Welcome to the DART Digital Literacy Curriculum for Low Level ESL Curriculum, written by Dr. Glenda Rose and Dr. Denise Guckert. This free ESL curriculum provides 20 paper-based lessons to teach digital literacy skills, starting with the basics of the alphabet and keyboard, and advancing to internet usage.

To request training on using this curriculum to teach, the PD coordinator at your program should reach out to a TCALL PD Specialist.

If you have a Dropbox account, click on this sentence to find instructions for adding this curriculum to your own Dropbox.

No Dropbox account? No problem! You have three options for accessing the curriculum:

1. Download all the files at once:
   a. Click on "Download" (just under and to the right of the words DART on the opening screen).
   b. The entire contents of this Dropbox folder will now be in the downloads folder on your computer.
   c. The materials will be in a zipped folder. Don't know how to extract files from a zipped folder? Click anywhere in this sentence for a tutorial.

2. Download the entire curriculum in a single pdf:
   a. Click on the folder DART Digital Literacy for Low Level ESL Curriculum.
   b. Click on DART V1.0 Curriculum to Print Double–Sided.pdf
   c. In the top, left-hand corner, click on "Download".
   d. A box *may* pop up asking you to create a Dropbox account. You don't have to. Click on "close" on that box.
   e. This will open the curriculum in a new tab, but you will also find the pdf in the downloads folder on your computer.

3. Access individual lessons and all accompanying materials:
   a. Click on DART V1.0 Download by Lesson - Individual Files
   b. Click on a lesson folder.
   c. Click on "Download" (just below the title of the folder).
   d. The entire contents of this folder will now be in the downloads folder on your computer.
