Registration Session 2: Ongoing from 9:00-2:00 any weekday after March 31st

The Broad Street School preschool program is a full day, five days per week inclusive program for 3 and 4 year olds. If your child will be 3 or 4 years of age by October 1, 2025, you may complete an enrollment packet. **All general education preschool students must be potty trained to attend the program.**

Enrollment in our preschool program will open in-person on Monday, March 31, 2025. Parents unable to attend this registration event may hand in a completed registration packet on any day after this date for consideration in our preschool program. Only complete registrations will be considered eligible for attendance in preschool. Your registration will NOT be considered complete until you receive an email from Broad Street indicating that your child's registration is complete. A completed registration does NOT equal a space in the program. You will be notified in June of 2025 if your child has been accepted into the Preschool program for the 2025-2026 school year. All completed registrations that were not accepted into the program will be added to a waiting list. All incomplete registrations will not be considered.

Pre-registration

- Registration packets are available in the main office or can be printed online at www.gtsdk8.us Please go under the PARENT TAB and then click on Student Registration.
