	Overview:		
	By giving your permission, your minor will be able to use two types of tests: "pooled tests" and "diagnostic tests."		
	 The pooled tests affered through this program was validated using FDA recommendations. It show is anyone in a "pool" is sick however, the test does not show appectically who. Diagnostic tests show if your minor in particular is sick. The diagnostic tests offered through this program are FDA-authorized. 		Please confirm by

	 Like most COVID 19 tests, nether the poeled nor diagnostic tests used in this programm are 70 Aparported, (Note: The work "approved" means a very specific thing in the eyes of the FDA. As of early 2021, no COVID-19 tests have been approved by the FDA.) Pooled tests do not provide individual results for each minor in a pool. However, ef a positive result is provided from a pooled test, all families of minors in that pool will be notified. Diagnostic tests may be used as "vision" points of vision and pooled test produces a positive result. Your school or organization will determine if diagnostic tests will be used in them instances. Since diagnostic tests do provide individual results for exet, such family will be notified of all results for new visions tests the rein reinformed. 		then clicking the "Yes, I give consent" button
