

**ROCKY HILL PUBLIC SCHOOLS SPECIAL
EDUCATION AND PUPIL SERVICES
GUIDELINES FOR INDEPENDENT EDUCATION EVALUATIONS (IEE)**

According to state and federal special education laws, parents/guardians have the right to an independent educational evaluation of their child at public expense if they disagree with an evaluation of the child conducted by the Rocky Hill Public Schools (the “District”). The Rocky Hill Public Schools has established the following procedure for obtaining an Independent Educational Evaluation (IEE) and criteria for the selection of an appropriate evaluator. In accordance with applicable law, these criteria also apply to the outside evaluations performed by an outside evaluator selected by, and/or, at the request of the Rocky Hill Public Schools.

Definitions

An **Independent Educational Evaluation** (IEE) is an evaluation conducted by a qualified examiner who is not employed by the Rocky Hill Public Schools, which is the public agency responsible for the education of the child.

An **evaluation** means the formal testing and/or assessment procedures used to determine whether a child has a disability and the nature and extent of the special education and related services the child needs.

Public expense means that the District either pays for the full cost of the evaluation or ensures the evaluation is otherwise provided at no cost to the parents/guardians.

Procedure

Upon receipt of a request for an IEE by a parent/guardian, the school district will either: (a) initiate due process and a hearing to show that the evaluation of the child conducted by the District is appropriate or (b) provide an IEE at public expense, unless the District demonstrates through a due process hearing that the evaluation obtained by the parent/guardian did not meet the District's criteria. If the school district requests a hearing and the final decision is that the District's evaluation of the child is appropriate, the parent/guardian still has the right to an IEE, but not at public expense.

If, in response to the parent/guardian request for an IEE, the District decides to procure an independent evaluation, the district will provide names, addresses, and phone numbers of possible IEE evaluators who meet the district's criteria (*as set forth below*). The list will identify those evaluators who, in the district's judgment, are qualified to perform the evaluation requested by the parents. Parents may also select evaluators not included on the District's list, provided they fully satisfy all of the criteria set forth below.

Parents will be expected to contact the evaluator they have selected to conduct the IEE in a timely manner to schedule any necessary appointments.

Criteria for Outside Evaluators (*Independent Evaluators and Outside Evaluators Selected by the Rocky Hill Public Schools*)

Evaluators chosen to conduct independent evaluations must meet ***all*** of the criteria established by the district as follows:

2. Have clinical pediatric experience in evaluating and treating children in the area of disability being evaluated.
3. In the case of physicians, be Board Certified in the appropriate specialty area (pediatrics, care of children and adolescents, etc.)

B. Cost

Evaluators must charge fees for evaluation services which, in the judgment of the school district, are reasonable and customary for such evaluations. Evaluators will be asked to provide an estimate of the evaluation cost in accordance with District expectations for fees that are reasonable and customary for such evaluations.

C. Independence Requirement

The evaluator must not be an employee of the District.

D. Evaluation and Consultation Process

The evaluator must be permitted to directly communicate with school staff who work with the child in school and the members of the Planning and Placement Team, including the Pupil Services Supervisor and/or Director and to obtain information from the school and share information with the school. The evaluation process should include a review of records and administration of evaluation instruments that are sufficiently comprehensive to assess the child in all areas of suspected disability and identify all the child's special needs whether or not they are linked to the disability category in which the child has been classified.

E. Observations

The evaluator must obtain and consider school information and observations of the child in the school setting in the evaluation process and include such information in the written report. The evaluator must notify the District in advance of any observation of the child. Observations shall be conducted within 1.5 hours, absent the demonstration of exceptional circumstances.

F. Timeline Requirement

The evaluator must agree to provide the assessment information and results, including the results of teacher and parent checklists and surveys, in a written report to the district prior to receipt of payment for services. The evaluator will be expected to produce his/her

written report within forty-five (45) school days of the evaluation, subject to any contractual arrangement with the district or unusual circumstances which justify an extension of this timeline.

G. Compliance Evaluation Requirements and Confidentiality Requirements

The evaluator must comply with all requirements under the Individuals with Disabilities Education Act (IDEA) and the Connecticut State Department of Education regulations regarding the evaluation of children with disabilities. The evaluator must also comply with all applicable confidentiality requirements under state and federal law.

H. Location Limitations for Evaluators

Evaluators who will be considered for approval must be located within a radius of seventy-five miles. Evaluators outside of this geographic area will be approved only on an exceptional basis, provided that the parent can demonstrate the necessity of using personnel outside of this geographic area. The District shall not be responsible to provide transportation, nor pay any travel expenses, to and from the location of the evaluator. In the case of low incidence or severe disabilities where qualified evaluators may not exist in the geographic area, this requirement may be reconsidered by the District.

I. Additional Information

If the District has not conducted an evaluation of a child, the parent does not have a right to an IEE at public expense. The district has the right to conduct its evaluation(s) before a parent/guardian may seek an IEE at public expense. A parent/guardian is entitled to only one IEE at public expense each time the District conducts an evaluation.

J. Outside Evaluations Which are Not IEEs

Evaluations and/or assessments obtained by parents/guardians that do not meet the criteria for an IEE are considered outside evaluations for which parents/guardians are not entitled to reimbursement from or payment by the District. Nonetheless, if a parent/guardian decides to unilaterally obtain an outside evaluation and to share the results of such evaluation with the District, the school district will consider the evaluation at a PPT meeting, as appropriate.

K. Results/Findings

The results of an IEE procured by the district will be considered at a Planning and Placement Team Meeting.

L. Evaluators Meeting Criteria

A list of evaluators meeting district criteria will be provided upon request.
