We, the graduating class of nineteen hundred and fifty three, dedicate our issue of the Crown Jewel to Mrs. Ruth Cook, one of our leading directors under the Big Top. With her kind and quiet advice, her friendly concern for our happiness and welfare, and her good-natured personality, she has helped us through our long years of academic struggle. It is with many thanks and much gratitude that the departing members of Lake Wales High School leave our record to her.

Hurry! Hurry! Hurry!

Step right up ladies and gents; here is the most unusual collection ever assembled under the Big Top. It's the highlights of our 1953 school year at LWS! All the games, won or lost; parties, pretty girls, hardworking boys, industrious teachers; they're all here in your Crown Jewel to help dust away the cobwebs from your memory and bring back your best ever year.
