, or delivery initiated as soon as practicable. Reasonable effort shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal or designee may determine the suspension will start without the prior contact with the parent/guardian.

5. The student, parent and/or guardian shall be provided an opportunity to appear before the discipline committee as soon as practicable and will be provided an opportunity to be heard. The discipline committee shall be comprised of site administrators, selected by the Superintendent. Committee members shall not hear cases from a student attending the school for which they are an administrator. The purpose of the discipline committee is to determine if the offense committed by the student meets the criteria for a Level IV infraction in the Code of Student Conduct; and an appropriate disciplinary sanction based upon the Code of Student Conduct and Florida law.
6. After the finding of the discipline committee, if the parent/ believes the student is entitled to further procedural safeguards, the parent/guardian may request an administrative hearing before the School Board to determine the sufficiency of the procedures. The failure of the parent/guardian to request an administrative hearing within 5 days shall be deemed a waiver of further procedural safeguards. Administrative hearings shall be conducted at the next regularly scheduled School Board meeting. The School Board shall determine, based on all information provided by the discipline committee, whether procedural safeguards were afforded to the student. The School Board shall list any objections of the parent/guardian and make a ruling on each one. The School Board will either uphold the discipline team referral to an alternative site, uphold the principal's recommendation for expulsion, or recommend whatever action deemed appropriate based on the specific facts and charges upon which proposed expulsion is based. The parent/guardian will be notified of the decision in writing.
7. If the student's 10-day suspension expires prior to the next school board meeting, the superintendent shall have the authority to extend the suspension of the student until that meeting occurs. The suspension may also be extended for the purpose of an administrative hearing requested by the parent/guardian. The superintendent may assign any student suspended to an individually designated program or other special placement.

DISCIPLINARY REASSIGNMENT AND EXPULSION

The Board recognizes that disciplinary placement and expulsion from the educational program of the schools are the most severe sanctions for a student in this District and that neither one cannot fairly be imposed without due process.

Principal Recommendation

A principal may recommend to the Superintendent the disciplinary placement or expulsion of a student who has committed a serious breach of conduct. A recommendation of disciplinary placement or expulsion will include a detailed report on the student's actions and alternative measures taken before the recommendation.

A student and his/her parent or guardian will be given written notice of the principal's recommendation and the reasons therefore and an opportunity to meet with the Superintendent to answer the charges.

Superintendent Recommendation

The Superintendent, after reviewing the facts and circumstances of the student's misconduct and the principal's recommendation, may accept, reject, or modify the principal's recommendation. The disciplinary committee will decide on a recommended expulsion of any student and on a recommended disciplinary placement of any student who has been determined to have brought to, or possessed at, school a firearm or weapon, as defined in F.S. Chapter 790, or to have made a threat or false report, as defined by F.S. 790.162 and 790.163.

All students who are recommended for disciplinary placement or expulsion shall undergo screening to determine if they may be a student with a disability and due the procedural rights and safeguards afforded such students.

Notice to Parents

When the Superintendent makes a recommendation for disciplinary placement or expulsion to the Board, written notice shall be given to the student and his/her parent or guardian of the recommendation setting forth the charges against the student, with a summary of the factual, legal, and policy grounds for the recommendation, and advising the student and his/her parent or guardian of their right of due process, including the right to a hearing.

Retained Documents

When making a determination whether or not a student will be expelled or permanently excluded under this policy, the Superintendent shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e., "Litigation Hold")) created and/or received as part of an investigation. The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law – e.g., student records and confidential medical records.

Expulsion Recommendations for Exceptional Education Students

The required due process of a student with a disability or otherwise entitled to be treated as a student with a disability under 20 U.S.C. § 1415, § F.S.1003.57, Fla. Stat., or Fla. Admin. Code Rule 6A-6.03311 (IDEA), are set forth in the Exceptional Student Education Policies and Procedures (SP&P).

SECTION FOUR: DISCIPLINE FOR STUDENTS WITH DISABILITIES

Procedures for Disciplining Students with Disabilities

Taylor County School District does not discriminate on the basis of disability. The district has the obligation to provide a free appropriate public education to students with disabilities. An individual education plan (IEP) shall be developed for students attending exceptional education programs. During the development of the IEP, a copy of the Notice of Procedural Safeguards for Parents of Students with Disabilities shall be provided to the parent or guardian.

Disciplinary procedures must be consistent with Rule 6A-6.03312, Florida Statutes and State Board of Education Rules. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the requirements and procedures in this rule, is appropriate for a student with a disability (SWD) who violates a Code of Student Conduct. In addition, each school shall ensure that the IEP of a student in an exceptional education program is reviewed prior to disciplinary action. In lieu of suspension and/or expulsion, the IEP team may recommend an Interim Alternative Educational Setting (IAES). School personnel can remove a student with a disability from his/her current educational placement for no more than (10) school days in a school year without providing educational services. The student must receive a free appropriate education during any period of removal over (10) school days in a school year. If a student violates the Code of Student Conduct and is removed from their current placement for (10) consecutive school days, the IEP team must convene and hold a manifestation determination meeting. A manifestation of determination is a process by which the relationship between the student's disability and a specific behavior that may result in disciplinary action is examined. It shall not be an appropriate form of discipline to suspend a student for behavior which bears a relationship to the disability or exceptionality, nor shall continuous/serial suspensions be considered an appropriate form of disciplinary action.

Students with disabilities who are removed from school or placed in an Interim Alternative Educational Setting (IAES) must continue to receive educational services so as to enable the student to continue to participate in the general curriculum, even when placed in an alternative setting. The goals in the student's IEP shall continue to be implemented. A functional behavioral assessment and behavioral intervention services and modifications designed to address the behavior violation, will be considered, when appropriate, to avoid recurrence of the behaviors prompting the removal.

RESTRAINT OR SECLUSION F.S. 1003.573

Use of seclusion and restraint on students with disabilities.

Restraint practices may only be used when a student's welfare or the welfare of others is at risk. Only appropriately trained personnel may use the District School Board of Taylor County approved restraint techniques. The term "manual physical restraint" is used to describe the use of physical restraint techniques that involve physical force applied by a teacher or other staff member to restrict the movement of all or part of a student's body.

- A school will notify the child's parent/guardian in writing before the end of the school day in which the physical restraint occurs.
- A school shall prepare an incident report within 24 hours after a student is released from restraint.
- A school shall also provide the parent or guardian with the completed incident report in writing by mail within three school days after a student was manually physically restrained. Parent/guardian signatures are required to acknowledge receipt of notification.
- A school will notify the Superintendent or his/her designee when a restraint occurs.

Taylor County School District does not practice seclusion.

The term "seclusion" is used to describe the involuntary confinement of a student alone in a room or area from the student is physically prevented from leaving. It is the policy of the District School Board of Taylor County that students are not to be placed in an area of seclusion and must always be in full view of a staff person.

SECTION 5: DISCIPLINE BY LEVELS

To establish reasonable consistency in the schools, a uniform Discipline Code has been developed.

Definitions of terms used can be found in the Glossary. Consistent with the Code of Student Conduct, the **principal or designee is responsible for discipline** and determines the level of the behavior and its appropriate consequence. Schools and teachers may develop individual rules and disciplinary practices which supplement the Code but do not conflict with it. It is the intent of the DSBTC that the principal or designee of each school has a reasonable degree of choice in determining the level of a student's behavior and the resulting consequences. The factors to consider include, but are not limited to:

- **Seriousness of offense**
- **Premeditation, impulse, or self-defense**
- **Age and/or disability**
- **Strength of evidence**
- **Cooperation/remorse**
- **Disciplinary history**

Behaviors and their consequences are divided into four levels. Each level represents progressively more serious misbehavior and consequence. School support staff and/or community resource agencies may be involved.

Under the Individuals with Disabilities Education Act (IDEA), students who have been identified as educationally disabled and are receiving ESE services are subject to additional disciplinary guidelines that are different than those for non-disabled students.

Level I Discipline – Schoolwide Behavior Management

Level I offenses are minor acts of misconduct which interfere with orderly classroom procedures, school functions, extracurricular programs, approved transportation, or a student's own learning process. These offenses may be handled first by the teacher or other staff members involved. If additional action is necessary because of continued violation or other concerns, the student will be referred to the principal or designee for appropriate disciplinary action. The teacher or school administrator/designee, after review of the student's explanation, consultation with other persons involved and further investigation (when needed), will determine appropriate disciplinary action consistent with this Code and attempt to contact parents.

Level II Discipline

Level II offenses are intermediate acts of misconduct which require administrative intervention, including, but not limited to, repeated minor misconduct and acts directed against persons or property, but which do not seriously endanger the health or safety of others. After review of the student's explanation, consultation with other persons involved, and further investigation (when needed) the school administrator/designee will determine appropriate disciplinary action consistent with this Code and attempt to contact parents. Includes both Levels II A and B.

Level III Discipline

Level III offenses are serious acts of misconduct, including, but not limited to, repeated similar misbehavior, serious disruptions of the orderly conduct of school, threats to health, safety, or property and other acts of serious misconduct. These offenses must be reported to the principal/designee and may result in immediate removal of the student from the school or extracurricular activities. The principal/designee will investigate the behavior and determine appropriate disciplinary action consistent with this code and contact parents.

Level IV Discipline

The most serious acts of misconduct are included in this level; they must be recorded immediately to the principal/designee. These violations are so serious that they may require district administrators, outside agencies, and/or law enforcement. The principal/designee will investigate the behavior and determine appropriate disciplinary action consistent with this code and contact parents. **Such acts may also result in criminal penalties being imposed.** The principal/designee may recommend the expulsion of any student who has committed a **serious breach of conduct**.

Students are expected to behave appropriately at school. Misbehavior that violates the rights of others, disrupts the school, or interferes with learning is not acceptable.

DANGEROUS WEAPONS OR DRUGS

The Individuals with Disabilities Education Act (IDEA) amendments and regulations incorporate the definition of dangerous weapon from the U.S. code: "The term dangerous weapon means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that the term does not include a pocketknife with a blade of less than 2 ½ inches in length." School personnel may remove a student to an Interim Alternative Educational Setting (IAES) for not

more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

carries a weapon to or possess a weapon at school, on school premises, or to a school function under the jurisdiction of a state education agency or a school district.

knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state education agency or a school district.

has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state education agency or a school district.
