STUDENT ACCIDENT & SICKNESS PROGRAMS

Student injuries can represent pressing challenges for families as well as the district. Despite what many may think about the evolution of health care in the U.S., a significant number of students remain completely uninsured and underinsured for a variety of reasons. The risk of litigation against the school increases with every out-of-pocket dollar a family experiences.

Changes in the delivery of healthcare and personal finance

- ❗ Cost sharing obligations (e.g. co-insurance, deductibles, etc.) from individual or employer health plans have increased dramatically. ¹
- ❗ Choice of providers has become more limited as families discover their doctors and facilities are no longer participating in their network. ²
- ❗ While many students may be covered under Medicaid, lower reimbursement levels are resulting in less providers accepting Medicaid patients. ³
- ❗ Out-of-pocket spending for health care continues to be a leading hardship with medical debt being the #1 cause of bankruptcy in the US ⁴ due to "inadequate health care insurance" ⁵
- ❗ The Federal Reserve Bank of New York recently reported that household debt has reached an all-time high of \$18.04 trillion ⁶ while inflation has seen prices rise 23% since 2020. ⁷
- ❗ 63% of employees are unable to cover an unexpected \$500 expense ⁸; a concern when the average ER cost for a broken bone is \$10,000. ⁹

By providing Student Accident Insurance, schools can help families access and pay for the medical care needed by their children following covered school-related injuries.

Student Accident Insurance can also:

- ✓ Mitigate liability exposure and related costs to the school resulting from uninsured or underinsured school-related injuries
- ✓ Help families avoid serious financial hardship stemming from medical debt
- ✓ Facilitate compliance with relevant state law or Board policy (when applicable)
- ✓ Reduce the administrative load for staff
- ✓ Remove financial barriers for children participating in extracurricular/co-curricular activities
- ✓ Foster positive relationships with the community
- ✓ Help families avoid serious financial hardship
- ✓ Remove financial barriers for children participating in extracurricular/co-curricular activities

We do not pay for a service or supply unless it is Medically Necessary and listed in the Description of Benefits, below. Applicable benefits mandated by the state of residence will be included in the covered expenses. *Benefits below apply to all voluntary plans except the Dental Accident Plan.*

Secure data collection and financial management

All data collected is solely used for delivering agreed upon services. These include enrollment of students, billings, claims adjudication and underwriting.

We take security and fraud prevention very seriously and ensure that all data records, physical or digital, are stored in compliance with all applicable regulatory statutes in secured & temperature-controlled warehouses. Our systems allow for easy data retrieval with the ability to produce premium, enrollment, and claims reports as needed.

DISTRIBUTION

We will provide your schools with both fillable electronic and paper brochures forms detailing our coverage options. Parents/guardians of every enrolled student should receive a brochure on or before the start of the School Year for optimal results. To further assist in the delivery and distribution process, we offer the following services:

Our school clients can access real-time enrollment information to verify individual student coverage. We routinely provide our clients with detailed claims reports to help

them better evaluate risk exposures and sources of injury at each of their sites.

- Materials delivered when and where you indicate – individual sites, district office or district warehouse
- Real-time tracking – immediate confirmation of shipment status including date, delivery address and signature verification

COVERAGE VERIFICATION ENSURES RESULTS

Enrollees in our voluntary plans will receive personalized Insurance Verification cards.

We believe proof of coverage is important. With proof of coverage in hand, not only is it easier for parents to access the care their children need, but providers are more inclined to “bill the insurance” first.

This enables families to focus on recovery rather than fronting the costs of care.

The Disappearing Deductible is shown on the Schedule of benefits. **Emergency Sickness** means a Sickness of such a nature that failure to get immediate medical care could put the person's life in danger or cause serious harm to the person's bodily functions. **Injury** means accidental bodily harm sustained by a Covered Person that results directly from an Accident (independently of all other causes) and occurs while coverage under the Policy is in force. The Injury must be caused solely through external, violent and accidental means. All injuries sustained by one person in any one Accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury. **Medically Necessary or Medical Necessity** means the services or supplies provided by a Hospital, Doctor, or other provider that are required to identify or treat an Injury and that, as determined by The Company, are: (1) consistent with the symptom or diagnosis and treatment of Injury or Sickness; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Covered Person; and (4) the most appropriate supply or level of service that can be safely provided. When applied to the care of an Inpatient, it further means that the Person's medical symptoms or condition requires that the services cannot be safely provided as an outpatient. The fact that a Doctor may prescribe, authorize, or direct a service does not of itself make it Medically Necessary or covered by the Policy. **Other Valid and Collectible Insurance** means any: 1) group plan, program, or insurance policy; 2) any other group hospital, surgical or medical benefit plan; or 3) union welfare plans or group employer or employee benefit programs. Other Valid and Collectible Insurance will not include benefits provided by the United States Social Security Act, any individual health insurance plans or any individual disability insurance plans. **School Activity** means any activity that is sponsored and supervised by the School. It does not include camps or clinics relating to athletics or cheerleading that are sponsored, controlled and, or organized by any non-School group. **Sickness** means an illness, disease or infection commencing while coverage under the Policy is in force. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. **Usual, Customary and Reasonable Charge** means the prevailing amount charged by most providers for treatment, service or supplies in the geographic area where the treatment, service or supply is provided.

Excess Provision:

In order to keep premiums as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these plans and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount. (In Arizona: Does not apply to the Sickness-Only coverage under the *Student Accident & Sickness Plan*.)
