Mr. Gunn reported that there was money saved and set aside from the construction of the new gymnasium and wanted the Board to consider further expansion that would be self-funded so there would not be any additional debt. He asked the board members to consider whether they wanted to move forward with expansion, what they wanted, what it would look like and to share their ideas with him.

Mr. Gunn stated that the audit had started with James Moore and Company, who promised that they would be faster than in previous years, with an on-time submission.
